#### HOUSE CONCURRENT RESOLUTION NO. 41

WHEREAS, the sport of trapshooting is one of the three major forms of competitive clay pigeon shooting and is growing in popularity throughout the United States and Missouri; and

WHEREAS, the trapshooting games were originally meant for the hunters to develop their skills, but these shooting games have obtained international recognition and are encouraged by sports associations; and

WHEREAS, trapshooting is a sport where flying clay targets are fired at with a shot gun. Trapshooting is considered to be an exciting and challenging sport where many people, young and old, compete in trapshooting events; and

WHEREAS, trapshooting has been a sport since at least 1793 when it used real birds, usually the Passenger Pigeon, which was extremely abundant at the time. Fake birds were introduced around the time of the American Civil War as the Passenger Pigeon was nearing extinction. Clay targets were introduced in the 1880's; and

WHEREAS, Olympic trap is one of the International Shooting Sport Federation (ISSF) shooting events, introduced to the Olympic program in 1900. The current version of the sport was introduced in 1950; and

WHEREAS, the Amateur Trapshooting Association (ATA) is the primary governing body of American trapshooting and has launched a major initiative to attract more youth shooters; and

WHEREAS, a great deal of coordination and discipline is needed for trapshooting. Trapshooting sports test a player's skill in marksmanship and strategy and improve confidence of youth who may not possess the physical attributes to compete in other competitive sports offered at their schools; and

WHEREAS, the goal of any program of youth trapshooting should be to provide instruction and promote gun safety, personal responsibility, and sportsmanship among primary and secondary students; and

WHEREAS, the ATA and many state organizations also award scholarships to college-bound trapshooters based on citizenship, scholarship, and need. Many youth trapshooters are now attending college with the help of those scholarships; and

WHEREAS, our youth should have the opportunity and be encouraged to participate in this extracurricular activity in the same manner as other youth extracurricular activities, such as football, baseball, softball, basketball, track, scouting, or band; and

WHEREAS, the boards of education of every Missouri school district is encouraged to promote and include trapshooting as a high school sport:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-sixth General Assembly, First Regular Session, the Senate concurring therein, hereby encourage the school boards of every school district in the State of Missouri, in conjunction with the Missouri Youth Sport Shooting Alliance, to voluntarily promote and include trapshooting as a high school sport for the youth of our state; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for Commissioner of Education Chris L. Nicastro, the Missouri Youth Sport Shooting Alliance, and each school district in Missouri.

Mr. Speaker: Your Committee on General Laws, to which was referred **HB 720**, begs leave to report it has examined the same and recommends that it **Do Pass**, and pursuant to Rule 25(32)(f) be referred to the Committee on Rules.

Mr. Speaker: Your Committee on General Laws, to which was referred **SB 174**, begs leave to report it has examined the same and recommends that it **Do Pass with House Committee Substitute**, and pursuant to Rule 25(32)(f) be referred to the Committee on Rules.

# JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

---

SIXTY-FIRST DAY, TUESDAY, APRIL 26, 2011

The House met pursuant to adjournment.

Speaker Pro Tem Schoeller in the Chair.

Prayer by Representative Rodney Schad.

*Be very careful, then, how you live, not as unwise but as wise, making the most of every opportunity because the days are evil. Therefore, do not be foolish but understand what the Lord's will is. (Ephesians 5:15)*

Let's pray. Our Father in Heaven, You have placed us here not as important people but as people with important work to do. We need Your guidance today to stay focused on the work laid out before us. As we enter into the last weeks of this session, we ask, Father, that You be with us so that we will be careful in the way we live, in the way we interact with each other and in the way we deal with the pressures that may come our way. Guard us against any and all deception as we strive to do what You desire for Your people. Give us insight so that we may make the best of every opportunity that presents itself.

As we press on toward the end of session, we need Your wisdom to finalize the details of so many unresolved issues. Let our conversations be wholesome and beneficial to those who may hear us. Help us to be kind and compassionate and to put aside all anger and bitterness. We are reminded at this hour that many in our state are hurting and distraught from the impacts of the weather. Please bring them strength and comfort in the days ahead.

We thank You now for being our strength, our comforter, our provider, our counselor and our God. We pray in the name of Your son, Jesus. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Kyle Winkeler and Olivia Holley.

The Journal of the sixtieth day was approved as printed.

Prayer by Reverend Walter Simpson, First Christian Church (Disciples of Christ), Eldon, Missouri.

Almighty God, Creator and Sustainer of all the earth, humbly we pause to lift our thoughts to You. We offer our praise and thanks for Your ever-present mercy and love which You have so generously bestowed upon us.

Today we seek Your guidance and direction. Grant Your wisdom upon these who have been chosen to have oversight and care of the life of our state. 2. The purpose of this act is to prohibit the cruel and inhumane treatment of dogs [in puppy mills] **bred in large operations** by requiring large-scale dog breeding operations to provide each dog under their care with basic food and water, adequate shelter from the elements, necessary veterinary care, adequate space to turn around and stretch his or her limbs, and regular exercise.

3. Notwithstanding any other provision of law, any person having custody or ownership of more than ten female covered dogs for the purpose of breeding those animals and selling any offspring for use as a pet shall provide each covered dog:

- (1) Sufficient food and clean water;
- (2) Necessary veterinary care;
- (3) Sufficient housing, including protection from the elements;
- (4) Sufficient space to turn and stretch freely, lie down, and fully extend his or her limbs;

(1) "Adequate rest between breeding cycles" means, at minimum, ensuring that **female** dogs are not bred to produce more [than two] litters in any [eighteen-month] **given period than what is recommended by a licensed veterinarian as appropriate for the species, age, and health of the dog;**

(4) "Person" means any individual, firm, partnership, joint venture, association, limited liability company, corporation, estate, trust, receiver, or syndicate;

(5) "Pet" means any [domesticated animal] **species of the domestic dog, *Canis lupus familiaris*, or resultant hybrids,** normally maintained in or near the household of the owner thereof;

(6) "Regular exercise" means [constant and unfettered access to an outdoor exercise area that is composed of a solid ground-level surface with adequate drainage, provides some protection against sun, wind, rain, and snow, and provides each dog at least twice the square footage of the indoor floor space provided to that dog] **the type and amount of exercise sufficient to comply with an exercise plan that has been approved by a licensed veterinarian, developed in accordance with regulations regarding exercise promulgated by the Missouri department of agriculture, and where such plan affords the dog maximum opportunity for outdoor exercise as weather permits;**

(7) "Retail pet store" means a person or retail establishment open to the public where dogs are bought, sold, exchanged, or offered for retail sale directly to the public to be kept as pets, but that does not engage in any breeding of dogs for the purpose of selling any offspring for use as a pet;

(8) "Sufficient food and clean water" means access to appropriate nutritious food at least [once] **twice** a day sufficient to maintain good health, and continuous access to potable water that is not frozen and is **generally** free of debris, feces, algae, and other contaminants;

No dog shall remain inside its enclosure while the enclosure is being cleaned. Dogs housed within the same enclosure shall be compatible, in accordance with regulations promulgated by the Missouri department of agriculture;**

(c) [At least one foot of headroom above the head of the tallest dog in the enclosure; and

(d) At least twelve square feet of indoor floor space per each dog up to twenty-five inches long, at least twenty square feet of indoor floor space per each dog between twenty-five and thirty-five inches long, and at least thirty square feet of indoor floor space per each dog for dogs thirty-five inches and longer (with the length of the dog measured from the tip of the nose to the base of the tail)] **Appropriate space depending on the species of the animal, as specified in regulations by the Missouri department of agriculture, as revised, and in compliance with the provisions of subsection 7 of this section.**

[6. A person is guilty of the crime of puppy mill cruelty when he or she knowingly violates any provision of this section. The crime of puppy mill cruelty is a class C misdemeanor, unless the defendant has previously pled guilty to or been found guilty of a violation of this section, in which case each such violation is a class A misdemeanor. Each violation of this section shall constitute a separate offense. If any violation of this section meets the definition of animal abuse in section 578.012, the defendant may be charged and penalized under that section instead.

**3. For the purpose of this section, a water service line may be defined by local ordinance, but may not include the water meter or exceed that portion of water piping and related valves and connectors which extends from the water mains owned by the utility or municipality distributing public water supply to the first opportunity for a connection or joint beyond the point of entry into the premises receiving water service, and may not include facilities owned by the utility or municipality distributing public water supply. For purposes of this section, repair may be defined and limited by local ordinance, and may include replacement or repairs.**

**4. If a majority of the voters voting thereon approve the proposal authorized in subsection 1 of this section, the governing body of the city, town, or village may enact an ordinance for the collection of such fee. The**

funds collected under such ordinance shall be deposited in a special account to be used solely for the purpose of paying for the reasonable costs associated with and necessary to administer and carry out the water service line repairs as defined in the ordinance and, if sufficient revenues are available, to reimburse the necessary costs of water service line repair or replacement. All interest generated on deposited funds shall be accrued to the special account established for the repair of water service lines.

5. The city, town, or village may establish, as provided in the ordinance, regulations necessary for the administration of collections, claims, repairs, replacements and all other activities necessary and convenient for the implementation of any ordinance adopted and approved under this section. The city, town, or village may administer the program or may contract with one or more persons, through a competitive process, to provide for administration of any portion of implementation activities of any ordinance adopted and approved under this section, and reasonable costs of administering the program may be paid from the special account established under this section.

6. Notwithstanding any other provision of law to the contrary, the collector in any city, town, village or county that adopts an ordinance pursuant to this section, who now or hereafter collects any fee to provide for, ensure or guarantee the repair of water service lines, may add such fee to the general tax levy bills of property owners within the city, town, village or unincorporated area of the county. All revenues received on such combined bill which are for the purpose of providing for, ensuring or guaranteeing the repair of water service lines, shall be separated from all other revenues so collected and credited to the appropriate fund or account of the city, town, village or county. The collector of the city, town, village or county may collect such fee in the same manner and to the same extent as the collector now or hereafter may collect delinquent real estate taxes and tax bills."; and

Further amend the title and enacting clause accordingly.

*Senate Amendment No. 3*

AMEND Senate Committee Substitute for House Bill No. 142, Page 2, Section 55.030, Line 31, by inserting after all of said line the following:

**"67.451. Any city in which voters have approved fees to recover costs associated with enforcement of municipal housing, property maintenance, or nuisance ordinances may issue a special tax bill against the property where such ordinance violations existed. The officer in charge of finance shall cause the amount of unrecovered costs to be included in a special tax bill or added to the annual real estate tax bill for the property at the collecting official's option, and the costs shall be collected by the city collector or other official collecting taxes in the same manner and procedure for collecting real estate taxes. If the cost is not paid, the tax bill shall be considered delinquent, and the collection of the delinquent bill shall be governed by laws governing delinquent and back taxes. The tax bill shall be deemed a personal debt against the owner from the date of issuance, and shall also be a lien on the property until paid. Notwithstanding any provision of the city's charter to the contrary, the city may provide, by ordinance, that the city may discharge the special tax bill upon a determination by the city that a public benefit will be gained by such discharge, and such discharge shall include any costs of tax collection, accrued interest, or attorney fees related to the special tax bill.";** and

Further amend said bill and page, Section 475.115, Line 19, by inserting after all of said line the following:

**"479.011. 1. (1) The following cities may establish an administrative adjudication system under this section:**

- (a) Any city not within a county [or];**
- (b) Any home rule city with more than four hundred thousand inhabitants and located in more than one county;**

**and**

**(c) Any home rule city with more than seventy-three thousand but fewer than seventy-five thousand inhabitants.**

**(2) The cities listed in subdivision (1) of this subsection may establish, by order or ordinance, an administrative system for adjudicating housing, property maintenance, nuisance, parking, and other civil, nonmoving municipal code violations consistent with applicable state law. Such administrative adjudication system shall be subject to practice, procedure, and pleading rules established by the state supreme court, circuit court, or municipal court. This**

section shall not be construed to affect the validity of other administrative adjudication systems authorized by state law and created before August 28, 2004.

2. The order or ordinance creating the administrative adjudication system shall designate the administrative tribunal and its jurisdiction, including the code violations to be reviewed. The administrative tribunal may operate under the supervision of the municipal court, parking commission, or other entity designated by order or ordinance and in a manner consistent with state law. The administrative tribunal shall adopt policies and procedures for administrative hearings, and filing and notification requirements for appeals to the municipal or circuit court, subject to the approval of the municipal or circuit court.

3. The administrative adjudication process authorized in this section shall ensure a fair and impartial review of contested municipal code violations, and shall afford the parties due process of law. The formal rules of evidence shall not apply in any administrative review or hearing authorized in this section. Evidence, including hearsay, may be admitted only if it is the type of evidence commonly relied upon by reasonably prudent persons in the conduct of their affairs. The code violation notice, property record, and related documentation in the proper form, or a copy thereof, shall be prima facie evidence of the municipal code violation. The officer who issued the code violation citation need not be present.

4. An administrative tribunal may not impose incarceration or any fine in excess of the amount allowed by law. Any sanction, fine or costs, or part of any fine, other sanction, or costs, remaining unpaid after the exhaustion of, or the failure to exhaust, judicial review procedures under chapter 536 shall be a debt due and owing the city, and may be collected in accordance with applicable law.

5. Any final decision or disposition of a code violation by an administrative tribunal shall constitute a final determination for purposes of judicial review. Such determination is subject to review under chapter 536 or, at the request of the defendant made within ten days, a trial de novo in the circuit court. After expiration of the judicial review period under chapter 536, unless stayed by a court of competent jurisdiction, the administrative tribunal's decisions, findings, rules, and orders may be enforced in the same manner as a judgment entered by a court of competent jurisdiction. Upon being recorded in the manner required by state law or the uniform commercial code, a lien may be imposed on the real or personal property of any defendant entering a plea of nolo contendere, pleading guilty to, or found guilty of a municipal code violation in the amount of any debt due the city under this section and enforced in the same manner as a judgment lien under a judgment of a court of competent jurisdiction. **The city may also issue a special tax bill to collect fines issued for housing, property maintenance, and nuisance code violations.**"; and

Further amend the title and enacting clause accordingly.

*Senate Amendment No. 6*

AMEND Senate Committee Substitute for House Bill No. 142, Page 2, Section 55.030, Line 31, by inserting after all of said line the following:

**"67.314. 1. The provisions of this section shall apply to contracts for construction awarded by political subdivisions of the state of Missouri and shall be known as the "Political Subdivision Construction Bidding Standards Act".**

**2. Any political subdivision of the state authorizing the construction of facilities which may exceed an expenditure of twenty-five thousand dollars shall publicly advertise:**

**(1) Through publication in a central repository developed by the office of administration, or a private firm under contract with the office of administration, at no cost to the state;**

**(2) On the political subdivision's website, so long as it has a link to the office of administration's central repository;**

**(3) In a newspaper of general circulation located within the same county as the political subdivision is located, or in an adjoining county if there is no newspaper in the same county, for once a week for two consecutive weeks; or**

**(4) Through publication, at no cost to the political subdivision, in a central repository developed by an organization representing political subdivisions. The organization may charge appropriate fees for access to bid solicitations.**

**3. The political subdivision may, in addition to advertising in the manner described in subsection 2 of this section, also advertise in business, trade, or minority newspapers.**

**4. For purposes of this section, the term "construction of facilities" shall mean the construction, alteration, or repair of any structure, including but not limited to buildings, highways, bridges, streets, viaducts,**

water or sewer lines or systems, or pipelines. The term shall include any demolition, moving, or excavation connected therewith, and the furnishing of surveying, construction engineering, planning or management services, or labor, material, or equipment, as required to perform work under the contract for construction.

5. Nothing in this section shall be construed to require the design or engineering of any project, as the term "project" is defined in section 8.287, to be awarded by competitive bidding if the contract for such services is under a separate contract from the contract for construction and is awarded under sections 8.285 to 8.291, or to construction management services governed by sections 8.675 to 8.687. Neither shall this section be construed to apply to contracts awarded for the "design/build" method of project delivery, if the political subdivision's procurement of "design/build" projects is otherwise authorized by law, local charter, ordinance, order, or resolution. The advertising requirements contained in this section shall not apply when a political subdivision has publicly stated, in writing, that because of the unique nature or limited availability of material, equipment, or skills for a construction project of the type described in subsection 2 of this section, the political subdivision is using a sole source method to award a construction contract. Nothing in this subsection shall be construed to relieve the political subdivision from the requirement to seek and obtain a bid from the company or firm to whom the contract will be awarded.

6. The provisions of this section shall not apply to any political subdivision required to advertise, solicit, award, and reject bids in compliance with:

(1) Other Missouri statutes, state rules, and federal and state funding requirements applicable to the specific political subdivision which are in effect on August 28, 2011, or as such requirements may be enacted or amended; or

(2) Any provision of a local charter, ordinance, order, resolution, or policy applicable to the specific political subdivision which is in effect or which is subsequently adopted by the political subdivision after August 28, 2011, as long as such state or local provisions require the political subdivision to meet equivalent or stricter competitive bidding requirements for construction as are contained in this section.

7. No bids shall be entertained by a political subdivision which are not made in accordance with the specifications furnished by the political subdivision and all contracts shall be awarded to the lowest and best bidder complying with the terms of the letting, provided that the political subdivision shall have the right to reject any and all bids.

8. All bidding shall conform to the following procedures:

(1) No bid shall be opened: in advance of the advertised deadline for submission of bids; or in a place other than that specified in the original solicitation of bids or in an amendment to the solicitation communicated in advance to all known bidders;

(2) No bid shall be accepted unless it is sealed and is in writing. If the letting of the project for which bids were solicited is cancelled, bids shall be returned to the bidders unopened;

(3) No bid shall be accepted after the advertised deadline for acceptance of bids;

(4) All bids received shall be held secure and confidential from all persons until the bids are opened pursuant to subdivision (1) of this subsection. Bids shall only be opened in public;

(5) Nothing in this section shall be construed to prohibit acceptance and processing of bids through an established program of electronic bidding by computer, provided bids accepted and processed electronically shall meet standards of confidentiality comparable to requirements for written bids established by this section.

9. Failure of the political subdivision to follow any of the procedures described in this section shall result in the contract being voided and the political subdivision shall rebid the contract in accordance with the provisions of this section.

10. Any person who would have submitted a bid except for failure of the political subdivision to advertise the contract pursuant to this section shall have standing to seek equitable relief in a court of competent jurisdiction within fifteen business days of the date the political subdivision opened the bids for the contract, but the only remedy that may be imposed by the court is ordering the contract to be rebid.

11. Nothing in this section shall be construed to require acceptance of a bid which exceeds the amount estimated by the political subdivision for the contract, nor shall anything in this section prohibit a political subdivision from awarding contracts without competitive bidding when the political subdivision deems it necessary to remove an immediate danger to the public health or safety, to prevent loss to public or private property which requires government action, or to prevent an interruption of or to restore an essential public service, however, the political subdivision shall produce a written public record documenting the need to contract for such services without competitive bidding."; and

Further amend the title and enacting clause accordingly.

"50.622. Any county may amend the annual budget during any fiscal year in which the county receives additional funds **or a decrease in funds**, and such amount or source, including but not limited to, federal or state grants or private donations, could not be estimated when the budget was adopted. The county shall follow the same procedures as required in sections 50.525 to 50.745 for adoption of the annual budget to amend its budget during a fiscal year."; and

Further amend the title and enacting clause accordingly.

*Senate Amendment No. 8*

AMEND Senate Committee Substitute for House Bill No. 142, Page 2, Section 55.030, Line 31, by inserting after all of said line the following:

"67.1521. 1. A district may levy by resolution one or more special assessments against real property within its boundaries, upon receipt of and in accordance with a petition signed by:

(1) Owners of real property collectively owning more than fifty percent by assessed value of real property within the boundaries of the district; and

(2) More than fifty percent per capita of the owners of all real property within the boundaries of the district.

2. The special assessment petition shall be in substantially the following form:

The ..... (insert name of district) Community Improvement District ("District") shall be authorized to levy special assessments against real property benefited within the District for the purpose of providing revenue for ..... (insert general description of specific service and/or projects) in the district, such special assessments to be levied against each tract, lot or parcel of real property listed below within the district which receives special benefit as a result of such service and/or projects, the cost of which shall be allocated among this property by ..... (insert method of allocation, e.g., per square foot of property, per square foot on each square foot of improvement, or by abutting foot of property abutting streets, roads, highways, parks or other improvements, or any other reasonable method) in an amount not to exceed ..... dollars per (insert unit of measure). Such authorization to levy the special assessment shall expire on ..... (insert date). The tracts of land located in the district which will receive special benefit from this service and/or projects are: ..... (list of properties by common addresses and legal descriptions).

3. The method for allocating such special assessments set forth in the petition may be any reasonable method which results in imposing assessments upon real property benefited in relation to the benefit conferred upon each respective tract, lot or parcel of real property and the cost to provide such benefit.

4. By resolution of the board, the district may levy a special assessment rate lower than the rate ceiling set forth in the petition authorizing the special assessment and may increase such lowered special assessment rate to a level not exceeding the special assessment rate ceiling set forth in the petition without further approval of the real property owners; provided that a district imposing a special assessment pursuant to this section may not repeal or amend such special assessment or lower the rate of such special assessment if such repeal, amendment or lower rate will impair the district's ability to pay any liabilities that it has incurred, money that it has borrowed or obligations that it has issued.

5. Each special assessment which is due and owing shall constitute a perpetual lien against each tract, lot or parcel of property from which it is derived. Such lien may be foreclosed in the same manner as any other special assessment lien as provided in section 88.861 **or, at the option of the county collector, and upon certification by the district for collection, each special assessment may be added to the annual real estate tax bill for the property and collected by the county collector in the same manner and procedure for collecting real estate taxes. Each special assessment remaining unpaid on the first day of January annually is delinquent and enforcement of collection of the delinquent bill by the county collector shall be governed by the laws concerning delinquent and back taxes. The lien may be foreclosed in the same manner as a tax upon real property by land tax sale under chapter 140 or, if applicable to that county, chapter 141.**

6. A separate fund or account shall be created by the district for each special assessment levied and each fund or account shall be identifiable by a suitable title. The proceeds of such assessments shall be credited to such fund or account. Such fund or account shall be used solely to pay the costs incurred in undertaking the specified service or project.

7. Upon completion of the specified service or project or both, the balance remaining in the fund or account established for such specified service or project or both shall be returned or credited against the amount of the original assessment of each parcel of property pro rata based on the method of assessment of such special assessment.

8. Any funds in a fund or account created pursuant to this section which are not needed for current expenditures may be invested by the board in accordance with applicable laws relating to the investment of funds of the city in which the district is located.

9. The authority of the district to levy special assessments shall be independent of the limitations and authorities of the municipality in which it is located; specifically, the provisions of section 88.812 shall not apply to any district."; and

Further amend the title and enacting clause accordingly.

The first biennial school election for directors shall be held in the urban district at the time provided in subsection 1 which is on the date of or subsequent to the expiration of the terms of the directors of the prior district which are first to expire, and directors shall be elected to succeed the directors of the prior district whose terms have expired. **5. # JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

---

SIXTY-THIRD DAY, THURSDAY, APRIL 28, 2011

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

*Love bears all things, believes all things, hopes all things, endures all things. (I Corinthians 13:7)*

O God, fount of all that is good and true and beautiful, Whose love endures forever, we thank You for the reverence which lifts our hearts to what is real, and for the love of home that reflects Your gracious spirit. Bless, we pray You, those whom You have brought together. May our consecration be beautiful and everlasting.

We invoke Your blessing upon our labors this day that we may help to build a better world in which men and women can live together in peace and good will and in which their children may grow into fuller manhood and finer womanhood. Teach us that only through love can we begin to perceive the divine mysteries of life and the true glory of our relationships.

Blest be the tie that binds our hearts in steadfast love; the fellowship of kindred minds is like to that which is above. And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Kelsey Lehmen and Nya Christina Brent.

The Journal of the sixty-second day was approved as corrected.

# JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

---

SIXTY-FOURTH DAY, MONDAY, MAY 2, 2011

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Reverend Sam J. Hinkle, Senior Pastor, River Church, Warsaw, Missouri.

*For I know the plans I have for you," declares the Lord, "plans to prosper you and not to harm you, plans to give you hope and a future. Then you will call upon me and come and pray to me, and I will listen to you. You will seek me and find me when you seek me with all your heart. (Jeremiah 29:11-13 NIV)*

Will you bow your heads with me now!

Gracious Heavenly Father, we thank You for Your mercy, grace and provision for this day. Thank You for all these great statesmen and stateswomen that have been placed in this place to help lead and direct the great state of Missouri. Thank You Lord for their willingness to serve our state and our nation! For truly, their decisions will impact not only our state, but our nation, and our world! So dear Lord, lead them and show them the plans that You have for this day and time. You said in Your Word that You have, "...plans to prosper you and not harm you, plans to give you hope and a future."

Father, we pray for Missourians to keep their hope and faith in You for the future. Lord, give them peace and patience as so many changes are happening all around us. We call upon You now and come to You seeking Your will and Your way for all Missourians this day!

Lord, thank You for protecting us from all those that are seeking to destroy this great nation and its freedom! Reveal their plans and may they be thwarted.

We ask You to bless and protect all of our military at home or abroad. Bless and protect their families that are at home waiting for their safe return. God bless and receive those that have given their lives serving this nation! Thank God for all our heroes!

Again, Heavenly Father, thank You for giving these great men and women today the wisdom, the understanding, the peace, the unity and the grace to make wise decisions for this day! In the name of Jesus, we pray! Amen and Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the sixty-third day was approved as printed.

"196.1109. All moneys that are appropriated by the general assembly from the life sciences research trust fund shall be appropriated to the life sciences research board to increase the capacity for quality of life sciences research at public and private not-for-profit institutions in the state of Missouri and to thereby:

4. The life sciences research board shall utilize as much of the moneys as reasonably possible for building capacity at public and private not-for-profit institutions to do research rather than for administrative expenses. The board shall not in any fiscal year expend more than two percent of the total moneys appropriated to it and of the moneys that it has in reserve or has received from other sources for its own administrative expenses **for appropriations over twenty million dollars; three percent for appropriations less than twenty million dollars but more than fifteen million dollars; four percent for appropriations less than fifteen million dollars but more than ten million dollars; five percent for appropriations less than ten million dollars;** provided, however, that the general assembly by appropriation from the life sciences research trust fund may authorize a limited amount of additional moneys to be expended for administrative costs."; and

"32.115. 1. The department of revenue shall grant a tax credit, to be applied in the following order until used, against:

- (1) The annual tax on gross premium receipts of insurance companies in chapter 148;
- (2) The tax on banks determined pursuant to subdivision (2) of subsection 2 of section 148.030;
- (3) The tax on banks determined in subdivision (1) of subsection 2 of section 148.030;
- (4) The tax on other financial institutions in chapter 148;

- (5) The corporation franchise tax in chapter 147;
- (6) The state income tax in chapter 143; and
- (7) The annual tax on gross receipts of express companies in chapter 153.

2. For proposals approved pursuant to section 32.110:

(1) The amount of the tax credit shall not exceed fifty percent of the total amount contributed during the taxable year by the business firm or, in the case of a financial institution, where applicable, during the relevant income period in programs approved pursuant to section 32.110;

(2) Except as provided in subsection 2 or 5 of this section, a tax credit of up to seventy percent may be allowed for contributions to programs where activities fall within the scope of special program priorities as defined with the approval of the governor in regulations promulgated by the director of the department of economic development;

(3) Except as provided in subsection 2 or 5 of this section, the tax credit allowed for contributions to programs located in any community shall be equal to seventy percent of the total amount contributed where such community is a city, town or village which has fifteen thousand or less inhabitants as of the last decennial census and is located in a county which is either located in:

- (a) An area that is not part of a standard metropolitan statistical area;
- (b) A standard metropolitan statistical area but such county has only one city, town or village which has more than fifteen thousand inhabitants; or

(c) A standard metropolitan statistical area and a substantial number of persons in such county derive their income from agriculture. Such community may also be in an unincorporated area in such county as provided in subdivision (1), (2) or (3) of this subsection. Except in no case shall the total economic benefit of the combined federal and state tax savings to the taxpayer exceed the amount contributed by the taxpayer during the tax year;

(4) Such tax credit allocation, equal to seventy percent of the total amount contributed, shall not exceed four million dollars in fiscal year 1999 and six million dollars in fiscal year 2000 and any subsequent fiscal year. When the maximum dollar limit on the seventy percent tax credit allocation is committed, the tax credit allocation for such programs shall then be equal to fifty percent credit of the total amount contributed. Regulations establishing special program priorities are to be promulgated during the first month of each fiscal year and at such times during the year as the public interest dictates. Such credit shall not exceed two hundred and fifty thousand dollars annually except as provided in subdivision (5) of this subsection. No tax credit shall be approved for any bank, bank and trust company, insurance company, trust company, national bank, savings association, or building and loan association for activities that are a part of its normal course of business. Any tax credit not used in the period the contribution was made may be carried over the next five succeeding calendar or fiscal years until the full credit has been claimed. Except as otherwise provided for proposals approved pursuant to section 32.111, 32.112 or 32.117, in no event shall the total amount of all other tax credits allowed pursuant to sections 32.100 to 32.125 exceed thirty-two million dollars in any one fiscal year, of which six million shall be credits allowed pursuant to section 135.460. If six million dollars in credits are not approved, then the remaining credits may be used for programs approved pursuant to sections 32.100 to 32.125;

(5) The credit may exceed two hundred fifty thousand dollars annually and shall not be limited if community services, crime prevention, education, job training, physical revitalization or economic development, as defined by section 32.105, is rendered in an area defined by federal or state law as an impoverished, economically distressed, or blighted area or as a neighborhood experiencing problems endangering its existence as a viable and stable neighborhood, or if the community services, crime prevention, education, job training, physical revitalization or economic development is limited to impoverished persons.

3. For proposals approved pursuant to section 32.111:

(1) The amount of the tax credit shall not exceed fifty-five percent of the total amount invested in affordable housing assistance activities or market rate housing in distressed communities as defined in section 135.530 by a business firm. Whenever such investment is made in the form of an equity investment or a loan, as opposed to a donation alone, tax credits may be claimed only where the loan or equity investment is accompanied by a donation which is eligible for federal income tax charitable deduction, and where the total value of the tax credits herein plus the value of the federal income tax charitable deduction is less than or equal to the value of the donation. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. If the affordable housing units or market rate housing units in distressed communities for which a tax is claimed are within a larger structure, parts of which are not the subject of a tax credit claim, then expenditures applicable to the entire structure shall be reduced on a prorated basis in proportion to the ratio of the number of square feet devoted to the affordable housing units or market rate housing units in distressed communities, for purposes of determining the amount of the tax credit. The total amount of tax credit granted for programs approved pursuant to section 32.111 for the fiscal year beginning July 1, 1991, shall not exceed two million dollars, to be increased by no more

than two million dollars each succeeding fiscal year, until the total tax credits that may be approved reaches ten million dollars in any fiscal year;

(2) For any year during the compliance period indicated in the land use restriction agreement, the owner of the affordable housing rental units for which a credit is being claimed shall certify to the commission that all tenants renting claimed units are income eligible for affordable housing units and that the rentals for each claimed unit are in compliance with the provisions of sections 32.100 to 32.125. The commission is authorized, in its discretion, to audit the records and accounts of the owner to verify such certification;

(3) In the case of owner-occupied affordable housing units, the qualifying owner occupant shall, before the end of the first year in which credits are claimed, certify to the commission that the occupant is income eligible during the preceding two years, and at the time of the initial purchase contract, but not thereafter. The qualifying owner occupant shall further certify to the commission, before the end of the first year in which credits are claimed, that during the compliance period indicated in the land use restriction agreement, the cost of the affordable housing unit to the occupant for the claimed unit can reasonably be projected to be in compliance with the provisions of sections 32.100 to 32.125. Any succeeding owner occupant acquiring the affordable housing unit during the compliance period indicated in the land use restriction agreement shall make the same certification;

(4) If at any time during the compliance period the commission determines a project for which a proposal has been approved is not in compliance with the applicable provisions of sections 32.100 to 32.125 or rules promulgated therefor, the commission may within one hundred fifty days of notice to the owner either seek injunctive enforcement action against the owner, or seek legal damages against the owner representing the value of the tax credits, or foreclose on the lien in the land use restriction agreement, selling the project at a public sale, and paying to the owner the proceeds of the sale, less the costs of the sale and less the value of all tax credits allowed herein. The commission shall remit to the director of revenue the portion of the legal damages collected or the sale proceeds representing the value of the tax credits. However, except in the event of intentional fraud by the taxpayer, the proposal's certificate of eligibility for tax credits shall not be revoked.

4. For proposals approved pursuant to section 32.112, the amount of the tax credit shall not exceed fifty-five percent of the total amount contributed to a neighborhood organization by business firms. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. The total amount of tax credit granted for programs approved pursuant to section 32.112 shall not exceed one million dollars for each fiscal year.

5. The total amount of tax credits used for market rate housing in distressed communities pursuant to sections 32.100 to 32.125 shall not exceed thirty percent of the total amount of all tax credits authorized pursuant to sections 32.111 and 32.112.

**6. Notwithstanding any provision of law to the contrary, no tax credits provided under sections 32.100 to 32.125 shall be authorized on or after August 28, 2015. The provisions of this subsection shall not be construed to limit or in any way impair the department's ability to issue tax credits authorized prior to August 28, 2015, or a taxpayer's ability to redeem such tax credits.";** and

All rulemaking authority delegated prior to June 27, 1997, is of no force and effect and repealed; however, nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to June 27, 1997, if such rule complied with the provisions of chapter 536. The provisions of this section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, including the ability to review, to delay the effective date, or to disapprove and annul a rule or portion of a rule, are subsequently held unconstitutional, then the purported grant of rulemaking authority and any rule so proposed and contained in the order of rulemaking shall be invalid and void.

4. The tax credits allowed by this section shall be claimed by the taxpayer to offset the taxes that become due in the taxpayer's tax period in which the contribution was made. Any tax credit not used in such tax period may be carried over the next five succeeding tax periods.

thousand dollars per taxable year. However, any tax credit that cannot be claimed in the taxable year the contribution was made may be carried over to the next four succeeding taxable years until the full credit has been claimed.

4. Except for any excess credit which is carried over pursuant to subsection 3 of this section, a taxpayer shall not be allowed to claim a tax credit unless the total amount of such taxpayer's contribution or contributions to a pregnancy resource center or centers in such taxpayer's taxable year has a value of at least one hundred dollars.

5. The director shall determine, at least annually, which facilities in this state may be classified as pregnancy resource centers. The director may require of a facility seeking to be classified as a pregnancy resource center whatever information which is reasonably necessary to make such a determination. The director shall classify a facility as a pregnancy resource center if such facility meets the definition set forth in subsection 1 of this section.

6. The director shall establish a procedure by which a taxpayer can determine if a facility has been classified as a pregnancy resource center. Pregnancy resource centers shall be permitted to decline a contribution from a taxpayer. The cumulative amount of tax credits which may be claimed by all the taxpayers contributing to pregnancy resource centers in any one fiscal year shall not exceed two million dollars. Tax credits shall be issued in the order contributions are received.

7. The director shall establish a procedure by which, from the beginning of the fiscal year until some point in time later in the fiscal year to be determined by the director, the cumulative amount of tax credits are equally apportioned among all facilities classified as pregnancy resource centers. If a pregnancy resource center fails to use all, or some percentage to be determined by the director, of its apportioned tax credits during this predetermined period of time, the director may reapportion these unused tax credits to those pregnancy resource centers that have used all, or some percentage to be determined by the director, of their apportioned tax credits during this predetermined period of time. The director may establish more than one period of time and reapportion more than once during each fiscal year. To the maximum extent possible, the director shall establish the procedure described in this subsection in such a manner as to ensure that taxpayers can claim all the tax credits possible up to the cumulative amount of tax credits available for the fiscal year.

8. Each pregnancy resource center shall provide information to the director concerning the identity of each taxpayer making a contribution to the pregnancy resource center who is claiming a tax credit pursuant to this section and the amount of the contribution. The director shall provide the information to the director of revenue. The director shall be subject to the confidentiality and penalty provisions of section 32.057 relating to the disclosure of tax information.

9. Notwithstanding any other law to the contrary, any tax credits granted under this section may be assigned, transferred, sold, or otherwise conveyed without consent or approval. Such taxpayer, hereinafter the assignor for purposes of this section, may sell, assign, exchange, or otherwise transfer earned tax credits:

- (1) For no less than seventy-five percent of the par value of such credits; and
- (2) In an amount not to exceed one hundred percent of annual earned credits.

10. [Pursuant to section 23.253 of the Missouri sunset act:

(1) Any new program authorized under this section shall automatically sunset six years after August 28, 2006, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and

I disapprove of **Conference Committee Substitute for Senate Substitute for House Committee Substitute for House Bill No. 193**. My reasons for disapproval are as follows:

**Conference Committee Substitute for Senate Substitute for House Committee Substitute for House Bill No. 193** does not adequately protect the interests of all Missourians. I have taken this action expeditiously in order to provide the General Assembly the opportunity to pass legislation with appropriate congressional district boundaries during the current legislative session.

May 2, 2011

TO THE CHIEF CLERK OF THE  
HOUSE OF REPRESENTATIVES  
96th GENERAL ASSEMBLY  
FIRST REGULAR SESSION  
STATE OF MISSOURI

Herewith I return to you **Senate Substitute for Senate Committee Substitute for House Bill No. 209** entitled:

"AN ACT"

To repeal sections 67.402, 226.720, and 537.296, RSMo, and to enact in lieu thereof three new sections relating to nuisance actions, with penalty provisions.

I disapprove of **Senate Substitute for Senate Committee Substitute for House Bill No. 209**. My reasons for disapproval are as follows:

**Senate Substitute for Senate Committee Substitute for House Bill No. 209** is flawed because certain of its provisions apply to nuisances not related to crop or animal production, and because it prohibits recovery of punitive damages in nuisance actions emanating from property used for crop or animal production.

**Senate Substitute for Senate Committee Substitute for House Bill No. 209** is overbroad because it goes beyond its purported intent of addressing only agricultural nuisances. Section 537.296.3 of **Senate Substitute for Senate Committee Substitute for House Bill No. 209** converts a second temporary nuisance claim to a claim for permanent nuisance, but importantly, does not contain language limiting its application to nuisances emanating from crop or animal production. By contrast, the exclusive damages provision of **Senate Substitute for Senate Committee Substitute for House Bill No. 209** and the "good faith" abatement provision of **Senate Substitute for Senate Committee Substitute for House Bill No. 209** are expressly limited to "crop or animal production." By its own terms, therefore, the two lawsuit limitation in Section 537.296.3 applies to all types of nuisances and not just those relating to crop or animal production. Application of this provision beyond the purported intent of the bill, and the unintended consequences of this application, necessitates my disapproval.

Similarly, Section 537.296.5 of **Senate Substitute for Senate Committee Substitute for House Bill No. 209** makes substantive changes to standing requirements, but again does not contain language limiting it to nuisances emanating from crop or animal production. The omission of language limiting this provision to crop or animal production has the presumably unintended effect of making all manner of nuisances – those involving blasting, vehicle exhaust, noise, dust, or leaking gas tanks or oil lines, to name just a few – subject to the standing provision of this bill and making changes to nuisance law not contemplated by either the proponents or opponents of **Senate Substitute for Senate Committee Substitute for House Bill No. 209**.

Finally, **Senate Substitute for Senate Committee Substitute for House Bill No. 209** unacceptably prohibits punitive damages in a nuisance action arising out of crop or animal production. Under Missouri law, punitive damages are recoverable in a temporary nuisance action, i.e., where the nuisance is capable of abatement, and in a permanent nuisance action, i.e., where the nuisance cannot be abated. These damages are currently recoverable for agricultural and non-agricultural nuisances. Section 537.296.2 of **Senate Substitute for Senate Committee Substitute for House Bill No. 209** changes Missouri law to provide that the "exclusive damages" awardable in temporary and permanent nuisance actions emanating from crop or animal production are the reduction in fair rental value or fair market value, plus compensatory damages arising from a medical condition caused by the nuisance. This exclusivity provision does not contain an exception for punitive damages. On its face, therefore, **Senate Substitute for Senate Committee Substitute for House Bill No. 209** turns back decades of Missouri common law by prohibiting the recovery of punitive damages in an agricultural nuisance action. The recovery of punitive damages is an important tool to incent the abatement of noxious activity, and must continue to be available to persons aggrieved by a nuisance arising out of crop or animal production.

In accordance with the above stated reasons for disapproval, I am returning **Senate Substitute for Senate Committee Substitute for House Bill No. 209** without my approval.

Respectfully submitted,

# JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

---

SIXTY-FIFTH DAY, TUESDAY, MAY 3, 2011

The House met pursuant to adjournment.

Speaker Pro Tem Schoeller in the Chair.

Prayer by Pastor Charles R. Curtman, Cornerstone Baptist Church, Wildwood, Missouri.

Dear Heavenly Father,

We want to thank You today that You are a holy and righteous God; and in these times especially, we are reminded and grateful that You are longsuffering and patient with the children of men.

We thank You today for this land You have given to us, a land so situated and so bountiful that it has provided us with a security and prosperity unprecedented in the history of nations. And as we thank You for this land, we also want to thank You for the guidance You gave to our forefathers in framing a system of government that would place us under a rule of law, and not under the arbitrary rule of fickle men - we thank You for this Constitutional Republic designed to protect and promote the individual freedom, and therefore the happiness of the people of these United States of America.

Today we realize that as Americans we have, as we have always had, a sacred responsibility for the stewardship of this land and these liberties that You have entrusted to us. In keeping with this help us, in these urgent times, to act upon Your promise in 2 Chronicles 7:14: "If my people, which are called by my name will humble themselves and pray, and seek my face, and turn from their wicked ways, then, will I hear from Heaven, and will forgive their sin, and will heal their land."

And so, we ask that You would help this body of Congressmen and women today to represent and lead, not in the interest of collectivism or the advancement of a totalitarian state, but in the interests of those principles that are embedded in our Constitution and that undergird our Constitutional Republic and the furtherance of individual freedom. We pray that you will impart to them a spirit of selflessness, courage and commitment to the cause of freedom and a consciousness of their accountability to You for all that they do. Bless these legislators in their work today; watch over and protect their families, as they are absent from them.

We ask all these things in the name of Your Son, Jesus Christ and for His sake. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Morgan McGhee.

The Journal of the sixty-fourth day was approved as printed.

4. Whenever the state highways and transportation commission finds that any state highway bridge in the state is in such a condition that use of such bridge by vehicles of the weights specified in subsection 3 of this section will endanger the bridge, or the users of the bridge, the commission may establish maximum weight limits and speed limits for vehicles using such bridge. The governing body of any city or county may grant authority by act or ordinance to the state highways and transportation commission to enact the limitations established in this section on those roadways within the purview of such city or county. Notice of the weight limits and speed limits established by the commission shall be given by posting signs at a conspicuous place at each end of any such bridge.

5. Nothing in this section shall be construed as permitting lawful axle loads, tandem axle loads or gross loads in excess of those permitted under the provisions of Section 127 of Title 23 of the United States Code.

6. Notwithstanding the weight limitations contained in this section, any vehicle or combination of vehicles operating on highways other than the interstate highway system may exceed single axle, tandem axle and gross weight

Section 127, as amended. In no case shall the additional weight increase allowed by this subsection be greater than four hundred pounds. Upon request by an appropriate law enforcement officer, the vehicle operator shall provide proof that the idle reduction technology is fully functional at all times and that the gross weight increase is not used for any purpose other than for the use of idle reduction technology.

9. Notwithstanding subsection 3 of this section or any other provision of law to the contrary, the total gross weight of any vehicle or combination of vehicles hauling livestock **or agricultural products** may be as much as, but shall not exceed, eighty-five thousand five hundred pounds [while operating on U.S. Highway 36 from St. Joseph to U.S. Highway 65, and on U.S. Highway 65 from the Iowa state line to U.S. Highway 36]. **The provisions of this subsection, however, shall not apply to vehicles operated on the Dwight D. 10. Notwithstanding the provisions of sections 107.170, and 227.100, to the contrary, the commission shall require the design-builder to provide to the commission directly such bid, performance and payment bonds, or such letters of credit, in such terms, durations, amounts, and on such forms as the commission may determine to be adequate for its protection and provided by a surety or sureties authorized to conduct surety business in the state of Missouri or a federally insured financial institution or institutions, satisfactory to the commission, including but not limited to:

(1) A bid or proposal bond, cash or a certified or cashier's check;

(2) A performance bond or bonds for the construction period specified in the design-build highway project contract equal to a reasonable estimate of the total cost of construction work under the terms of the design-build highway project contract. If the commission determines in writing supported by specific findings that the reasonable estimate of the total cost of construction work under the terms of the design-build highway project contract is expected to exceed two-hundred fifty million dollars and a performance bond or bonds in such amount is impractical, the commission shall set the performance bond or bonds at the largest amount reasonably available, but not less than two-hundred fifty million dollars, and may require additional security, including but not limited to letters of credit, for the balance of the estimate not covered by the performance bond or bonds;

(3) A payment bond or bonds that shall be enforceable under section 522.300 for the protection of persons supplying labor and material in carrying out the construction work provided for in the design-build highway project contract. The aggregate amount of the payment bond or bonds shall equal a reasonable estimate of the total amount payable for the cost of construction work under the terms of the design-build highway project contract unless the commission determines in writing supported by specific findings that a payment bond or bonds in such amount is impractical, in which case the commission shall establish the amount of the payment bond or bonds; except that the amount of the payment bond or bonds shall not be less than the aggregate amount of the performance bond or bonds and any additional security to such performance bond or bonds; and

(4) Upon award of the design-build highway project contract, the sum of the performance bond and any required additional security established under subdivisions (2) and (3) of this subsection shall be stated, and shall be a matter of public record.

11. The commission is authorized to prescribe the form of the contracts for the work.

12. The commission is empowered to make all final decisions concerning the performance of the work under the design-build highway project contract, including claims for additional time and compensation.

13. The provisions of sections 8.285 to 8.291 shall not apply to the procurement of architectural, engineering or land surveying services for the design-build highway project, except that any person providing architectural, engineering or land surveying services for the design-builder on the design-build highway project must be licensed in Missouri to provide such services.

14. The commission shall pay a reasonable stipend to prequalified responsive design-builders who submit a proposal, but are not awarded the design-build highway project.

15. The commission shall comply with the provisions of any act of congress or any regulations of any federal administrative agency which provides and authorizes the use of federal funds for highway projects using the design-build process.

16. The commission shall promulgate administrative rules to implement this section or to secure federal funds. Such rules shall be published for comment in the Missouri Register and shall include prequalification criteria, the make-up of the prequalification review team, specifications for the design criteria package, the method of advertising, receiving and evaluating proposals from design-builders, the criteria for awarding the design-build highway project based on the design criteria package and a separate proposal stating the cost of construction, and other methods, procedures and criteria necessary to administer this section.

17. The commission shall make a status report to the members of the general assembly and the governor following the award of the design-build project, as an individual component of the annual report submitted by the commission to the joint transportation oversight committee in accordance with the provisions of section 21.795. The annual report prior to advertisement of the design-build highway project contracts shall state the goals of the project in reducing costs and/or the time of completion for the project in comparison to the design-bid-build method of construction and objective measurements to be utilized in determining achievement of such goals. Subsequent annual reports shall include: the time estimated for design and construction of different phases or segments of the project and the actual time required to complete such work during the period; the amount of each progress payment to the design-builder during the period and the percentage and a description of the portion of the project completed regarding such payment; the number and a description of design change orders issued during the period and the cost of each such change order; upon substantial and final completion, the total cost of the design-build highway project with a breakdown of costs for design and construction; and such other measurements as specified by rule. The annual report immediately after final completion of the project shall state an assessment of the advantages and disadvantages of the design-build method of contracting for highway and bridge projects in comparison to the design-bid-build method of contracting and an assessment of whether the goals of the project in reducing costs and/or the time of completion of the project were met.

18. The commission shall give public notice of a request for qualifications in at least two public newspapers that are distributed wholly or in part in this state and at least one construction industry trade publication that is distributed nationally.

19. The commission shall publish its cost estimates of the design-build highway project award and the project completion date along with its public notice of a request for qualifications of the design-build project.

20. If the commission fails to receive at least two responsive submissions from design-builders considered qualified, submissions shall not be opened and it shall readvertise the project.

21. For any highway design-build project constructed under this section, the commission shall negotiate and reach agreements with affected railroads. Such agreements shall include clearance, safety, insurance, and indemnification provisions, but are not required to include provisions on right-of-way acquisitions."; and

*House Amendment No. 6*

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 58, Page 2, Section 301.3084, Line 33, by inserting after said line the following:

"302.309. 1. Whenever any license is suspended pursuant to sections 302.302 to 302.309, the director of revenue shall return the license to the operator immediately upon the termination of the period of suspension and upon compliance with the requirements of chapter 303.

2. Any operator whose license is revoked pursuant to these sections, upon the termination of the period of revocation, shall apply for a new license in the manner prescribed by law.

3. (1) All circuit courts, the director of revenue, or a commissioner operating under section 478.007 shall have jurisdiction to hear applications and make eligibility determinations granting limited driving privileges. Any application may be made in writing to the director of revenue and the person's reasons for requesting the limited driving privilege shall be made therein.

(2) When any court of record having jurisdiction or the director of revenue finds that an operator is required to operate a motor vehicle in connection with any of the following:

(a) [A business, occupation, or] **Driving to or from the operator's places of employment;**

(b) [Seeking medical treatment for such operator;

(c)] Attending school or other institution of higher education;

[(d)] (c) Attending alcohol or drug treatment programs; **or**

[(e)] (d) Seeking the required services of a certified ignition interlock device provider; [or

(f) Any other circumstance the court or director finds would create an undue hardship on the operator;] the court or director may grant such limited driving privilege as the circumstances of the case justify if the court or director

finds undue hardship would result to the individual, and while so operating a motor vehicle within the restrictions and limitations of the limited driving privilege the driver shall not be guilty of operating a motor vehicle without a valid license.

(3) An operator may make application to the proper court in the county in which such operator resides or in the county in which is located the operator's principal place of business or employment. Any application for a limited driving privilege made to a circuit court shall name the director as a party defendant and shall be served upon the director prior to the grant of any limited privilege, and shall be accompanied by a copy of the applicant's driving record as certified by the director. Any applicant for a limited driving privilege shall have on file with the department of revenue proof of financial responsibility as required by chapter 303. Any application by a person who transports persons or property as classified in section 302.015 may be accompanied by proof of financial responsibility as required by chapter 303, but if proof of financial responsibility does not accompany the application, or if the applicant does not have on file with the department of revenue proof of financial responsibility, the court or the director has discretion to grant the limited driving privilege to the person solely for the purpose of operating a vehicle whose owner has complied with chapter 303 for that vehicle, and the limited driving privilege must state such restriction. When operating such vehicle under such restriction the person shall carry proof that the owner has complied with chapter 303 for that vehicle.

(4) No limited driving privilege shall be issued to any person otherwise eligible under the provisions of paragraph (a) of subdivision (6) of this subsection on a license revocation resulting from a conviction under subdivision (9) of subsection 1 of section 302.302, or a license denial under paragraph (a) or (b) of subdivision (8) of this subsection, until the applicant has filed proof with the department of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of limited driving privilege.

(5) The court order or the director's grant of the limited or restricted driving privilege shall indicate the termination date of the privilege, which shall be not later than the end of the period of suspension or revocation. A copy of any court order shall be sent by the clerk of the court to the director, and a copy shall be given to the driver which shall be carried by the driver whenever such driver operates a motor vehicle. The director of revenue upon granting a limited driving privilege shall give a copy of the limited driving privilege to the applicant. The applicant shall carry a copy of the limited driving privilege while operating a motor vehicle. A conviction which results in the assessment of points pursuant to section 302.302, other than a violation of a municipal stop sign ordinance where no accident is involved, against a driver who is operating a vehicle pursuant to a limited driving privilege terminates the privilege, as of the date the points are assessed to the person's driving record. If the date of arrest is prior to the issuance of the limited driving privilege, the privilege shall not be terminated. Failure of the driver to maintain proof of financial responsibility, as required by chapter 303, or to maintain proof of installation of a functioning, certified ignition interlock device, as applicable, shall terminate the privilege. The director shall notify by ordinary mail the driver whose privilege is so terminated.

(6) Except as provided in subdivision (8) of this subsection, no person is eligible to receive a limited driving privilege who at the time of application for a limited driving privilege has previously been granted such a privilege within the immediately preceding five years, or whose license has been suspended or revoked for the following reasons:

(a) A conviction of violating the provisions of section 577.010 or 577.012, or any similar provision of any federal or state law, or a municipal or county law where the judge in such case was an attorney and the defendant was represented by or waived the right to an attorney in writing, until the person has completed the first thirty days of a suspension or revocation imposed pursuant to this chapter;

(b) A conviction of any felony in the commission of which a motor vehicle was used;

(c) Ineligibility for a license because of the provisions of subdivision (1), (2), (4), (5), (6), (7), (8), (9), (10) or (11) of section 302.060;

(d) Because of operating a motor vehicle under the influence of narcotic drugs, a controlled substance as defined in chapter 195, or having left the scene of an accident as provided in section 577.060;

(e) Due to a revocation for the first time for failure to submit to a chemical test pursuant to section 577.041 or due to a refusal to submit to a chemical test in any other state, if such person has not completed the first ninety days of such revocation;

(f) Violation more than once of the provisions of section 577.041 or a similar implied consent law of any other state; or

(g) Due to a suspension pursuant to subsection 2 of section 302.525 and who has not completed the first thirty days of such suspension, provided the person is not otherwise ineligible for a limited driving privilege; or due to a revocation pursuant to subsection 2 of section 302.525 if such person has not completed such revocation.

(7) No person who possesses a commercial driver's license shall receive a limited driving privilege issued for the purpose of operating a commercial motor vehicle if such person's driving privilege is suspended, revoked, canceled, denied, or disqualified. Nothing in this section shall prohibit the issuance of a limited driving privilege for the purpose

of operating a noncommercial motor vehicle provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege.

(8) (a) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of ten years, as prescribed in subdivision (9) of section 302.060, to apply for a limited driving privilege pursuant to this subsection if such person has served at least three years of such disqualification or revocation. Such person shall present evidence satisfactory to the court or the director that such person has not been convicted of any offense related to alcohol, controlled substances or drugs during the preceding three years and that the person's habits and conduct show that the person no longer poses a threat to the public safety of this state.

(b) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege or convicted of involuntary manslaughter while operating a motor vehicle in an intoxicated condition, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of five years because of two convictions of driving while intoxicated, as prescribed in subdivision (10) of section 302.060, to apply for a limited driving privilege pursuant to this subsection if such person has served at least two years of such disqualification or revocation. Such person shall present evidence satisfactory to the court or the director that such person has not been convicted of any offense related to alcohol, controlled substances or drugs during the preceding two years and that the person's habits and conduct show that the person no longer poses a threat to the public safety of this state. Any person who is denied a license permanently in this state because of an alcohol-related conviction subsequent to a restoration of such person's driving privileges pursuant to subdivision (9) of section 302.060 shall not be eligible for limited driving privilege pursuant to the provisions of this subdivision.

(9) A DWI docket or court established under section 478.007 may grant a limited driving privilege to a participant in or graduate of the program who would otherwise be ineligible for such privilege under another provision of law. The DWI docket or court shall not grant a limited driving privilege to a participant during his or her initial forty-five days of participation.

4. Any person who has received notice of denial of a request of limited driving privilege by the director of revenue may make a request for a review of the director's determination in the circuit court of the county in which the person resides or the county in which is located the person's principal place of business or employment within thirty days of the date of mailing of the notice of denial. Such review shall be based upon the records of the department of revenue and other competent evidence and shall be limited to a review of whether the applicant was statutorily entitled to the limited driving privilege.

5. The director of revenue shall promulgate rules and regulations necessary to carry out the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.”; and

(2) "Qualified electors", "qualified voters" or "voters":  
(a) Within a proposed or established district, except for a district proposed under subsection 1 of section 238.207, any persons residing therein who have registered to vote pursuant to chapter 115; or  
(b) Within a district proposed or established under subsection 1 of section 238.207 which has no persons residing therein who have registered to vote pursuant to chapter 115, the owners of record of all real property located in the district, who shall receive one vote per acre, provided that if a registered voter subsequent to the creation of the district becomes a resident within the district and obtains ownership of property within the district, such registered voter must elect whether to vote as an owner of real property or as a registered voter, which election once made cannot thereafter be changed;

(3) "Registered voters", persons qualified and registered to vote pursuant to chapter 115.

238.225. 1. Before construction or funding of any project the district shall submit the proposed project to the commission for its prior approval. If the commission by minute finds that the project will improve or is a necessary or desirable extension of the state highways and transportation system, the commission may preliminarily approve the project subject to the district providing plans and specifications for the proposed project and making any revisions in the plans and specifications required by the commission and the district and commission entering into a mutually satisfactory agreement regarding development and future maintenance of the project. After such preliminary approval, the district may impose and collect such taxes and assessments as may be included in the commission's preliminary approval. After the commission approves the final construction plans and specifications, the district shall obtain prior commission approval of any modification of such plans or specifications.

2. If the proposed project is not intended to be merged into the state highways and transportation system under the commission's jurisdiction, the district shall also submit the proposed project and proposed plans and specifications to the local transportation authority that will become the owner of the project for its prior approval.

3. In those instances where a local transportation authority is required to approve a project and the commission determines that it has no direct interest in that project, the commission may decline to consider the project. Approval of the project shall then vest exclusively with the local transportation authority subject to the district making any revisions in the plans and specifications required by the local transportation authority and the district and the local transportation authority entering into a mutually satisfactory agreement regarding development and future maintenance of the project. After the local transportation authority approves the final construction plans and specifications, the district shall obtain prior approval of the local transportation authority before modifying such plans or specifications.

**4. Notwithstanding any provision of this section to the contrary, this section shall not apply to any district whose project is a public mass transportation system.**

238.235. 1. (1) Any transportation development district may by resolution impose a transportation development district sales tax on all retail sales made in such transportation development district which are subject to taxation pursuant to the provisions of sections 144.010 to 144.525, except such transportation development district sales tax shall not apply to the sale or use of motor vehicles, trailers, boats or outboard motors nor to all sales of electricity or electrical current, water and gas, natural or artificial, nor to sales of service to telephone subscribers, either local or long distance. Such transportation development district sales tax may be imposed for any transportation development purpose designated by the transportation development district in its ballot of submission to its qualified voters, except that no resolution enacted pursuant to the authority granted by this section shall be effective unless:

(a) The board of directors of the transportation development district submits to the qualified voters of the transportation development district a proposal to authorize the board of directors of the transportation development district to impose or increase the levy of an existing tax pursuant to the provisions of this section; or

(b) The voters approved the question certified by the petition filed pursuant to subsection 5 of section 238.207.

(2) If the transportation district submits to the qualified voters of the transportation development district a proposal to authorize the board of directors of the transportation development district to impose or increase the levy of an existing tax pursuant to the provisions of paragraph (a) of subdivision (1) of this subsection, the ballot of submission shall contain, but need not be limited to, the following language:

Shall the transportation development district of ..... (transportation development district's name) impose a transportation development district-wide sales tax at the rate of ..... (insert amount) for a period of ..... (insert number) years from the date on which such tax is first imposed for the purpose of ..... (insert transportation development purpose)?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the resolution and any amendments thereto shall be in effect. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the board of directors of the transportation development district shall have no power to impose the sales tax authorized by this section unless and until the board of directors of the transportation development district shall again have submitted another proposal to authorize it to impose the sales tax pursuant to the provisions of this section and such proposal is approved by a majority of the qualified voters voting thereon.

(3) The sales tax authorized by this section shall become effective on the first day of the second calendar quarter after the department of revenue receives notification of the tax.

(4) In each transportation development district in which a sales tax has been imposed in the manner provided by this section, every retailer shall add the tax imposed by the transportation development district pursuant to this section

to the retailer's sale price, and when so added such tax shall constitute a part of the price, shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price.

(5) In order to permit sellers required to collect and report the sales tax authorized by this section to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the transportation development district may establish appropriate brackets which shall be used in the district imposing a tax pursuant to this section in lieu of those brackets provided in section 144.285.

(6) All revenue received by a transportation development district from the tax authorized by this section which has been designated for a certain transportation development purpose shall be deposited in a special trust fund and shall be used solely for such designated purpose. Upon the expiration of the period of years approved by the qualified voters pursuant to subdivision (2) of this subsection or if the tax authorized by this section is repealed pursuant to subsection 6 of this section, all funds remaining in the special trust fund shall continue to be used solely for such designated transportation development purpose. Any funds in such special trust fund which are not needed for current expenditures may be invested by the board of directors in accordance with applicable laws relating to the investment of other transportation development district funds.

(7) The sales tax may be imposed in increments of one-eighth of one percent, up to a maximum of one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the transportation development district adopting such tax, if such property and services are subject to taxation by the state of Missouri pursuant to the provisions of sections 144.010 to 144.525, except such transportation development district sales tax shall not apply to the sale or use of motor vehicles, trailers, boats or outboard motors nor to public utilities. Any transportation development district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the district.

2. The resolution imposing the sales tax pursuant to this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate imposed by the resolution as the sales tax and the tax shall be reported and returned to and collected by the transportation development district.

3. On and after the effective date of any tax imposed pursuant to this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect, in addition to all other sales taxes imposed by law, the additional tax authorized pursuant to this section. The tax imposed pursuant to this section and the taxes imposed pursuant to all other laws of the state of Missouri shall be collected together and reported upon such forms and pursuant to such administrative rules and regulations as may be prescribed by the director of revenue.

4. (1) All applicable provisions contained in sections 144.010 to 144.525, governing the state sales tax, sections 32.085 and 32.087 and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax imposed by this section, except as modified in this section.

(2) All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services pursuant to the provisions of sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax imposed by this section.

(3) The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the transportation development district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

(4) All discounts allowed the retailer pursuant to the provisions of the state sales tax laws for the collection of and for payment of taxes pursuant to such laws are hereby allowed and made applicable to any taxes collected pursuant to the provisions of this section.

(5) The penalties provided in section 32.057 and sections 144.010 to 144.525 for violation of those sections are hereby made applicable to violations of this section.

(6) For the purpose of a sales tax imposed by a resolution pursuant to this section, all retail sales except retail sales of motor vehicles shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or the retailer's agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for

acceptance, approval of credit, shipment or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which the employee works.

5. All sales taxes received by the transportation development district shall be deposited by the director of revenue in a special fund to be expended for the purposes authorized in this section. The director of revenue shall keep accurate records of the amount of money which was collected pursuant to this section, and the records shall be open to the inspection of officers of each transportation development district and the general public.

6. (1) No transportation development district imposing a sales tax pursuant to this section may repeal or amend such sales tax unless such repeal or amendment will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects.

(2) Whenever the board of directors of any transportation development district in which a transportation development sales tax has been imposed in the manner provided by this section receives a petition, signed by ten percent of the qualified voters calling for an election to repeal such transportation development sales tax, the board of directors shall, if such repeal will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects, submit to the qualified voters of such transportation development district a proposal to repeal the transportation development sales tax imposed pursuant to the provisions of this section. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal to repeal the transportation development sales tax, then the resolution imposing the transportation development sales tax, along with any amendments thereto, is repealed. If a majority of the votes cast by the qualified voters voting thereon are opposed to the proposal to repeal the transportation development sales tax, then the ordinance or resolution imposing the transportation development sales tax, along with any amendments thereto, shall remain in effect.

**7. Notwithstanding any provision of sections 99.800 to 99.865, and this section to the contrary, the sales tax imposed by a district whose project is a public mass transportation system shall not be considered economic activity taxes as such term is defined under sections 99.805 and 99.918 and shall not be subject to allocation under the provisions of subsection 3 of section 99.845, or subsection 4 of section 99.957.”; and**

The director of revenue shall prescribe the forms for such fleet registration and the forms and procedures for the registration updates prescribed in this section. Any owner of ten or more motor vehicles which must be registered in accordance with this chapter may register as a fleet owner. All registered fleet owners may, at their option, register all motor vehicles included in the fleet on a calendar year or biennial basis pursuant to this section in lieu

of the registration periods provided in sections 301.030, 301.035, and 301.147. The director shall issue an identification number to each registered owner of fleet vehicles.

2. All fleet vehicles included in the fleet of a registered fleet owner shall be registered during April each year or on a prorated basis as provided in subsection 3 of this section. Fees of all vehicles in the fleet to be registered on a calendar year basis or on a biennial basis shall be payable not later than the last day of April of each year, with two years' fees due for biennially-registered vehicles. Notwithstanding the provisions of section 307.355, an application for registration of a fleet vehicle must be accompanied by a certificate of inspection and approval issued no more than one hundred twenty days prior to the date of application. When biennial registration is sought for vehicles added to a fleet, an additional year's annual fee will be added to the partial year's prorated fee.

3. At any time during the calendar year in which an owner of a fleet purchases or otherwise acquires a vehicle which is to be added to the fleet or transfers plates to a fleet vehicle, the owner shall present to the director of revenue the identification number as a fleet number and may register the vehicle for the partial year as provided in subsection 2 of this section. The fleet owner shall also be charged a transfer fee of two dollars for each vehicle so transferred pursuant to this subsection.

4. Except as specifically provided in this subsection, all fleet vehicles registered pursuant to this section shall be issued a special license plate which shall have the words "Fleet Vehicle" in place of the words "Show-Me State" in the manner prescribed by the advisory committee established in section 301.129. Alternatively, for a one-time additional five dollar per-vehicle fee beyond the regular registration fee, owners of fleet vehicles may apply for fleet license plates bearing a company name or logo. All fleet license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Fleet vehicles shall be issued multiyear license plates as provided in this section which shall not require issuance of a renewal tab **or window sticker**. The director of revenue shall promulgate rules and regulations establishing the procedure for application and issuance of fleet vehicle license plates.

5. Notwithstanding the provisions of sections 307.350 to 307.390 to the contrary, a fleet vehicle registered in Missouri is exempt from the requirements of sections 307.350 to 307.390, if at the time of the annual fleet registration, such fleet vehicle is situated outside the state of Missouri.

301.130. 1. The director of revenue, upon receipt of a proper application for registration, required fees and any other information which may be required by law, shall issue to the applicant a certificate of registration in such manner and form as the director of revenue may prescribe and a set of license plates, or other evidence of registration, as provided by this section. Each set of license plates shall bear the name or abbreviated name of this state, the words "SHOW-ME STATE", the month and year in which the registration shall expire, and an arrangement of numbers or letters, or both, as shall be assigned from year to year by the director of revenue. The plates shall also contain fully reflective material with a common color scheme and design for each type of license plate issued pursuant to this chapter. 4. The plates issued to manufacturers and dealers shall bear the letters and numbers as prescribed by section 301.560, and the director may place upon the plates other letters or marks to distinguish commercial motor vehicles and trailers and other types of motor vehicles.

5. No motor vehicle or trailer shall be operated on any highway of this state unless it shall have displayed thereon the license plate or set of license plates issued by the director of revenue or the state highways and transportation commission and authorized by section 301.140. Each such plate shall be securely fastened to the motor vehicle or trailer in a manner so that all parts thereof shall be plainly visible and reasonably clean so that the reflective qualities thereof are not impaired. Each such plate may be encased in a transparent cover so long as the plate is plainly visible and its reflective qualities are not impaired. License plates shall be fastened to all motor vehicles except trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds on the front and rear of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up. The license plates on trailers, motorcycles, motortricycles and motorscooters shall be displayed on the rear of such vehicles, with the letters and numbers thereon right side up. The license plate on buses, other than school buses, and on trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds shall be displayed on the front of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up or if two plates are issued for the vehicle pursuant to subsection 3 of this section, displayed in the same manner on the front and rear of such vehicles. The license plate or plates authorized by section 301.140, when properly attached, shall be prima facie evidence that the required fees have been paid.

6. (1) **Beginning January 1, 2012**, the director of revenue shall issue annually or biennially a [tab or set of tabs] **window sticker, to be placed on the front windshield of the motor vehicle**, as provided by law as evidence of the annual payment of registration fees and the current registration of a vehicle in lieu of the set of plates. **Notwithstanding the provisions of this section, motorcycles and trailers shall be issued license plate tabs in lieu of window stickers.** Beginning January 1, 2010, the director may prescribe any additional information recorded on the tab or tabs **or window sticker** to ensure that the tab or tabs **or the window sticker** positively correlate with the license plate or plates issued by the department of revenue for such vehicle. Such tabs **or window stickers** shall be produced in each license bureau office.

(2) [The vehicle owner to whom a tab or set of tabs is issued shall affix and display such tab or tabs in the designated area of the license plate, no more than one per plate] **The window sticker shall be placed on the inside front window in an area prescribed by the director of revenue. Tabs issued to motorcycles and trailers shall be affixed and displayed in the designated area of the license plate.**

(3) A tab or [set of tabs] **window sticker** issued by the director of revenue when attached to a vehicle in the prescribed manner shall be prima facie evidence that the registration fee for such vehicle has been paid.

(4) Except as otherwise provided in this section, the director of revenue shall issue plates for a period of at least six years.

(5) For those commercial motor vehicles and trailers registered pursuant to section 301.041, the plate issued by the highways and transportation commission shall be a permanent nonexpiring license plate for which no tabs **or window sticker** shall be issued. Nothing in this section shall relieve the owner of any vehicle permanently registered pursuant to this section from the obligation to pay the annual registration fee due for the vehicle. The permanent nonexpiring license plate shall be returned to the highways and transportation commission upon the sale or disposal of the vehicle by the owner to whom the permanent nonexpiring license plate is issued, or the plate may be transferred to a replacement commercial motor vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement commercial motor vehicle. Upon payment of the annual registration fee, the highways and transportation commission shall issue a certificate of registration or other suitable evidence of payment of the annual fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued.

(6) Upon the sale or disposal of any vehicle permanently registered under this section, or upon the termination of a lease of any such vehicle, the permanent nonexpiring plate issued for such vehicle shall be returned to the highways and transportation commission and shall not be valid for operation of such vehicle, or the plate may be transferred to a replacement vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement vehicle. If a vehicle which is permanently registered under this section is sold, wrecked or otherwise disposed of, or the lease terminated, the registrant shall be given credit for any unused portion of the annual registration fee when the vehicle is replaced by the purchase or lease of another vehicle during the registration year.

7. The director of revenue and the highways and transportation commission may prescribe rules and regulations for the effective administration of this section. [No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.] **Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with**

**the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.**

8. Notwithstanding the provisions of any other law to the contrary, owners of motor vehicles other than apportioned motor vehicles or commercial motor vehicles licensed in excess of eighteen thousand pounds gross weight may apply for special personalized license plates. Vehicles licensed for eighteen thousand pounds that display special personalized license plates shall be subject to the provisions of subsections 1 and 2 of section 301.030.

9. No later than January 1, 2009, the director of revenue shall commence the reissuance of new license plates of such design as directed by the director consistent with the terms, conditions, and provisions of this section and this chapter. Except as otherwise provided in this section, in addition to all other fees required by law, applicants for registration of vehicles with license plates that expire during the period of reissuance, applicants for registration of trailers or semitrailers with license plates that expire during the period of reissuance and applicants for registration of vehicles that are to be issued new license plates during the period of reissuance shall pay the cost of the plates required by this subsection. The additional cost prescribed in this subsection shall not be charged to persons receiving special license plates issued under section 301.073 or 301.443. Historic motor vehicle license plates registered pursuant to section 301.131 and specialized license plates are exempt from the provisions of this subsection. Except for new, replacement, and transfer applications, permanent nonexpiring license plates issued to commercial motor vehicles and trailers registered under section 301.041 are exempt from the provisions of this subsection.

301.140. 1. Upon the transfer of ownership of any motor vehicle or trailer, the certificate of registration and the right to use the number plates shall expire and the number plates **and window sticker** shall be removed by the owner at the time of the transfer of possession, and it shall be unlawful for any person other than the person to whom such number plates were originally issued to have the same in his or her possession whether in use or not, unless such possession is solely for charitable purposes; except that the buyer of a motor vehicle or trailer who trades in a motor vehicle or trailer may attach the license plates from the traded-in motor vehicle or trailer to the newly purchased motor vehicle or trailer. The operation of a motor vehicle with such transferred plates shall be lawful for no more than thirty days. **A window sticker shall not be required during the thirty-day time frame.** As used in this subsection, the term "trade-in motor vehicle or trailer" shall include any single motor vehicle or trailer sold by the buyer of the newly purchased vehicle or trailer, as long as the license plates for the trade-in motor vehicle or trailer are still valid.

2. In the case of a transfer of ownership the original owner may register another motor vehicle under the same number, upon the payment of a fee of two dollars, **and payment of a fee as prescribed in section 301.300 for a replacement window sticker**, if the motor vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that originally registered. When such motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, applicant shall pay a transfer fee of two dollars, **the fee prescribed in section 301.300 for a replacement window sticker**, and a pro rata portion for the difference in fees. When such vehicle is of less horsepower, gross weight or (in case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, applicant shall not be entitled to a refund.

3. License plates may be transferred from a motor vehicle which will no longer be operated to a newly purchased motor vehicle by the owner of such vehicles. The owner shall pay a transfer fee of two dollars, **and payment of a fee as prescribed in section 301.300 for a replacement window sticker**, if the newly purchased vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that of the vehicle which will no longer be operated. When the newly purchased motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars, **the fee prescribed in section 301.300 for a replacement window sticker**, and a pro rata portion of the difference in fees. When the newly purchased vehicle is of less horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

4. Upon the sale of a motor vehicle or trailer by a dealer, a buyer who has made application for registration, by mail or otherwise, may operate the same for a period of thirty days after taking possession thereof, if during such period the motor vehicle or trailer shall have attached thereto, in the manner required by section 301.130, number plates issued to the dealer. Upon application and presentation of proof of financial responsibility as required under subsection 5 of this section and satisfactory evidence that the buyer has applied for registration, a dealer may furnish such number plates to the buyer for such temporary use. In such event, the dealer shall require the buyer to deposit the sum of ten dollars and fifty cents to be returned to the buyer upon return of the number plates as a guarantee that said buyer will

return to the dealer such number plates within thirty days. The director shall issue a temporary permit authorizing the operation of a motor vehicle or trailer by a buyer for not more than thirty days of the date of purchase.

5. The temporary permit shall be made available by the director of revenue and may be purchased from the department of revenue upon proof of purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer and upon proof of financial responsibility, or from a dealer upon purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer. The director shall make temporary permits available to registered dealers in this state or authorized agents of the department of revenue in sets of ten permits. The fee for the temporary permit shall be seven dollars and fifty cents for each permit or plate issued. No dealer or authorized agent shall charge more than seven dollars and fifty cents for each permit issued. The permit shall be valid for a period of thirty days from the date of purchase of a motor vehicle or trailer, or from the date of sale of the motor vehicle or trailer by a dealer for which the purchaser obtains a permit as set out above. No permit shall be issued for a vehicle under this section unless the buyer shows proof of financial responsibility.

6. The permit shall be issued on a form prescribed by the director and issued only for the applicant's use in the operation of the motor vehicle or trailer purchased to enable the applicant to legally operate the vehicle while proper title and registration plate are being obtained, and shall be displayed on no other vehicle. Temporary permits issued pursuant to this section shall not be transferable or renewable and shall not be valid upon issuance of proper registration plates for the motor vehicle or trailer. The director shall determine the size and numbering configuration, construction, and color of the permit.

7. The dealer or authorized agent shall insert the date of issuance and expiration date, year, make, and manufacturer's number of vehicle on the permit when issued to the buyer. The dealer shall also insert such dealer's number on the permit. Every dealer that issues a temporary permit shall keep, for inspection of proper officers, a correct record of each permit issued by recording the permit or plate number, buyer's name and address, year, make, manufacturer's vehicle identification number on which the permit is to be used, and the date of issuance.

8. Upon the transfer of ownership of any currently registered motor vehicle wherein the owner cannot transfer the license plates due to a change of vehicle category, the owner may surrender the license plates issued to the motor vehicle and receive credit for any unused portion of the original registration fee against the registration fee of another motor vehicle. Such credit shall be granted based upon the date the license plates are surrendered. No refunds shall be made on the unused portion of any license plates surrendered for such credit.

301.160. Upon approval of the application for registration of a motor vehicle or trailer and when the required fee has been paid to the department of revenue, the department shall forward or deliver to the applicant the registration receipt and the number of license plates prescribed for the vehicle or trailer by section 301.130, or renewal tabs **or window stickers** if appropriate. The attachment to the motor vehicle or trailer specified in the application of current license plates shall be prima facie evidence that the fees have been paid for such license.

301.290. 1. Correctional enterprises of the department of corrections shall purchase, erect and maintain all of the machinery and equipment necessary for the manufacture of the license plates [and], tabs, **and window stickers** issued by the director of revenue, and of signs used by the state transportation department. [Beginning on January 1, 2011, correctional enterprises shall no longer erect and maintain tabs for the department of revenue.]

2. The director of revenue shall procure all plates issued by [him] **the director**, and the state transportation department shall procure all signs used by it from correctional enterprises, unless an emergency arises and correctional enterprises cannot furnish the plates, tabs, **window stickers**, or signs.

3. Correctional enterprises shall furnish the plates and signs at such a price as will not exceed the price at which such plates and signs may be obtained upon the open market, but in no event shall such price be less than the cost of manufacture, including labor and materials.

4. All moneys derived from the sale of the plates, tabs, **window stickers**, and signs shall be paid into the state treasury to the credit of the working capital revolving fund as provided in section 217.595.

301.300. 1. In event of the loss, theft, mutilation or destruction of any certificate of ownership, number plate, tab [or set of tabs] **or window sticker** issued by the director of revenue, the lawful holder thereof shall, within five days, file with the director of revenue, an affidavit showing such fact, and shall, on the payment of a fee of eight dollars and fifty cents, obtain a duplicate or replacement of such plate, certificate, tab [or set of tabs] **or window sticker**. Any duplicate certificate issued for any "motor vehicle primarily for business use", as defined in section 301.010, shall be issued only to the owner of record.

2. Upon filing affidavit of lost, stolen, mutilated or destroyed certificate of registration, the director of revenue shall issue to the lawful owner a duplicate or replacement thereof upon payment of a fee of eight dollars and fifty cents.

3. Vehicle owners who elect not to transfer or renew multiyear plates shall be charged a fee equal to that charged for a lost plate in addition to the registration fee prescribed by law at the time the new plate or plates are issued.

4. Notwithstanding subsection 1 of this section, a new or used motor vehicle dealer may obtain a duplicate or replacement title in the owner's name if the owner's title has been lost, stolen, mutilated, or destroyed and is not available for assignment. In order to obtain the duplicate or replacement title from the department of revenue, the licensed dealer shall procure a power of attorney from the owner authorizing the dealer to obtain a duplicate or replacement title in the owner's name and sign any title assignments on the owner's behalf. The application to the department of revenue for the duplicate or replacement title shall be accompanied by the executed power of attorney, or a copy thereof, and the application shall contain the appropriate mailing address of the dealer. The director of the department of revenue is authorized to make all necessary rules and regulations for the administration of this subsection, and shall design all necessary forms required by this subsection. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

301.301. 1. Any person replacing a stolen license plate tab **or window sticker** issued on or after January 1, 2009, may receive at no cost up to two [sets of two] license plate tabs **or window stickers** per year when the application for the replacement tab **or sticker** is accompanied with a police report that is corresponding with the stolen license plate tab **or window sticker**.

2. Any person replacing a stolen license plate tab issued prior to January 1, 2009, may receive at no cost up to two sets of two license plate tabs per year when the application for the replacement tab is accompanied with a notarized affidavit verifying that such license plate tab or tabs were stolen.

301.302. A citation shall not be issued to any person stopped by law enforcement for a missing license plate tab or [tabs] **window sticker** if such person indicates that the tab or [tabs have] **window sticker** has been stolen and a check on such person's vehicle registration reveals that the vehicle is properly registered. A law enforcement officer may issue a warning under these circumstances. In the event a citation is improperly issued to a person for a missing [tabs] **tab or window sticker** when the requirements of this section are met, any court costs shall be waived.”; and

Further amend said bill, Page 14, Section 537.293, Line 13, by inserting after all of said section and line the following:

“Section B. Sections 136.055, 301.032, 301.130, 301.140, 301.160, 301.290, 301.300, 301.301, and 301.302, of this act shall become effective January 1, 2012.”; and

SENATE CONCURRENT RESOLUTION NO. 12

WHEREAS, atrial fibrillation (AFib) is the most common serious heart rhythm disorder and causes 15 percent of all strokes in the United States; and

WHEREAS, AFib affects more than 2.3 million Americans and is expected to more than double to 5.6 million Americans by 2050; and

WHEREAS, one in four people aged 40 years or older develop AFib during their lifetime; and

WHEREAS, AFib causes the heart to beat irregularly or out of rhythm. As a result, people with AFib are nearly five times more likely to have a stroke than someone without the condition. In addition, AFib-related strokes are about twice as likely to be fatal and about twice as likely to be severely disabling than strokes that are not related to AFib; and

WHEREAS, three out of four AFib-related strokes can be prevented, but many patients are not aware of their risk and do not take action to prevent stroke; and

WHEREAS, the estimated direct medical cost of stroke for 2007 was \$25.2 billion. This includes hospital outpatient or office-based provider visits, hospital inpatient stays, emergency room visits, prescribed medicines, and home health; and

WHEREAS, appropriate stroke prevention in AFib can effectively reduce the overall financial burden of the illness within public programs such as Medicaid and Medicare; and

WHEREAS, reducing the risk of stroke related to AFib may maintain self sufficiency on the part of patients cared for within public programs:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-sixth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge the MO HealthNet Division to pursue the feasibility of implementing a program to assess chronic disease management of stroke prevention in atrial fibrillation using available general appropriations and/or private sources of funding in an effort to identify opportunities to reduce the financial and clinical burden of AFib-related strokes upon Missouri, and public programs including Medicare and Medicaid; and

BE IT FURTHER RESOLVED that at the conclusion of such an assessment, a report of findings and recommendations be prepared and provided to the General Assembly by December 31, 2011, so that it can evaluate the effectiveness of the current quality of care within public programs including Medicare and Medicaid and in providing recommendations for improved health and well being of the affected patients; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to send properly inscribed copies of this resolution to the director of the MO HealthNet Division.

## HOUSE CONCURRENT RESOLUTION NO. 53

WHEREAS, the average price of gasoline has risen to nearly \$4.00 a gallon and are projected to remain there or go even higher as the summer months approach; and

WHEREAS, numerous components make up the price of gasoline, including the cost of crude oil (45%), federal and state taxes (23%), refining costs (22%), and marketing and distribution costs (10%). These components are affected by many factors; and

WHEREAS, the three main factors that contribute to changes in the price of gasoline are changes in crude oil prices, the transparency of energy markets, and regulations that affect the price of gasoline; and

WHEREAS, there is very little government can do about crude oil prices and transparency. Crude oil prices are affected by world supply and demand, which continues to grow and most rapidly in Asia. Transparency produces highly efficient markets, but it also increases volatility. Any reduction in transparency would offset efficiency; and

WHEREAS, while states have limited authority and options available to attempt to reverse the soaring fuel prices and alleviate the growing financial burden on its citizenry, the federal government is able to ease the pressure on prices and reduce volatility by reducing its own interference in the market - most directly by the way of taxes and regulation; and

WHEREAS, federal regulations have contributed significantly to the high price, high volatility environment facing consumers today. These regulations have led to the proliferation of numerous fuel blends - known as "boutique fuels" - which in turn have increased refining and distribution costs; and

WHEREAS, in addition to addressing the boutique fuel problem, Congress and the Administration should reform other Clean Air Act regulations that have resulted in the halt of construction of new refinery capacity and offshore drilling. More production and refinery capacity is needed to ease the pressure on the production system; and

WHEREAS, federal regulations are also affecting gasoline imports because foreign suppliers are unable to keep up with the increasing complexity of federal gasoline requirements. Volatility in the Middle East also threatens our second largest supplier of oil - OPEC; and

WHEREAS, while changes in federal regulations and policies are needed as a long-term solution, the federal government is able to impact gasoline prices in the short-term as well; and

WHEREAS, in the short-term, the Environmental Protection Agency should temporarily suspend clean-fuel requirements and reduce the number of fuel specifications across the country by offering a limited menu of fuel choices that states and localities can choose from; and

WHEREAS, with crude oil costs being the single largest component in the cost of gasoline, the only real impact on crude oil prices is the threat of competition; and

WHEREAS, the leading supplier of oil to the United States market is Canada, with Mexico as the third leading supplier. There are enough oil and gas resources under the ground of those two reliable neighbors to supply the United States at current consumption levels for the next 100 years; and

WHEREAS, by lowering any remaining cross-border barriers to energy imports and by increasing the capacity of cross-border distribution systems, Congress can lower the cost to both Canada and Mexico of shipping oil to the United States, thereby inducing them to bring more supply on line; and

WHEREAS, in order to reduce our dependence on foreign oil, Congress and the Administration should find ways to facilitate the building of new refineries, and an increase in production by permitting the uncapping of existing wells and the drilling of new wells; and

WHEREAS, Congress and the Administration should strive to maintain a well-functioning gasoline market for the good of the economy, without interfering in the marketplace. Changes in federal regulation, introduction of fuel flexibility, removing impediments to importation of fuel from Canada and Mexico, increasing refinery capacity and pipeline construction, as well as greater domestic oil exploration and opening additional areas of production would begin to ease the rising cost of fuels and reduce our dependence on foreign sources of oil:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-sixth General Assembly, First Regular Session, the Senate concurring therein, hereby strongly urge the United States Congress and the Obama Administration to immediately seek long-term and short-term solutions to the rapidly rising fuel costs to ease the financial burden on its citizens and prevent a second recession; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for President Barack Obama; Lisa P. Jackson, Administrator of the Environmental Protection Agency; the Majority and Minority Leaders of the United States Congress; and each member of the Missouri Congressional delegation.

# JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

---

SIXTY-SIXTH DAY, WEDNESDAY, MAY 4, 2011

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

*Thou wilt show me the path of life: in Thy presence is fullness of joy. (Psalm 16:11)*

O God, Ruler of governments, You have surrounded us with Your mercies, You have guided us with Your wisdom, You have blessed us with Your love. Continue to breathe upon us, breath of God, fill us with life anew, that we may love what You love and do what You would do - so may our lives be more worthy in Your sight and our labor be in accordance with Your Holy will.

Deliver us from pride and prejudice and bless us with the glorious liberty of an open mind and responsive heart. Clothe us with the spirit that never fails to bear the fruit of happiness, integrity and love. Finally, give relief and comfort to all who have suffered from the recent floods and tornadoes in our state. And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Travis Sims and Katrina Enlow.

The Journal of the sixty-fifth day was approved as printed by the following vote:

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative McCaherty, **House Amendment No. 2** was adopted.

Representative Schad offered **House Amendment No. 3**.

#### *House Amendment No. 3*

AMEND House Committee Substitute for Senate Bill No. 173, Page 10, Section 249.425, Line 97, by inserting after said line the following:

“302.309. 1. Whenever any license is suspended pursuant to sections 302.302 to 302.309, the director of revenue shall return the license to the operator immediately upon the termination of the period of suspension and upon compliance with the requirements of chapter 303.

2. Any operator whose license is revoked pursuant to these sections, upon the termination of the period of revocation, shall apply for a new license in the manner prescribed by law.

3. (1) All circuit courts, the director of revenue, or a commissioner operating under section 478.007 shall have jurisdiction to hear applications and make eligibility determinations granting limited driving privileges. Any application may be made in writing to the director of revenue and the person's reasons for requesting the limited driving privilege shall be made therein.

(2) When any court of record having jurisdiction or the director of revenue finds that an operator is required to operate a motor vehicle in connection with any of the following:

- (a) [A business, occupation, or] **Driving to or from the operator's places of employment;**
- (b) [Seeking medical treatment for such operator;
- (c)] **Attending school or other institution of higher education;**

[(d)] (c) Attending alcohol or drug treatment programs; **or**

[(e)] (d) Seeking the required services of a certified ignition interlock device provider; [or

(f) Any other circumstance the court or director finds would create an undue hardship on the operator;] the court or director may grant such limited driving privilege as the circumstances of the case justify if the court or director finds undue hardship would result to the individual, and while so operating a motor vehicle within the restrictions and limitations of the limited driving privilege the driver shall not be guilty of operating a motor vehicle without a valid license.

(3) An operator may make application to the proper court in the county in which such operator resides or in the county in which is located the operator's principal place of business or employment. Any application for a limited driving privilege made to a circuit court shall name the director as a party defendant and shall be served upon the director prior to the grant of any limited privilege, and shall be accompanied by a copy of the applicant's driving record as certified by the director. Any applicant for a limited driving privilege shall have on file with the department of revenue proof of financial responsibility as required by chapter 303. Any application by a person who transports persons or property as classified in section 302.015 may be accompanied by proof of financial responsibility as required by chapter 303, but if proof of financial responsibility does not accompany the application, or if the applicant does not have on file with the department of revenue proof of financial responsibility, the court or the director has discretion to grant the limited driving privilege to the person solely for the purpose of operating a vehicle whose owner has complied with chapter 303 for that vehicle, and the limited driving privilege must state such restriction. When operating such vehicle under such restriction the person shall carry proof that the owner has complied with chapter 303 for that vehicle.

(4) No limited driving privilege shall be issued to any person otherwise eligible under the provisions of paragraph (a) of subdivision (6) of this subsection on a license revocation resulting from a conviction under subdivision (9) of subsection 1 of section 302.302, or a license denial under paragraph (a) or (b) of subdivision (8) of this subsection, until the applicant has filed proof with the department of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of limited driving privilege.

(5) The court order or the director's grant of the limited or restricted driving privilege shall indicate the termination date of the privilege, which shall be not later than the end of the period of suspension or revocation. A copy of any court order shall be sent by the clerk of the court to the director, and a copy shall be given to the driver which shall be carried by the driver whenever such driver operates a motor vehicle. The director of revenue upon granting a limited driving privilege shall give a copy of the limited driving privilege to the applicant. The applicant shall carry a copy of the limited driving privilege while operating a motor vehicle. A conviction which results in the assessment of points pursuant to section 302.302, other than a violation of a municipal stop sign ordinance where no accident is involved, against a driver who is operating a vehicle pursuant to a limited driving privilege terminates the privilege, as of the date the points are assessed to the person's driving record. If the date of arrest is prior to the issuance of the limited driving privilege, the privilege shall not be terminated. Failure of the driver to maintain proof of financial responsibility, as required by chapter 303, or to maintain proof of installation of a functioning, certified ignition interlock device, as applicable, shall terminate the privilege. The director shall notify by ordinary mail the driver whose privilege is so terminated.

(6) Except as provided in subdivision (8) of this subsection, no person is eligible to receive a limited driving privilege who at the time of application for a limited driving privilege has previously been granted such a privilege within the immediately preceding five years, or whose license has been suspended or revoked for the following reasons:

(a) A conviction of violating the provisions of section 577.010 or 577.012, or any similar provision of any federal or state law, or a municipal or county law where the judge in such case was an attorney and the defendant was represented by or waived the right to an attorney in writing, until the person has completed the first thirty days of a suspension or revocation imposed pursuant to this chapter;

(b) A conviction of any felony in the commission of which a motor vehicle was used;

(c) Ineligibility for a license because of the provisions of subdivision (1), (2), (4), (5), (6), (7), (8), (9), (10) or (11) of section 302.060;

(d) Because of operating a motor vehicle under the influence of narcotic drugs, a controlled substance as defined in chapter 195, or having left the scene of an accident as provided in section 577.060;

(e) Due to a revocation for the first time for failure to submit to a chemical test pursuant to section 577.041 or due to a refusal to submit to a chemical test in any other state, if such person has not completed the first ninety days of such revocation;

(f) Violation more than once of the provisions of section 577.041 or a similar implied consent law of any other state; or

(g) Due to a suspension pursuant to subsection 2 of section 302.525 and who has not completed the first thirty days of such suspension, provided the person is not otherwise ineligible for a limited driving privilege; or due to a revocation pursuant to subsection 2 of section 302.525 if such person has not completed such revocation.

(7) No person who possesses a commercial driver's license shall receive a limited driving privilege issued for the purpose of operating a commercial motor vehicle if such person's driving privilege is suspended, revoked, canceled, denied, or disqualified. Nothing in this section shall prohibit the issuance of a limited driving privilege for the purpose of operating a noncommercial motor vehicle provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege.

(8) (a) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of ten years, as prescribed in subdivision (9) of section 302.060, to apply for a limited driving privilege pursuant to this subsection if such person has served at least three years of such disqualification or revocation. Such person shall present evidence satisfactory to the court or the director that such person has not been convicted of any offense related to alcohol, controlled substances or drugs during the preceding three years and that the person's habits and conduct show that the person no longer poses a threat to the public safety of this state.

Such person shall present evidence satisfactory to the court or the director that such person has not been convicted of any offense related to alcohol, controlled substances or drugs during the preceding two years and that the person's habits and conduct show that the person no longer poses a threat to the public safety of this state. Such review shall be based upon the records of the department of revenue and other competent evidence and shall be limited to a review of whether the applicant was statutorily entitled to the limited driving privilege.

5. The director of revenue shall promulgate rules and regulations necessary to carry out the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.”; and

4. Whenever the state highways and transportation commission finds that any state highway bridge in the state is in such a condition that use of such bridge by vehicles of the weights specified in subsection 3 of this section will endanger the bridge, or the users of the bridge, the commission may establish maximum weight limits and speed limits for vehicles using such bridge. The governing body of any city or county may grant authority by act or ordinance to the state highways and transportation commission to enact the limitations established in this section on those roadways within the purview of such city or county. Notice of the weight limits and speed limits established by the commission shall be given by posting signs at a conspicuous place at each end of any such bridge.

Section 127, as amended. In no case shall the additional weight increase allowed by this subsection be greater than four hundred pounds. Upon request by an appropriate law enforcement officer, the vehicle operator shall provide proof that the idle reduction technology is fully functional at all times and that the gross weight increase is not used for any purpose other than for the use of idle reduction technology.

No person who is not a resident of such municipality and who has not been within the limits thereof for a continuous period of more than forty-eight hours, shall be convicted of a violation of such ordinances, unless it is shown by competent evidence that there was posted at the place where the boundary of such municipality joins or crosses any highway a sign displaying in black letters not less than four inches high and one inch wide on a white background the speed fixed by such municipality so that such sign may be clearly seen by operators and drivers from their vehicles upon entering such municipality.

2. Municipalities, by ordinance, may:

- (1) Make additional rules of the road or traffic regulations to meet their needs and traffic conditions;
- (2) Establish one-way streets and provide for the regulation of vehicles thereon;
- (3) Require vehicles to stop before crossing certain designated streets and boulevards;

- (5) Prohibit the use of certain designated streets to vehicles with metal tires, or solid rubber tires;

(6) Regulate the parking of vehicles on streets by the installation of parking meters for limiting the time of parking and exacting a fee therefor or by the adoption of any other regulatory method that is reasonable and practical, and prohibit or control left-hand turns of vehicles;

**5. No ordinance shall deny the use of commercial vehicles on all streets within the municipality.**

**537.293. 1. Notwithstanding any other provision of law, the use of vehicles on a public street or highway in a manner which is legal under state and local law shall not constitute a public or private nuisance, and shall not be the basis of a civil action for public or private nuisance.**

**2. No individual or business entity shall be subject to any civil action in law or equity for a public or private nuisance on the basis of such individual or business entity legally using vehicles on a public street or highway. Any actions by a court in this state to enjoin the use of a public street or highway in violation of this section and any damages awarded or imposed by a court, or assessed by a jury, against an individual or business entity for public or private nuisance in violation of this section shall be null and void.**

shall also include the operation of a street car or other rail-based or fixed guideway public mass transportation system, and the revenue of such district may be used to pay for the design, construction, ownership and operation of such a street car or other rail-based or fixed guideway public mass transportation system by such district or such municipality, or by a local transportation authority having jurisdiction within such municipality.

**(6) "Public mass transportation system", a transportation system owned or operated by a governmental or quasi-governmental entity, employing motor buses, rails, or any other means of conveyance, by whatsoever type of power, operated for public use in the conveyance of persons, mainly providing local transportation service within a municipality or a single metropolitan statistical area.**

2. For the purposes of sections 11(c), 16 and 22 of article X of the Constitution of Missouri, section 137.073, and as used in sections 238.200 to 238.275, the following terms shall have the meanings given:

(1) "Approval of the required majority" or "direct voter approval", a simple majority;

(2) "Qualified electors", "qualified voters" or "voters":

(a) Within a proposed or established district, except for a district proposed under subsection 1 of section 238.207, any persons residing therein who have registered to vote pursuant to chapter 115; or

(b) Within a district proposed or established under subsection 1 of section 238.207 which has no persons residing therein who have registered to vote pursuant to chapter 115, the owners of record of all real property located in the district, who shall receive one vote per acre, provided that if a registered voter subsequent to the creation of the district becomes a resident within the district and obtains ownership of property within the district, such registered voter must elect whether to vote as an owner of real property or as a registered voter, which election once made cannot thereafter be changed;

(3) "Registered voters", persons qualified and registered to vote pursuant to chapter 115.

238.225. 1. Before construction or funding of any project the district shall submit the proposed project to the commission for its prior approval. If the commission by minute finds that the project will improve or is a necessary or desirable extension of the state highways and transportation system, the commission may preliminarily approve the project subject to the district providing plans and specifications for the proposed project and making any revisions in the plans and specifications required by the commission and the district and commission entering into a mutually satisfactory agreement regarding development and future maintenance of the project. After such preliminary approval, the district may impose and collect such taxes and assessments as may be included in the commission's preliminary approval. After the commission approves the final construction plans and specifications, the district shall obtain prior commission approval of any modification of such plans or specifications.

2. If the proposed project is not intended to be merged into the state highways and transportation system under the commission's jurisdiction, the district shall also submit the proposed project and proposed plans and specifications to the local transportation authority that will become the owner of the project for its prior approval.

3. In those instances where a local transportation authority is required to approve a project and the commission determines that it has no direct interest in that project, the commission may decline to consider the project.

Approval of the project shall then vest exclusively with the local transportation authority subject to the district making any revisions in the plans and specifications required by the local transportation authority and the district and the local transportation authority entering into a mutually satisfactory agreement regarding development and future maintenance of the project. After the local transportation authority approves the final construction plans and specifications, the district shall obtain prior approval of the local transportation authority before modifying such plans or specifications.

**4. Notwithstanding any provision of this section to the contrary, this section shall not apply to any district whose project is a public mass transportation system.**

238.235. 1. (1) Any transportation development district may by resolution impose a transportation development district sales tax on all retail sales made in such transportation development district which are subject to taxation pursuant to the provisions of sections 144.010 to 144.525, except such transportation development district sales tax shall not apply to the sale or use of motor vehicles, trailers, boats or outboard motors nor to all sales of electricity or electrical current, water and gas, natural or artificial, nor to sales of service to telephone subscribers, either local or long distance. Such transportation development district sales tax may be imposed for any transportation development purpose designated by the transportation development district in its ballot of submission to its qualified voters, except that no resolution enacted pursuant to the authority granted by this section shall be effective unless:

(a) The board of directors of the transportation development district submits to the qualified voters of the transportation development district a proposal to authorize the board of directors of the transportation development district to impose or increase the levy of an existing tax pursuant to the provisions of this section; or

(b) The voters approved the question certified by the petition filed pursuant to subsection 5 of section 238.207.

(2) If the transportation district submits to the qualified voters of the transportation development district a proposal to authorize the board of directors of the transportation development district to impose or increase the levy of an existing tax pursuant to the provisions of paragraph (a) of subdivision (1) of this subsection, the ballot of submission shall contain, but need not be limited to, the following language:

Shall the transportation development district of ..... (transportation development district's name) impose a transportation development district-wide sales tax at the rate of ..... (insert amount) for a period of ..... (insert number) years from the date on which such tax is first imposed for the purpose of ..... (insert transportation development purpose)?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the resolution and any amendments thereto shall be in effect. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the board of directors of the transportation development district shall have no power to impose the sales tax authorized by this section unless and until the board of directors of the transportation development district shall again have submitted another proposal to authorize it to impose the sales tax pursuant to the provisions of this section and such proposal is approved by a majority of the qualified voters voting thereon.

(3) The sales tax authorized by this section shall become effective on the first day of the second calendar quarter after the department of revenue receives notification of the tax.

(4) In each transportation development district in which a sales tax has been imposed in the manner provided by this section, every retailer shall add the tax imposed by the transportation development district pursuant to this section to the retailer's sale price, and when so added such tax shall constitute a part of the price, shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price.

(5) In order to permit sellers required to collect and report the sales tax authorized by this section to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the transportation development district may establish appropriate brackets which shall be used in the district imposing a tax pursuant to this section in lieu of those brackets provided in section 144.285.

(6) All revenue received by a transportation development district from the tax authorized by this section which has been designated for a certain transportation development purpose shall be deposited in a special trust fund and shall be used solely for such designated purpose. Upon the expiration of the period of years approved by the qualified voters pursuant to subdivision (2) of this subsection or if the tax authorized by this section is repealed pursuant to subsection 6 of this section, all funds remaining in the special trust fund shall continue to be used solely for such designated transportation development purpose. Any funds in such special trust fund which are not needed for current expenditures may be invested by the board of directors in accordance with applicable laws relating to the investment of other transportation development district funds.

(7) The sales tax may be imposed in increments of one-eighth of one percent, up to a maximum of one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the transportation development district adopting such tax, if such property and services are subject to taxation by the state of Missouri pursuant to the provisions of sections 144.010 to 144.525, except such transportation development district sales tax shall not apply to the sale or use of motor vehicles, trailers, boats or outboard motors nor to public utilities. Any transportation development district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the district.

2. The resolution imposing the sales tax pursuant to this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate imposed by the resolution as the sales tax and the tax shall be reported and returned to and collected by the transportation development district.

3. On and after the effective date of any tax imposed pursuant to this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect, in addition to all other sales taxes imposed by law, the additional tax authorized pursuant to this section. The tax imposed pursuant to this section and the taxes imposed pursuant to all other laws of the state of Missouri shall be collected together and reported upon such forms and pursuant to such administrative rules and regulations as may be prescribed by the director of revenue.

4. (1) All applicable provisions contained in sections 144.010 to 144.525, governing the state sales tax, sections 32.085 and 32.087 and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax imposed by this section, except as modified in this section.

(2) All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services pursuant to the provisions of sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax imposed by this section.

(3) The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the transportation development district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

(4) All discounts allowed the retailer pursuant to the provisions of the state sales tax laws for the collection of and for payment of taxes pursuant to such laws are hereby allowed and made applicable to any taxes collected pursuant to the provisions of this section.

(5) The penalties provided in section 32.057 and sections 144.010 to 144.525 for violation of those sections are hereby made applicable to violations of this section.

(6) For the purpose of a sales tax imposed by a resolution pursuant to this section, all retail sales except retail sales of motor vehicles shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or the retailer's agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which the employee works.

5. All sales taxes received by the transportation development district shall be deposited by the director of revenue in a special fund to be expended for the purposes authorized in this section. The director of revenue shall keep accurate records of the amount of money which was collected pursuant to this section, and the records shall be open to the inspection of officers of each transportation development district and the general public.

6. (1) No transportation development district imposing a sales tax pursuant to this section may repeal or amend such sales tax unless such repeal or amendment will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects.

(2) Whenever the board of directors of any transportation development district in which a transportation development sales tax has been imposed in the manner provided by this section receives a petition, signed by ten percent of the qualified voters calling for an election to repeal such transportation development sales tax, the board of directors shall, if such repeal will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects, submit to the qualified voters of such transportation development district a proposal to repeal the transportation development sales tax imposed pursuant to the provisions of this section. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal to repeal the transportation development sales tax, then the resolution imposing the transportation development sales tax, along with any amendments thereto, is repealed. If a majority of the votes cast by the qualified voters voting thereon are opposed to the proposal to repeal the transportation development sales tax, then the ordinance or resolution imposing the transportation development sales tax, along with any amendments thereto, shall remain in effect.

**7. Notwithstanding any provision of sections 99.800 to 99.865, and this section to the contrary, the sales tax imposed by a district whose project is a public mass transportation system shall not be considered economic activity taxes as such term is defined under sections 99.805 and 99.918 and shall not be subject to allocation under the provisions of subsection 3 of section 99.845, or subsection 4 of section 99.957.”; and**

*House Amendment No. 1*

AMEND House Committee Substitute for Senate Bill No. 220, Page 3, Section 516.098, Line 6, by inserting immediately after said line the following:

**“537.033. 1. As used in this section, unless the context clearly indicates otherwise, the following words shall mean:**

(1) "Design professional", an architect, landscape architect, professional land surveyor or professional engineer, licensed under the provisions of chapter 327 or any corporation authorized to practice architecture, landscape architecture, land surveying, or engineering under section 327.401 while acting within his or her scope of practice;

(2) "Peer review process", a process through which design professionals evaluate, maintain, or monitor the quality and utilization of architectural, landscape architectural, land surveying or engineering services, prepare internal lessons-learned, or exercise any combination of such responsibilities.

2. A peer review process may be performed by the following, each of whom shall be deemed a peer reviewer:

(1) An individual design professional or committee of design professionals appointed by a state, county or local society of design professionals;

(2) An individual design professional or committee of design professionals appointed by the partners, shareholders, or employed design professionals of a partnership or of a corporation authorized under section 327.401;

(3) Any individual design professional or committee of design professionals appointed by the partners, board of directors, chief executive officer, or the quality control director of a partnership or a corporation authorized under section 327.401 to practice architecture, landscape architecture, land surveying, or engineering, or by the owner of a sole proprietorship engaged in one or more of such professions.

3. Each peer reviewer, member of a peer review committee, and each person, corporate director, partner, quality control director, or other design professional who testifies before, or provides information to, acts upon the recommendation of, or otherwise participates in the operation of, such a process shall be immune from civil liability for such acts so long as the acts are performed in good faith, without malice, and are reasonably related to the scope of inquiry of the peer review process.

4. Except as otherwise provided in this section, the interviews, memoranda, proceedings, findings, deliberations, reports, and minutes of the peer review process, or the existence of the same, concerning the professional services provided to a client or member of the public are privileged and shall not be subject to discovery, subpoena, or other means of legal compulsion for their release to any person or entity or be admissible into evidence in any judicial or administrative action for failure to provide appropriate architectural, landscape architectural, land surveying, or engineering services. Except as otherwise provided in this section, no person who was in attendance at or participated in any peer review process or proceedings shall be permitted or required to disclose any information acquired in connection with or in the course of such proceeding, or to disclose any opinion, recommendation, or evaluation of the peer reviewer or any member of a peer review committee; provided, however, that information otherwise discoverable or admissible from original sources shall not be construed as immune from discovery or use in any proceeding merely because it was presented during proceedings before a peer reviewer, nor shall a member, employee, or agent involved in any such process, or other person appearing before a peer reviewer be prevented from testifying as to matters within his or her personal knowledge and in accordance with the other provisions of this section; except that, such witness shall not be questioned about testimony or other proceedings before any peer review process or peer reviewer or about opinions formed as a result of such process. The disclosure of any interview, memoranda, proceedings, findings, deliberations, reports, or minutes to any person or entity, including but not limited to governmental agencies, professional accrediting agencies, or other design professionals, whether proper or improper, shall not waive or have any effect upon its confidentiality, nondiscoverability, or nonadmissibility.

5. Nothing in this section shall limit authority otherwise provided by law of the Missouri board for architects, professional engineers, professional land surveyors and landscape architects to obtain information by subpoena or other authorized process from a peer reviewer or to require disclosure of otherwise confidential information developed outside of the peer review process which relate to matters and investigations within the jurisdiction of such licensing board.”; and

"447.708. 1. For eligible projects, the director of the department of economic development, with notice to the directors of the departments of natural resources and revenue, and subject to the other provisions of sections 447.700 to 447.718, may not create a new enterprise zone but may decide that a prospective operator of a facility being remedied and renovated pursuant to sections 447.700 to 447.718 may receive the tax credits and exemptions pursuant to sections 135.100 to 135.150 and sections 135.200 to 135.257. The tax credits allowed pursuant to this subsection shall be used to offset the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise imposed by chapter 148. For purposes of this subsection:

(1) For receipt of the ad valorem tax abatement pursuant to section 135.215, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs. The city, or county if the eligible project is not located in a city, must provide ad valorem tax abatement of at least fifty percent for a period not less than ten years and not more than twenty-five years;

(2) For receipt of the income tax exemption pursuant to section 135.220 and tax credit for new or expanded business facilities pursuant to sections 135.100 to 135.150, and 135.225, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof. For purposes of sections 447.700 to 447.718, the tax credits described in section 135.225 are modified as follows: the tax credit shall be four hundred dollars per employee per year, an additional four hundred dollars per year for each employee exceeding the minimum employment thresholds of ten and twenty-five jobs for new and existing businesses, respectively, an additional four hundred dollars per year for each person who is a person difficult to employ as defined by section 135.240, and investment tax credits at the same amounts and levels as provided in subdivision (4) of subsection 1 of section 135.225;

(3) For eligibility to receive the income tax refund pursuant to section 135.245, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof, and otherwise comply with the provisions of section 135.245 for application and use of the refund and the eligibility requirements of this section;

(4) The eligible project operates in compliance with applicable environmental laws and regulations, including permitting and registration requirements, of this state as well as the federal and local requirements;

(5) The eligible project operator shall file such reports as may be required by the director of economic development or the director's designee;

(6) The taxpayer may claim the state tax credits authorized by this subsection and the state income exemption for a period not in excess of ten consecutive tax years. For the purpose of this section, "taxpayer" means an individual proprietorship, partnership or corporation described in section 143.441 or 143.471 who operates an eligible project. The

director shall determine the number of years the taxpayer may claim the state tax credits and the state income exemption based on the projected net state economic benefits attributed to the eligible project;

(7) For the purpose of meeting the new job requirement prescribed in subdivisions (1), (2) and (3) of this subsection, it shall be required that at least ten new jobs be created and maintained during the taxpayer's tax period for which the credits are earned, in the case of an eligible project that does not replace a similar facility in Missouri. "New job" means a person who was not previously employed by the taxpayer or related taxpayer within the twelve-month period immediately preceding the time the person was employed by that taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned. For the purposes of this section, related taxpayer has the same meaning as defined in subdivision (9) of section 135.100;

(8) For the purpose of meeting the existing job retention requirement, if the eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, it shall be required that at least twenty-five existing jobs be retained at, and in connection with the eligible project, on a full-time basis during the taxpayer's tax period for which the credits are earned. "Retained job" means a person who was previously employed by the taxpayer or related taxpayer, at a facility similar to the eligible project that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, within the tax period immediately preceding the time the person was employed by the taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned;

(9) In the case where an eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, the owner and operator of the eligible project shall provide the director with a written statement explaining the reason for discontinuing operations at the closed facility. The statement shall include a comparison of the activities performed at the closed facility prior to the date the facility ceased operating, to the activities performed at the eligible project, and a detailed account describing the need and rationale for relocating to the eligible project. If the director finds the relocation to the eligible project significantly impaired the economic stability of the area in which the closed facility was located, and that such move was detrimental to the overall economic development efforts of the state, the director may deny the taxpayer's request to claim tax benefits;

(10) Notwithstanding any provision of law to the contrary, for the purpose of this section, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment used at the eligible project during any tax year shall be determined by dividing by twelve, in the case of jobs, the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month of the tax year. If the eligible project is in operation for less than the entire tax year, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment created at the eligible project during any tax year shall be determined by dividing the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month during the portion of the tax year during which the eligible project was in operation, by the number of full calendar months during such period;

(11) For the purpose of this section, "new qualified investment" means new business facility investment as defined and as determined in subdivision (7) of section 135.100 which is used at and in connection with the eligible project. "New qualified investment" shall not include small tools, supplies and inventory. "Small tools" means tools that are portable and can be hand held.

2. The determination of the director of economic development pursuant to subsection 1 of this section shall not affect requirements for the prospective purchaser to obtain the approval of the granting of real property tax abatement by the municipal or county government where the eligible project is located.

3. (1) The director of the department of economic development, with the approval of the director of the department of natural resources, may, in addition to the tax credits allowed in subsection 1 of this section, grant a remediation tax credit to the applicant for up to one hundred percent of the costs of materials, supplies, equipment, labor, professional engineering, consulting and architectural fees, permitting fees and expenses, demolition, asbestos abatement, **environmental insurance premiums, backfill of areas where contaminated soil excavation occurs**, and direct utility charges for performing the voluntary remediation activities for the preexisting hazardous substance contamination and releases, including, but not limited to, the costs of performing operation and maintenance of the remediation equipment at the property beyond the year in which the systems and equipment are built and installed at the eligible project and the costs of performing the voluntary remediation activities over a period not in excess of four tax years following the taxpayer's tax year in which the system and equipment were first put into use at the eligible project, provided the

remediation activities are the subject of a plan submitted to, and approved by, the director of natural resources pursuant to sections 260.565 to 260.575. The tax credit may also include up to one hundred percent of the costs of demolition that are not directly part of the remediation activities, provided that the demolition is on the property where the voluntary remediation activities are occurring, the demolition is necessary to accomplish the planned use of the facility where the remediation activities are occurring, and the demolition is part of a redevelopment plan approved by the municipal or county government and the department of economic development. The demolition may occur on an adjacent property if the project is located in a municipality which has a population less than twenty thousand and the above conditions are otherwise met. The adjacent property shall independently qualify as abandoned or underutilized. The amount of the credit available for demolition not associated with remediation cannot exceed the total amount of credits approved for remediation including demolition required for remediation.

(2) The amount of remediation tax credits issued shall be limited to the least amount necessary to cause the project to occur, as determined by the director of the department of economic development.

(3) The director may, with the approval of the director of natural resources, extend the tax credits allowed for performing voluntary remediation maintenance activities, in increments of three-year periods, not to exceed five consecutive three-year periods. The tax credits allowed in this subsection shall be used to offset the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise imposed by chapter 148.

The remediation tax credit may be taken in the same tax year in which the tax credits are received or may be taken over a period not to exceed twenty years.

(4) The project facility shall be projected to create at least ten new jobs or at least twenty-five retained jobs, or a combination thereof, as determined by the department of economic development, to be eligible for tax credits pursuant to this section.

(5) No more than seventy-five percent of earned remediation tax credits may be issued when the remediation costs were paid, and the remaining percentage may be issued when the department of natural resources issues a letter of completion letter or covenant not to sue following completion of the voluntary remediation activities. It shall not include any costs associated with ongoing operational environmental compliance of the facility or remediation costs arising out of spills, leaks, or other releases arising out of the ongoing business operations of the facility. In the event the department of natural resources issues a letter of completion for a portion of a property, an impacted media such as soil or groundwater, or for a site or a portion of a site improvement, a prorated amount of the remaining percentage may be released based on the percentage of the total site receiving a letter of completion.

4. In the exercise of the sound discretion of the director of the department of economic development or the director's designee, the tax credits and exemptions described in this section may be terminated, suspended or revoked, if the eligible project fails to continue to meet the conditions set forth in this section. In making such a determination, the director shall consider the severity of the condition violation, actions taken to correct the violation, the frequency of any condition violations and whether the actions exhibit a pattern of conduct by the eligible facility owner and operator. The director shall also consider changes in general economic conditions and the recommendation of the director of the department of natural resources, or his or her designee, concerning the severity, scope, nature, frequency and extent of any violations of the environmental compliance conditions. The taxpayer or person claiming the tax credits or exemptions may appeal the decision regarding termination, suspension or revocation of any tax credit or exemption in accordance with the procedures outlined in subsections 4 [to 6] **and 5** of section 135.250. The director of the department of economic development shall notify the directors of the departments of natural resources and revenue of the termination, suspension or revocation of any tax credits as determined in this section or pursuant to the provisions of section 447.716.

5. Notwithstanding any provision of law to the contrary, no taxpayer shall earn the tax credits, exemptions or refund otherwise allowed in subdivisions (2), (3) and (4) of subsection 1 of this section and the tax credits otherwise allowed in section 135.110, or the tax credits, exemptions and refund otherwise allowed in sections 135.215, 135.220, 135.225 and 135.245, respectively, for the same facility for the same tax period.

6. The total amount of the tax credits allowed in subsection 1 of this section may not exceed the greater of:

(1) That portion of the taxpayer's income attributed to the eligible project; or

(2) One hundred percent of the total business' income tax if the eligible facility does not replace a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; fifty percent of the total business' income tax if the eligible facility replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; or twenty-five percent of the total business income if the taxpayer operates, in addition to the eligible facility, any other facilities in Missouri. In no case shall a taxpayer

operating more than one eligible project in Missouri be allowed to offset more than twenty-five percent of the taxpayer's business income in any tax period. That portion of the taxpayer's income attributed to the eligible project as referenced in subdivision (1) of this subsection, for which the credits allowed in sections 135.110 and 135.225 and subsection 3 of this section, may apply, shall be determined in the same manner as prescribed in subdivision (6) of section 135.100. That portion of the taxpayer's franchise tax attributed to the eligible project for which the remediation tax credit may offset, shall be determined in the same manner as prescribed in paragraph (a) of subdivision (6) of section 135.100.

7. Taxpayers claiming the state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use. Otherwise, the taxpayer's right to claim such state tax benefits shall be forfeited. Unused business facility and enterprise zone tax credits shall not be carried forward but shall be initially claimed for the tax period during which the eligible project was first capable of being used, and during any applicable subsequent tax periods.

8. Taxpayers claiming the remediation tax credit allowed in subsection 3 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use, or during the taxpayer's tax period immediately after the tax period in which the voluntary remediation activities were performed.

9. The recipient of remediation tax credits, for the purpose of this subsection referred to as assignor, may assign, sell or transfer, in whole or in part, the remediation tax credit allowed in subsection 3 of this section to any other person, for the purpose of this subsection referred to as assignee. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address and the assignee's tax period and the amount of tax credits to be transferred. The number of tax periods during which the assignee may subsequently claim the tax credits shall not exceed twenty tax periods, less the number of tax periods the assignor previously claimed the credits before the transfer occurred.

10. In the case where an operator and assignor of an eligible project has been certified to claim state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section, and sells or otherwise transfers title of the eligible project to another taxpayer or assignee who continues the same or substantially similar operations at the eligible project, the director shall allow the assignee to claim the credits for a period of time to be determined by the director; except that, the total number of tax periods the tax credits may be earned by the assignor and the assignee shall not exceed ten. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address, and the assignee's tax period, and the amount of tax credits to be transferred.

11. For the purpose of the state tax benefits described in this section, in the case of a corporation described in section 143.471 or partnership, in computing Missouri's tax liability, such state benefits shall be allowed to the following:

- (1) The shareholders of the corporation described in section 143.471;
- (2) The partners of the partnership. The credit provided in this subsection shall be apportioned to the entities described in subdivisions (1) and (2) of this subsection in proportion to their share of ownership on the last day of the taxpayer's tax period."; and

An act to repeal section 311.297, RSMo, and to enact in lieu thereof two new sections relating to liquor control.

With Senate Amendment No. 1 and Senate Amendment No. 2.

*Senate Amendment No. 1*

AMEND Senate Committee Substitute for House Bill No. 101, Page 2, Section 311.297, Line 36, by inserting after all of said line the following:

"311.482. 1. Notwithstanding any other provision of this chapter, a permit for the sale of **all kinds of** intoxicating liquor [as defined in section 311.020], **including intoxicating liquor in the original package, at retail by the drink** for consumption on **the** premises [where sold] **of the licensee** may be issued to any church, school, civic, service, fraternal, veteran, political, or charitable club or organization for the sale of such intoxicating liquor at a picnic, bazaar, fair, or similar gathering. The permit shall be issued only for the day or days named therein and it shall not authorize the sale of intoxicating liquor for more than seven days by any such club or organization.

2. To secure the permit, the applicant shall complete a form provided by the supervisor, but no applicant shall be required to furnish a personal photograph as part of the application. The applicant shall pay a fee of twenty-five dollars for such permit.

3. If the event will be held on a Sunday, the permit shall authorize the sale of intoxicating liquor on that day beginning at 11:00 a.m.

4. At the same time that an applicant applies for a permit under the provisions of this section, the applicant shall notify the director of revenue of the holding of the event and by such notification, by certified mail, shall accept responsibility for the collection and payment of any applicable sales tax. Any sales tax due shall be paid to the director of revenue within fifteen days after the close of the event, and failure to do so shall result in a liability of triple the amount of the tax due plus payment of the tax, and denial of any other permit for a period of three years. Under no circumstances shall a bond be required from the applicant.

5. No provision of law or rule or regulation of the supervisor shall be interpreted as preventing any wholesaler or distributor from providing customary storage, cooling or dispensing equipment for use by the permit holder at such picnic, bazaar, fair or similar gathering.

311.485. 1. The supervisor of liquor control may issue a temporary permit to caterers and other persons holding licenses to sell intoxicating liquor, **including intoxicating liquor in the original package**, by the drink at retail for consumption on the premises pursuant to the provisions of this chapter who furnish provisions and service for use at a particular function, occasion or event at a particular location other than the licensed premises, but not including a festival as defined in chapter 316. The temporary permit shall be effective for a period not to exceed one hundred sixty-eight consecutive hours, and shall authorize the service of alcoholic beverages at such function, occasion or event during the hours at which alcoholic beverages may lawfully be sold or served upon premises licensed to sell alcoholic beverages for on-premises consumption. For every permit issued pursuant to the provisions of this section, the permittee shall pay to the director of revenue the sum of ten dollars for each calendar day, or fraction thereof, for which the permit is issued.

2. Except as provided in subsection 3 of this section, all provisions of the liquor control law and the ordinances, rules and regulations of the incorporated city, or the unincorporated area of any county, in which is located the premises in which such function, occasion or event is held shall extend to such premises and shall be in force and enforceable during all the time that the permittee, its agents, servants, employees, or stock are in such premises. [Except for Missouri-produced wines in the original package, the provisions of this section shall not include the sale of packaged goods covered by this temporary permit.]

3. Notwithstanding any other law to the contrary, any caterer who possesses a valid state and valid local liquor license may deliver alcoholic beverages in the course of his or her catering business. A caterer who possesses a valid state and valid local liquor license need not obtain a separate license for each city the caterer delivers in, so long as such city permits any caterer to deliver alcoholic beverages within the city.

4. To assure and control product quality, wholesalers may, but shall not be required to, give a retailer credit for intoxicating liquor with an alcohol content of less than five percent by weight delivered and invoiced under the catering permit number, but not used, if the wholesaler removes the product within seventy-two hours of the expiration of the catering permit issued pursuant to this section.

311.486. 1. The supervisor of alcohol and tobacco control may issue a special license to caterers and other persons holding licenses to sell intoxicating liquor, **including intoxicating liquor in the original package**, by the drink at retail for consumption on the premises pursuant to the provisions of this chapter who furnish provisions and service for use at a particular function, occasion, or event at a particular location other than the licensed premises, but not including a festival as defined in chapter 316. The special license shall be effective for a maximum of fifty days during

any year, and shall authorize the service of alcoholic beverages at such function, occasion, or event during the hours at which alcoholic beverages may lawfully be sold or served upon premises licensed to sell alcoholic beverages for on-premises consumption. For every special license issued pursuant to the provisions of this subsection, the licensee shall pay to the director of revenue the sum of five hundred dollars a year payable at the same time and in the same manner as its other license fees.

2. The supervisor of alcohol and tobacco control may issue a special license to caterers and other persons holding licenses to sell intoxicating liquor by the drink at retail for consumption on the premises pursuant to the provisions of this chapter who furnish provisions and service for use at a particular function, occasion, or event at a particular location other than the licensed premises, but not including a festival as defined in chapter 316. The special license shall be effective for an unlimited number of functions during the year, and shall authorize the service of alcoholic beverages at such function, occasion, or event during the hours at which alcoholic beverages may lawfully be sold or served upon premises licensed to sell alcoholic beverages for on-premises consumption. For every special license issued pursuant to the provisions of this subsection, the licensee shall pay to the director of revenue the sum of one thousand dollars a year payable at the same time and in the same manner as its other license fees.

3. Caterers issued a special license pursuant to subsections 1 and 2 of this section shall report to the supervisor of alcohol and tobacco control the location of each function three business days in advance. The report of each function shall include permission from the property owner and city, description of the premises, and the date or dates the function will be held.

4. Except as provided in subsection 5 of this section, all provisions of the liquor control law and the ordinances, rules and regulations of the incorporated city, or the unincorporated area of any county, in which is located the premises in which such function, occasion, or event is held shall extend to such premises and shall be in force and enforceable during all the time that the licensee, its agents, servants, employees, or stock are in such premises. [Except for wines in the original package, the provisions of this section shall not include the sale of packaged goods covered by this special license.]

5. Notwithstanding any other law to the contrary, any caterer who possesses a valid state and valid local liquor license may deliver alcoholic beverages, in the course of his or her catering business. A caterer who possesses a valid state and valid local liquor license need not obtain a separate license for each city the caterer delivers in, so long as such city permits any caterer to deliver alcoholic beverages within the city.

6. To assure and control product quality, wholesalers may, but shall not be required to, give a retailer credit for intoxicating liquor with an alcohol content of less than five percent by weight delivered and invoiced under the catering license number, but not used, if the wholesaler removes the product within seventy-two hours of the expiration of the catering function."; and

Further amend the title and enacting clause accordingly.

*Senate Amendment No. 2*

Any person possessing the qualifications and meeting the requirements of this chapter who is licensed to sell intoxicating liquor by the drink at retail for consumption on the premises in a home rule city with more than four hundred thousand inhabitants and located in more than one county may be issued a special permit by the state and such city. Notwithstanding the provisions of 311.089 to the contrary, the special permit issued under this section shall allow the licensed premises to sell intoxicating liquor from 6:00 a.m. until 3:00 a.m. on the morning of the following day within one twenty-four hour period. Any person granted a special permit under this section shall only be authorized to receive up to six such special permits from the city in a calendar year.";** and

# JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

---

SIXTY-SEVENTH DAY, THURSDAY, MAY 5, 2011

The House met pursuant to adjournment.

Speaker Pro Tem Schoeller in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

*The steps of a good man are ordered by the Lord: and he delighteth in his way. (Psalm 37:23)*

Eternal God, Who has promised unto the upright in heart a light that shines in the darkness and a strength that never fails, grant unto us such good attitudes and such high purposes that shall lift us above the shadow of doubt and fear and help us to realize the power of Your presence. Give to us the wings of faith, the lift of love, and the heart of hope as we commit ourselves anew to You and to Your will for our lives.

May we walk the ever changing roads of our daily life with confidence and courage, knowing that You are with us always and all the way. Give to us this day a healthy body, an understanding mind, a happy spirit, a loving heart and with it all a will ready to do good to others where we can do good and to be faithful to You. And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Kyler May Rademan, Breanna Taylor Clark, Claire Thomas, Austin Janes, Salwa Mikhail, Parker Williams, Lucas Tourney, Jackson Wagner, Jamey Lemon, Ashley Wilson, Jennifer Fohey, Adrianna Dunn and Jackie Dowil.

### *House Amendment No. 8*

AMEND House Committee Substitute for Senate Bill No. 145, Section 67.319, Page 5, Line 53, by inserting the following after all of said section and line:

**“143.789. The director of the department shall have the authority to impose an offset against a refund owed to any taxpayer for the following items and in the following order of priority:**

- (1) Delinquent taxes owed by the taxpayer to the state of Missouri;**
- (2) Debts owed by such taxpayer to any state agency or support obligation owed by such taxpayer which is enforced by the division of family services on behalf of a person who is receiving support enforcement services under section 454.425;**
- (3) Collection assistance fees authorized under section 143.790;**
- (4) Eligible claims under section 143.790; and**
- (5) Delinquent taxes owed by the taxpayer to the United States.**

143.790. 1. [Any hospital or health care provider who has provided health care services to an individual who was not covered by a health insurance policy or was not eligible to receive benefits under the state's medical assistance program of needy persons, Title XIX, P.L. 89-97, 1965 amendments to the federal Social Security Act, 42 U.S.C. Section

301, et seq., under chapter 208, RSMo, and the health insurance for uninsured children under sections 208.631 to 208.657, RSMo, at the time such health care services were administered, and such person has failed to pay for such services for a period greater than ninety days, may submit a claim to the director of the department of health and senior services for the unpaid health care services. The director of the department of health and senior services shall review such claim. If the claim appears meritorious on its face, the claim for the unpaid medical services shall constitute a debt of the department of health and senior services for purposes of sections 143.782 to 143.788, and the director may certify the debt to the department of revenue in order to set off the debtor's income tax refund. Once the debt has been certified, the director of the department of health and senior services shall submit the debt to the department of revenue under the setoff procedure established under section 143.783.

2. At the time of certification, the director of the department of health and senior services shall supply any information necessary to identify each debtor whose refund is sought to be set off pursuant to section 143.784 and certify the amount of the debt or debts owed by each such debtor.

3. If a debtor identified by the director of the department of health and senior services is determined by the department of revenue to be entitled to a refund, the department of revenue shall notify the department of health and senior services that a refund has been set off on behalf of the department of health and senior services for purposes of this section and shall certify the amount of such setoff, which shall not exceed the amount of the claimed debt certified. When the refund owed exceeds the claimed debt, the department shall send the excess amount to the debtor within a reasonable time after such excess is determined.

4. The department of revenue shall notify the debtor by certified mail the taxpayer whose refund is sought to be set off that such setoff will be made. The notice shall contain the provisions contained in subsection 3 of section 143.794, including the opportunity for a hearing to contest the setoff provided therein, and shall otherwise substantially comply with the provisions of subsection 3 of section 143.784.

5. Once a debt has been set off and finally determined under the applicable provisions of sections 143.782 to 143.788, and the department of health and senior services has received the funds transferred from the department of revenue, the department of health and senior services shall settle with each hospital or health care provider for the amounts that the department of revenue set off for such party. At the time of each settlement, each hospital or health care provider shall be charged for administration expenses which shall not exceed twenty percent of the collected amount.

6. Lottery prize payouts made under section 313.321, RSMo, shall also be subject to the setoff procedures established in this section and any rules and regulations promulgated thereto.

7. The director of the department of revenue shall have priority to offset any delinquent tax owed to the state of Missouri. Any remaining refund shall be offset to pay a state agency debt or to meet a child support obligation that is enforced by the division of family services on behalf of a person who is receiving support enforcement services under section 454.425, RSMo.

8.] As used in this section, the following terms shall mean:

The claim clearinghouse shall be selected by the department through use of and in compliance with the applicable requirements of chapter 34;

Health care services shall include, but not be limited to, treatment of patients and transporting of patients incidental, or pursuant, to the delivery of ambulance services

(9) "Provider", any provider of ambulance services licensed by the Missouri department of health and senior services in accordance with chapter 190, to include but not be limited to any provider of air ambulance services licensed under section 190.108 and any provider of ground ambulance services licensed under section 190.109;

(10) "Refund", a patient's Missouri income tax refund which the department determines to be due pursuant to the provisions of this chapter;

(11) "Review officer", a person designated by a provider to review claims, at the request of a patient, to determine whether such provider has a valid claim, the amount of such claim, and whether such claim qualifies as an eligible claim under this section.

2. Prior to submission of a claim to the claim clearinghouse, a provider shall send written notice to a patient that such provider intends to submit a claim to the claim clearinghouse for collection by setoff under this section. The notice shall:

- (1) Provide the basis for the claim;
- (2) State that the provider intends to request that the department apply the patient's refund against the claim;
- (3) State that a collection assistance fee will be added to the claim if it is submitted for setoff;

- (5) State the time limit and procedure for requesting such review, and that failure to request a review within thirty days following receipt of the notice required under this section shall result in submission of the claim to the claim clearinghouse for setoff of the debt by the department.

3. Upon receipt of the notice required under subsection 2 of this section, any patient seeking review of a claim with the provider shall file a written request for review within thirty days of receipt of such notice. A request for a review shall be deemed filed when properly addressed and delivered to the United States Postal Service for mailing with postage prepaid. A review officer shall be appointed by the provider to review such claim. In reviewing a claim, any issue that has previously been litigated in a court proceeding shall not be considered by the review officer. If the patient seeks a review of the claim and the review officer finds either that the claim is invalid or the claim does not qualify as an eligible claim under this section, the review officer's determination shall be final and binding on the provider and such provider shall have no right to appeal such determination. If all or part of the claim is found by the review officer to be valid and eligible for setoff under this section, the review officer shall notify the provider and the patient of such fact. Such notice shall:

- (1) Inform the patient that the patient has the right to appeal the review officer's determination by filing an appeal with the appeals committee;
- (2) State the time limit and procedure for requesting such an appeal; and
- (3) State that failure to request the appeal within thirty days following receipt of the notice required under this subsection shall result in submission of the claim to the claim clearinghouse for setoff of the debt by the department.

4. Upon receipt of the notice required under subsection 3 of this section, any patient seeking an appeal of a determination of a review officer under subsection 4 of this section shall file a written request for such appeal within thirty days following receipt of such notice. An appeal shall be deemed filed when properly addressed and delivered to the United States Postal Service for mailing with postage prepaid. An appeal of a review officer's determination shall be heard by an appeals committee. In an appeal under this section, any issue that has been previously litigated in a court proceeding shall not be considered. A decision made after an appeal under this section shall determine whether a claim is owed to the provider, the amount of the claim, and whether the claim is an eligible claim under this section.

5. If the appeals committee finds a claim to be invalid or otherwise ineligible under this section, the decision of the appeals committee shall be final and binding on the provider and may not be appealed by the provider. If all or part of the claim is found by the appeals committee to be valid and eligible for setoff under this section, the appeals committee shall notify the provider and the patient of such fact. Such notice shall:

(1) Inform the patient that the patient has the right to challenge the appeals committee determination by notifying the provider that it disagrees with the determination and advising the provider as to the basis of such disagreement;

(2) State that the patient must notify the provider of the challenge within ninety days of the patient's receipt of the notice from the appeals committee;

(3) Advise the patient that if the patient challenges the appeals committee's determination under this subsection, the provider will not be permitted to setoff the provider's claim against the patient's refund under this section unless and until the provider files suit against the patient in court seeking a determination that the provider's claim is valid regarding the amount of the claim and that the claim is eligible for setoff under this section, and the court determines that the provider's claim is valid, the amount of the provider's claim, and that provider's claim is eligible for setoff under this section; and

(4) Advise the patient that if the patient does not challenge the appeal committee's determination under this subsection, the provider will submit the claim to the claim clearinghouse for setoff by the department under this subsection.

6. If the provider prevails in the lawsuit filed under subsection 5 of this section, the provider may submit the claim to the claim clearinghouse for setoff by the department under this section. If the patient prevails in the lawsuit filed by the provider under subsection 5 of this section, the provider shall be:

(1) Forever barred from submitting the claim to the claim clearinghouse for setoff by the department under this section;

(2) Forever barred from taking any other steps to collect the amount of the claim from the patient; and

(3) Obligated to reimburse the patient for court costs and attorney's fees associated with the lawsuit filed under subsection 5 of this section.

7. Any provider may submit a claim to the claim clearinghouse for review. In connection with its submission of a claim to the claim clearinghouse, the provider, whenever possible, shall provide the claim clearinghouse with the patient's full name, Social Security number, address, and any other identifying information that the department advises the claim clearinghouse is necessary for the department to setoff the claim under this section. The provider shall also provide the claim clearinghouse with information demonstrating the provider's compliance with the requirements of this section with respect to the claim.

8. If the claim clearinghouse receives sufficient evidence that a provider has fully complied with the requirements of this section and finds the claim valid, the claim shall be deemed eligible for setoff by the department under this section and shall be forwarded to the department. In connection with its submission of the claim to the department, the claim clearinghouse, whenever possible, shall provide the department with the patient's full name, Social Security number, address, and any other identifying information that the department advises the claim clearinghouse is necessary for the department to setoff the claim under this section.

9. If the claim clearinghouse determines that the provider has failed to comply with any applicable requirements in this section or that the claim is not valid, the claim clearinghouse shall return the claim to the provider.

10. If the department determines that a patient identified by a provider in an eligible claim filed with the department is entitled to a refund, the department shall notify the claim clearinghouse that a refund is available for setoff and the amount of such refund, and whether the refund results from a joint or combined return. Notwithstanding any provision of section 32.057 and any other confidentiality statute of this state to the contrary, the department may provide the claim clearinghouse with all information necessary to accomplish and carry out the provisions of this section and section 143.789, but shall not provide the claim clearinghouse with any information whose disclosure is prohibited by Section 6103(d) of the Internal Revenue Code of 1986, as amended. The information obtained by the claim clearinghouse from the department in accordance with this section and section 143.789 shall retain its confidentiality and shall only be used by the claim clearinghouse for the purpose described in this section and section 143.789.

11. (1) At that time, the department shall also notify the patient by regular mail that setoff against the patient's tax refund has been authorized under this section. The notice shall include the following information:

(a) The amount of the eligible claim and the name of the provider seeking setoff;

(b) That a setoff to the patient's refund against the eligible claim has been performed; and

(c) Any amount of the refund remaining after the offset of the eligible claim.

(2) In the case of a joint or combined return, the notice shall also state the name of the nonobligated taxpayer named in the return, if any, against whom no claim is asserted, the fact that no claim is asserted against such taxpayer, and the fact that such taxpayer is entitled to receive a refund if it is due the taxpayer regardless of the claim asserted against the taxpayer's spouse. In order to obtain the refund due the taxpayer, the taxpayer shall apply in writing for an apportionment of the refund with the department within thirty days of the date of receipt of the notice unless, in anticipation of the setoff of the taxpayer's spouse's refund, such nonobligated taxpayer provided the department with a request for apportionment of the anticipated refund which was filed at the same time the original tax return was filed, in which case the department shall determine the apportionment of the refund and forward the determination of apportionment and the nonobligated taxpayer's portion of the refund to the nonobligated taxpayer within fifteen working days of the transfer of the obligated taxpayer's portion of the refund to the claim clearinghouse. Unless a request for apportionment of the anticipated refund was provided to the department as provided in this section, within ninety days after the filing of such taxpayer's application for apportionment of the refund with the department a determination of apportionment shall be mailed to the nonobligated taxpayer by the department. (3) The sales tax authorized by this section shall become effective on the first day of the second calendar quarter after the department of revenue receives notification of the tax.

(4) In each transportation development district in which a sales tax has been imposed in the manner provided by this section, every retailer shall add the tax imposed by the transportation development district pursuant to this section to the retailer's sale price, and when so added such tax shall constitute a part of the price, shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price.

(5) In order to permit sellers required to collect and report the sales tax authorized by this section to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the transportation development district may establish appropriate brackets which shall be used in the district imposing a tax pursuant to this section in lieu of those brackets provided in section 144.285.

(6) All revenue received by a transportation development district from the tax authorized by this section which has been designated for a certain transportation development purpose shall be deposited in a special trust fund and shall be used solely for such designated purpose. Upon the expiration of the period of years approved by the qualified voters pursuant to subdivision (2) of this subsection or if the tax authorized by this section is repealed pursuant to subsection 6 of this section, all funds remaining in the special trust fund shall continue to be used solely for such designated transportation development purpose. Any funds in such special trust fund which are not needed for current expenditures may be invested by the board of directors in accordance with applicable laws relating to the investment of other transportation development district funds.

(7) The sales tax may be imposed in increments of one-eighth of one percent, up to a maximum of one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the transportation development district adopting such tax, if such property and services are subject to taxation by the state of Missouri pursuant to the provisions of sections 144.010 to 144.525, except such transportation development district sales tax shall not apply to the sale or use of motor vehicles, trailers, boats or outboard motors nor to public utilities. Any transportation development district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the district.

2. The resolution imposing the sales tax pursuant to this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate imposed by the resolution as the sales tax and the tax shall be reported and returned to and collected by the transportation development district.

3. On and after the effective date of any tax imposed pursuant to this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect, in addition to all other sales taxes imposed by law, the additional tax authorized pursuant to this section. The tax imposed pursuant to this section and the taxes imposed pursuant to all other laws of the state of Missouri shall be collected together and reported upon such forms and pursuant to such administrative rules and regulations as may be prescribed by the director of revenue.

4. (1) All applicable provisions contained in sections 144.010 to 144.525, governing the state sales tax, sections 32.085 and 32.087 and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax imposed by this section, except as modified in this section.

(2) All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services pursuant to the provisions of sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax imposed by this section.

(3) The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the transportation development district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

(4) All discounts allowed the retailer pursuant to the provisions of the state sales tax laws for the collection of and for payment of taxes pursuant to such laws are hereby allowed and made applicable to any taxes collected pursuant to the provisions of this section.

(5) The penalties provided in section 32.057 and sections 144.010 to 144.525 for violation of those sections are hereby made applicable to violations of this section.

(6) For the purpose of a sales tax imposed by a resolution pursuant to this section, all retail sales except retail sales of motor vehicles shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or the retailer's agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which the employee works.

5. All sales taxes received by the transportation development district shall be deposited by the director of revenue in a special fund to be expended for the purposes authorized in this section. The director of revenue shall keep accurate records of the amount of money which was collected pursuant to this section, and the records shall be open to the inspection of officers of each transportation development district and the general public.

6. (1) No transportation development district imposing a sales tax pursuant to this section may repeal or amend such sales tax unless such repeal or amendment will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects.

(2) Whenever the board of directors of any transportation development district in which a transportation development sales tax has been imposed in the manner provided by this section receives a petition, signed by ten percent of the qualified voters calling for an election to repeal such transportation development sales tax, the board of directors shall, if such repeal will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects, submit to the qualified voters of such transportation development district a proposal to repeal the transportation development sales tax imposed pursuant to the provisions of this section. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal to repeal the transportation development sales tax, then the resolution imposing the transportation development sales tax, along with any amendments thereto, is repealed. If a majority of the votes cast by the qualified voters voting thereon are opposed to the proposal to repeal the transportation development sales tax, then the ordinance or resolution imposing the transportation development sales tax, along with any amendments thereto, shall remain in effect.

**7. Notwithstanding any provision of sections 99.800 to 99.865, and this section to the contrary, the sales tax imposed by a district whose project is a public mass transportation system shall not be considered economic activity taxes as such term is defined under sections 99.805 and 99.918 and shall not be subject to allocation under the provisions of subsection 3 of section 99.845, or subsection 4 of section 99.957.”; and**

"70.710. 1. The "Employer Accumulation Fund" is hereby created. It is the fund in which shall be accumulated the contributions made by employers for benefits, and from which shall be made transfers, as provided in sections 70.600 to 70.755.

2. When paid to the system, the employer contributions provided for in subsections 2 and 3 of section 70.730 shall be credited to the employer accumulation fund account of the employer making the contributions.

3. When an allowance other than a disability allowance **or an allowance that results from a member's death that was the natural and proximate result of a personal injury or disease arising out of and in the course of his or her actual performance of duty as an employee** first becomes due and payable, there shall be transferred to the benefit reserve fund from his employer's account in the employer accumulation fund the difference between the reserve for the allowance and the accumulated contributions standing to his credit in the members deposit fund at the time the allowance first becomes due and payable, of the member or former member to whom or on whose behalf the allowance is payable.

4. A separate account shall be maintained in the employer accumulation fund for each employer. No employer shall be responsible for the employer accumulation fund liabilities of another employer.

5. When a disability allowance **or an allowance that results from a member's death that was the natural and proximate result of a personal injury or disease arising out of and in the course of his or her actual performance of duty as an employee** first becomes due and payable, the accrued service pension reserve covering the retiring member shall be calculated in the manner provided for in subsection 3 of section 70.730, as of the effective date of the disability allowance. Such reserve shall be transferred to the benefit reserve fund from the employer's account in the employer accumulation fund.

70.720. 1. The "Casualty Reserve Fund" is hereby created. It is the fund in which shall be accumulated the contributions made by employers for pensions **either** to be paid members who retire on account of disability **or that result from a member's death that was the natural and proximate result of a personal injury or disease arising out of and in the course of his or her actual performance of duty as an employee**, and from which shall be made transfers as provided in sections 70.600 to 70.755.

2. When paid to the system, the employer contributions provided for in subsection 4 of section 70.730 shall be credited to the casualty reserve fund.

3. When a disability allowance **or an allowance that results from a member's death that was the natural and proximate result of a personal injury or disease arising out of and in the course of his or her actual performance of duty as an employee** first becomes due and payable, there shall be transferred to the benefit reserve fund from the casualty reserve fund an amount equal to the reserve for the allowance, minus:

(1) The accumulated contributions, standing to the member's credit in the members deposit fund at the time the allowance first becomes due and payable; and

(2) The accrued service pension reserve determined pursuant to subsection 5 of section 70.710.

70.730. 1. Each employer's contributions to the system shall be the total of the contribution amounts provided for in subsections 2 through 5 of this section; provided, that such contributions shall be subject to the provisions of subsection 6 of this section.

2. An employer's normal cost contributions shall be determined as follows: Using the financial assumptions adopted by the board from time to time, the actuary shall annually compute the rate of contributions which, if paid

annually by each employer during the total service of its members, will be sufficient to provide the pension reserves required at the time of their retirements to cover the pensions to which they might be entitled or which might be payable on their behalf. The board shall annually certify to the governing body of each employer the amount of membership service contribution so determined, and each employer shall pay such amount to the system during the employer's next fiscal year which begins six months or more after the date of such board certification. Such payments shall be made in such manner and form and in such frequency and shall be accompanied by such supporting data as the board shall from time to time determine. When received, such payments shall be credited to the employer's account in the employer accumulation fund.

3. An employer's accrued service contributions shall be determined as follows: Using the financial assumptions adopted by the board from time to time, the actuary shall annually compute for each employer the portions of pension reserves for pensions which will not be provided by future normal cost contributions. The accrued service pension reserves so determined for each employer less the employer's applicable balance in the employer accumulation fund shall be amortized over a period of years, as determined by the board. Such period of years shall not extend beyond the latest of (1) forty years from the date the political subdivision became an employer, or (2) thirty years from the date the employer last elected to increase its optional benefit program, or (3) fifteen years from the date of the annual actuarial computation. The board shall annually certify to the governing body of each employer the amount of accrued service contribution so determined for the employer, and each employer shall pay such amount to the system during the employer's next fiscal year which begins six months or more after the date of such board certification. Such payments shall be made in such manner and form and in such frequency and shall be accompanied by such supporting data as the board shall from time to time determine. When received, such payments shall be credited to the employer's account in the employer accumulation fund.

4. The employer's contributions for the portions of disability pensions **or pensions that result from a member's death that was the natural and proximate result of a personal injury or disease arising out of and in the course of his or her actual performance of duty as an employee** not covered by accrued service pension reserves shall be determined on a one-year term basis. The board may determine different rates of contributions for employers having policeman members or having fireman members or having neither policeman members nor fireman members. The board shall annually certify to the governing body of each employer the amount of contribution so ascertained for the employer, and each employer shall pay such amount to the system during the employer's next fiscal year which begins six months or more after the date of such board certification. Such payments shall be made in such manner and form and in such frequency and shall be accompanied by such supporting data as the board shall from time to time ascertain. When received, such payments shall be credited to the casualty reserve fund.

5. Each employer shall provide its share, as determined by the board, of the administrative expenses of the system and shall pay same to the system to be credited to the income-expense fund.

6. The employer's total contribution to the system, expressed as a percent of active member compensations, in any employer fiscal year, beginning with the second fiscal year that the political subdivision is an employer, shall not exceed its total contributions for the immediately preceding fiscal year, expressed as a percent of active member compensations, by more than one percent."; and

*House Amendment No. 18*

AMEND House Committee Substitute for Senate Bill No. 145, Page 5, Section 67.319, Line 53, by inserting after all of said line the following:

"99.825. 1. Prior to the adoption of an ordinance proposing the designation of a redevelopment area, or approving a redevelopment plan or redevelopment project, the commission shall fix a time and place for a public hearing as required in subsection 4 of section 99.820 and notify each taxing district located wholly or partially within the boundaries of the proposed redevelopment area, plan or project. At the public hearing any interested person or affected taxing district may file with the commission written objections to, or comments on, and may be heard orally in respect to, any issues embodied in the notice. The commission shall hear and consider all protests, objections, comments and other evidence presented at the hearing. The hearing may be continued to another date without further notice other than a motion to be entered upon the minutes fixing the time and place of the subsequent hearing; provided, if the commission is created under subsection 3 of section 99.820, the hearing shall not be continued for more than thirty days beyond the date on which it is originally opened unless such longer period is requested by the chief elected official of the municipality creating the commission and approved by a majority of the commission. Prior to the conclusion of the hearing, changes may be made in the redevelopment plan, redevelopment project, or redevelopment area, provided that each affected taxing district is given written notice of such changes at least seven days prior to the conclusion of the hearing. After the public hearing but prior to the adoption of an ordinance approving a redevelopment plan or redevelopment project, or designating a redevelopment area, changes may be made to the redevelopment plan, redevelopment projects or redevelopment areas without a further hearing, if such changes do not enlarge the exterior boundaries of the redevelopment area or areas, and do not substantially affect the general land uses established in the redevelopment plan or substantially change the nature of the redevelopment projects, provided that notice of such changes shall be given by mail to each affected taxing district and by publication in a newspaper of general circulation in the area of the proposed redevelopment not less than ten days prior to the adoption of the changes by ordinance. After the adoption of an ordinance approving a redevelopment plan or redevelopment project, or designating a redevelopment area, no ordinance shall be adopted altering the exterior boundaries, affecting the general land uses established pursuant to the redevelopment plan or changing the nature of the redevelopment project without complying with the procedures provided in this section pertaining to the initial approval of a redevelopment plan or redevelopment project and designation of a redevelopment area. Hearings with regard to a redevelopment project, redevelopment area, or redevelopment plan may be held simultaneously.

2. [Effective January 1, 2008,] **No municipality shall approve a proposed redevelopment plan, redevelopment project, or designation of a redevelopment area, or any amendments thereto**, if, after concluding the hearing required under this section, the commission **formed under subsection 3 of section 99.820** makes a recommendation under section 99.820 in opposition to [a proposed redevelopment plan, redevelopment project, or designation of a redevelopment area, or any amendments thereto, a municipality desiring to approve] such project, plan, designation, or amendments [shall do so only upon a two-thirds majority vote of the governing body of such municipality] **provided, however, that a municipality may approve such project, plan, designation, or amendment if such municipality places the question before the qualified voters residing within such municipality and such question is approved by voters voting thereon.**

3. Tax incremental financing projects within an economic development area shall apply to and fund only the following infrastructure projects: highways, roads, streets, bridges, sewers, traffic control systems and devices, water distribution and supply systems, curbing, sidewalks and any other similar public improvements, but in no case shall it include buildings."; and

“[67.1890. 1. The boundaries of any district organized pursuant to sections 67.1860 to 67.1898 may be changed in the manner prescribed in this section; but any change of boundaries of the district shall not impair or affect its organization or its rights in or to property, or any of its rights or privileges whatsoever; nor shall it affect or impair or discharge any contract, obligation, lien or charge for or upon which it might be liable or chargeable had any change of boundaries not been made.

2. The boundaries may be changed as follows:

(1) Twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the area to be annexed or deannexed may file with the board a petition in writing praying that such real property be included within, or removed from, the district. The petition shall describe the property to be included in, or removed from, the district and shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the inclusion in, or removal from, the district of the property described in the petition. Such petition shall be in substantially the form set forth for petitions in chapter 116; provided that, in the event that there are more than twenty-five property owners or taxpaying electors signing the petition, it shall be deemed sufficient description of their property in the petition as required in this section to list the addresses of such property; or

The board shall at the time and place mentioned, or at such time or times to which the hearing may be adjourned, proceed to hear the petition and all objections thereto presented in writing by any person showing cause why the petition should not be granted. The failure of any person interested to show cause in writing why such petition shall not be granted shall be deemed as an assent on his or her part to the inclusion of such lands in, or removal of such lands from, the district as prayed for in the petition.

4. If the petition is granted, the board shall make an order to that effect and file the petition with the circuit clerk. Upon the order of the court having jurisdiction over the district, the property shall be included in, or removed from, the district. If the petition to add or remove any territory or tract of land to the district contained fewer than all of the signatures required pursuant to subdivision (2) of subsection 2 of section 67.1890, the decree of extension or retraction of boundaries shall not become final and conclusive until it has been submitted to an election of the voters residing within the boundaries described in such decree and until it has been assented to by a majority vote of the voters in the newly included area, or the area to be removed, voting on the question. The decree shall also provide for the holding of the election to vote on the proposition of extending or retracting the boundaries of the district, and shall fix the date for holding the election.

The decree shall also provide for the holding of the election to vote on the proposition, and shall fix the date for holding the election.

2. The question shall be submitted in substantially the following form:

Such election shall be held at the municipal election. Returns of the election shall be certified to the court.

If the court finds that a majority of the voters voting thereon shall have voted in favor of the proposition to dissolve the district, the court shall make a final order dissolving the district, and the decree shall contain a proviso that the district shall continue in full force for the purpose of paying all outstanding and lawful obligations and disposing of property of the district; but no additional costs or obligations shall be created except such as are necessary to pay such costs, obligations and liabilities previously incurred, or necessary to the winding up of the district. If the court shall find that a majority of the voters of the district voting thereon shall not have voted favorably on the proposition to dissolve such district, then the court shall make a final order declaring such result dismissing the petition praying for the dissolution of said district; and the district shall continue to operate in the same manner as though the petition asking for such dissolution has not been filed.

5. The petition when so filed shall have the same force and effect with respect to each parcel of real estate therein described, as a separate suit instituted to foreclose the tax lien or liens against any one of said parcels of real estate.

141.420. 1. Except as otherwise provided in subsection 3 of section 141.520, any person having any right, title or interest in, or lien upon, any parcel of real estate described in such petition, may redeem such parcel of real estate by paying to the collector all of the sums mentioned therein, including principal, interest, penalties, attorney's fees and costs then due, at any time prior to the time of the **public foreclosure sale or private** foreclosure sale of such real estate by the sheriff.

2. In the event of failure to redeem prior to the time of the **public foreclosure sale or private** foreclosure sale **of such parcel** by the sheriff, such person shall be barred and forever foreclosed of all his right, title and interest in and to the parcels of real estate described in such petition.

3. Upon redemption, as permitted by this section, the person redeeming shall be entitled to a certificate of redemption from the collector describing the property in the same manner as it is described in such petition, and the

collector shall thereupon note on his records the word "redeemed" and the date of such payment opposite the description of such parcel of real estate.

4. The collector shall promptly notify the taxing authority and the delinquent land tax attorney of such redemption, and such payment shall operate as a release of the lien of the tax bill or bills involved and as a dismissal of the suit so far as such tax bill or bills are concerned.

141.430. 1. Upon the filing of such suits with the circuit clerk, the delinquent land tax attorney shall forthwith cause a notice of foreclosure to be published four times, once a week, during successive weeks, and on the same day of each week, in a daily newspaper of general circulation regularly published in such county, qualified according to law for the publication of public notices and advertisements.

2. Such notice shall be in substantially the following form:

NOTICE OF FORECLOSURE OF LIENS FOR DELINQUENT LAND TAXES,  
BY ACTION IN REM

Public notice is hereby given that on the ..... day of ....., 20.., the Collector of Revenue of ..... County, Missouri, filed a petition, being suit No. ...., in the Circuit Court of ..... County, Missouri, at ..... (stating the city), for the foreclosure of liens for delinquent land taxes (except liens in favor of the United States of America, if any) against the real estate situated in such county, all as described in said petition.

The object of said suit is to obtain from the Court a judgment foreclosing the tax liens against such real estate and ordering the sale of such real estate for the satisfaction of said tax liens thereon (except liens in favor of the United States of America, if any), including principal, interest, penalties, attorneys' fees and costs. Such action is brought against the real estate only and no personal judgment shall be entered therein.

The serial number assigned by the Collector to each parcel of real estate, a description of each such parcel, a statement of the total principal amount of all delinquent tax bills against each such parcel of real estate, all of which, as to each parcel, is more fully set out and itemized in the aforesaid petition, and the name of the last known person appearing on the records of the collector in whose name said tax bills were listed or charged for the year preceding the calendar year in which the list described in said petition was filed with the collector, are, respectively, as follows: (Here set out the respective serial numbers, descriptions, names, and statements of total principal amounts of tax bills, next above referred to.)

The total principal amounts of delinquent taxes set out in this notice do not include the lawful interest, penalties, attorneys' fees and costs which have accrued against the respective parcels of real estate, all of which in each case is set out and itemized in the aforesaid petition.

Any person or taxing authority owning or holding any tax bill or claiming any right, title or interest in or to or lien upon any such parcel of real estate, must file an answer to such suit in the office of the Circuit Clerk of the aforesaid County, and a copy of such answer with the Delinquent Land Tax Attorney at the office of the Collector of Revenue of said County, on or before the .... day of ....., 20.., and in such answer shall set forth in detail the nature and amount of such interest and any defense or objection to the foreclosure of the tax liens, or any affirmative relief he or it may be entitled to assert with respect thereto.

Any person having any right, title or interest in or to, or lien upon, any parcel of such real estate, may redeem such parcel of real estate by paying all of the sums mentioned therein, to the undersigned Collector of Revenue, including principal, interest, penalties, attorneys' fees and costs then due, at any time prior to the time of the **public foreclosure sale or the private** foreclosure sale of such real estate by the sheriff.

In the event of failure to answer or redeem on or before the date herein fixed as the last day for filing answer in the suit, by any person having the right to answer or redeem, such person shall be forever barred and foreclosed as to any defense or objection he might have to the foreclosure of such liens for delinquent taxes and a judgment of foreclosure may be taken by default. Redemption may be made, however, up to the time fixed for the holding of sheriff's **public foreclosure sale or the private** foreclosure sale of any such real estate, and thereafter there shall be no equity of redemption and each such person having any right, title or interest in or to, or any lien upon, any such parcel of real estate described in the petition so failing to answer or redeem as aforesaid, shall be forever barred and foreclosed of any right, title or interest in or lien upon or any equity of redemption in said real estate.

(fill in number of case) filed in the Circuit Court of .... County, Missouri, at .... (fill in city), on ...., 20..., wherein a foreclosure of the lien of various delinquent tax bills is sought and a court order asked for the purpose of selling said real estate at a public sale **or a private sale** for payment of all delinquent tax bills, together with interest, penalties, attorney's fees and costs. 141.480. 1. Upon the trial of the cause upon the question of foreclosure, the tax bill, whether general or special, issued by any taxing authority shall be prima facie proof that the tax described in the tax bill has been validly assessed at the time indicated by the tax bill and that the tax is unpaid. Absent any answer the court shall take the allegations of the petition as confessed. Any person alleging any jurisdictional defect or invalidity in the tax bill or in the sale thereof must particularly specify in his answer the defect or basis of invalidity, and must, upon trial, affirmatively establish such defense.

2. Prior to formal hearing, the court may conduct an informal hearing for the purpose of clarifying issues, and shall attempt to reach an agreement with the parties upon a stipulated statement of facts. The court shall hear the evidence offered by the collector or relator as the case may be, and by all answering parties, and shall determine the amount of each and every tax bill proved by the collector or any answering party, together with the amount of interest, penalties, attorney's fees and costs accruing upon each tax bill and the date from which interest began to accrue upon each tax bill and the rate thereof. The court shall hear evidence and determine every issue of law and of fact necessary to a complete adjudication of all tax liens asserted by any and every pleading, and may also hear evidence and determine any other issue of law or fact affecting any other right, title, or interest in or to, or lien upon, such real estate, sought to be enforced by any party to the proceeding against any other party to the proceeding who has been served by process or publication as authorized by law, or who has voluntarily appeared, and shall determine the order and priority of the liens and of any other rights or interest put in issue by the pleadings.

3. After the court has first determined the validity of the tax liens of all tax bills affecting parcels of real estate described in the petition, the priorities of the respective tax bills and the amounts due thereon, including principal, interest, penalties, attorney's fees, and costs, the court shall thereupon enter judgment of foreclosure of such liens and fix the time and place of the **public** foreclosure sale **and the time of the private foreclosure sale**. The petition shall be dismissed as to any parcel of real estate redeemed prior to the time fixed for the sheriff's **public or private** foreclosure sale **thereof** as provided in sections 141.210 to 141.810 **and sections 141.980 to 141.982**. If the parcel of real estate auctioned off at sheriff's **public** foreclosure sale **or sold at sheriff's private foreclosure sale** is sold for a sum sufficient to fully pay the principal amount of all tax bills included in the judgment, together with interest, penalties, attorney's fees and costs, and for no more, and such sale is confirmed by the court, then all other proceedings as to such parcels of real estate shall be finally dismissed as to all parties and interests other than tax bill owners or holders; provided, however,

that any parties seeking relief other than an interest in or lien upon the real estate may continue with said suit to a final adjudication of such other issues; provided, further, an appeal may be had as to any claim attacking the validity of the tax bill or bills or the priorities as to payment of proceeds of foreclosure sale. If the parcel of real estate auctioned off at sheriff's **public** foreclosure sale is sold for a sum greater than the total amount necessary to pay the principal amount of all tax bills included in the judgment, together with interest, penalties, attorney's fees and costs, and such sale is confirmed by the court, and no appeal is taken by any person claiming any right, title or interest in or to or lien upon said parcel of real estate or by any person or taxing authority owning or holding or claiming any right, title or interest in or to any tax bills within the time fixed by law for the filing of notice of appeal, the court shall thereupon order the sheriff to make distribution to the owners or holders of the respective tax bills included in the judgment of the amounts found to be due and in the order of priorities. Thereafter all proceedings in the suit shall be ordered by the court to be dismissed as to such persons or taxing authorities owning, holding or claiming any right, title, or interest in any such tax bill or bills so paid, and the case shall proceed as to any parties claiming any right, title, or interest in or lien upon the parcel of real estate affected by such tax bill or bills as to their respective claims to such surplus funds then remaining in the hands of the sheriff.

4. Whenever an answer is filed to the petition, as herein provided, a severance of the action as to all parcels of real estate affected by such answer shall be granted, and the issues raised by the petition and such answer shall be tried separate and apart from the other issues in the suit, but the granting of such severance shall not delay the trial or other disposition of any other issue in the case. A separate appeal may be taken from any action of the court affecting any right, title, or interest in or to, or lien upon, such real estate, other than issues of law and fact affecting the amount or validity of the lien of tax bills, but the proceeding to foreclose the lien of any tax bills shall not be stayed by such appeal. The trial shall be conducted by the court without the aid of a jury and the suit shall be in equity. This action shall take precedence over and shall be triable before any other action in equity affecting the title to such real estate, upon motion of any interested party.

141.520. 1. **With respect to parcels of real estate to be sold in a public foreclosure sale**, after the judgment of foreclosure has been entered, or, after a motion for a new trial has been overruled, or, if an appeal be taken from such judgment and the judgment has been affirmed, after the sheriff shall have been notified by any party to the suit that such judgment has been affirmed on appeal and that the mandate of the appellate court is on file with the circuit clerk, there shall be a waiting period of six months before any advertisement of sheriff's **public foreclosure** sale shall be published.

2. If any such parcel of real estate **to be sold in a public foreclosure sale** be not redeemed, or if no written contract providing for redemption be made within six months after the date of the judgment of foreclosure, if no motion for rehearing be filed, and, if filed, within six months after such motion may have been overruled, or, if an appeal be taken from such judgment and the judgment be affirmed, within six months after the sheriff shall have been notified by any party to the suit that such judgment has been affirmed on appeal and that the mandate of the appellate court is on file with the circuit clerk, the sheriff shall commence to advertise the real estate described in the judgment and shall fix the date of **the public foreclosure** sale within thirty days after the date of the first publication of the notice of sheriff's sale as herein provided, and shall at such sale proceed to sell the real estate.

3. **With respect to parcels of real estate to be sold to a land bank agency in a private foreclosure sale**, after the judgement of foreclosure has been entered or after a motion for a new trial has been overruled or if an appeal is taken from such judgment and the judgment has been affirmed, after the collector shall have been notified by any party to the suit that such judgment has been affirmed on appeal and that the mandate of the appellate court is on file with the clerk, there shall be a waiting period of six months before such private foreclosure sale.

4. Any provisions of this chapter to the contrary notwithstanding, the owner of any parcel of real property against which a judgment has been rendered shall not have the right to redeem such property from said judgment if at the time of judgment such property is assessed as residential property and the judgment finds the property has been vacant for a period of not less than six months prior to the judgment. After a judgment as provided for in this section becomes final, the waiting period shall not apply to such judgment and a sale under execution of the judgment shall be immediately held as provided under the applicable provisions of this chapter.

141.530. 1. Except as otherwise provided in section 141.520, during such waiting period and at any time prior to the time of **the public or the private** foreclosure sale **of a parcel** by the sheriff, any interested party may redeem [any] **such** parcel of real estate as provided by this chapter. During such waiting period and at any time prior to the time of **the public or the private** foreclosure sale **of a parcel** by the sheriff, the collector may, at the option of the party entitled to redeem, enter into a written redemption contract with any such party interested in [any] **such** parcel of real estate, providing for payment in installments, monthly or bimonthly, of the delinquent tax bills, including interest, penalties,

attorney's fees and costs charged against such parcel of real estate, provided, however, that in no instance shall such installments exceed twelve in number or extend more than twenty-four months next after any agreement for such installment payments shall have been entered into; provided further, that upon good cause being shown by the owner of any parcel of real estate occupied as a homestead, or in the case of improved real estate with an assessed valuation of not more than three thousand five hundred dollars, owned by an individual, the income from such property being a major factor in the total income of such individual, or by anyone on his behalf, the court may, in its discretion, fix the time and terms of payment in such contract to permit all of such installments to be paid within not longer than forty-eight months after any order or agreement as to installment payments shall have been made.

2. So long as such installments be paid according to the terms of the contract, the said six months waiting period shall be extended, but if any installment be not paid when due, the extension of said waiting period shall be ended without notice, and the real estate shall forthwith be advertised for sale or included in the next notice of sheriff's foreclosure sale.

[3. No redemption contracts may be used under this section for residential property which has been vacant for at least six months in any municipality contained wholly or partially within a county with a population of over six hundred thousand and less than nine hundred thousand.]

[141.530. 1. Except as otherwise provided in section 141.520, during such waiting period and at any time prior to the time of foreclosure sale by the sheriff, any interested party may redeem any parcel of real estate as provided by this chapter. During such waiting period and at any time prior to the time of foreclosure sale by the sheriff, the collector may, at the option of the party entitled to redeem, enter into a written redemption contract with any such party interested in any parcel of real estate, other than a residential property which has been vacant for at least six months, providing for payment in installments, monthly or bimonthly, of the delinquent tax bills, including interest, penalties, attorney's fees and costs charged against such parcel of real estate, provided, however, that in no instance shall such installments exceed twelve in number or extend more than twenty-four months next after any agreement for such installment payments have been entered into; provided further, that upon good cause being shown by the owner of any parcel of real estate occupied as a homestead, or in the case of improved real estate with an assessed valuation of not more than three thousand five hundred dollars, owned by an individual, the income from such property being a major factor in the total income of such individual, or by anyone on the individual's behalf, the court may, in its discretion, fix the time and terms of payment in such contract to permit all of such installments to be paid within not longer than forty-eight months after any order or agreement as to installment payments being made.

2. So long as such installments are paid according to the terms of the contract, the six-month waiting period shall be extended, but if any installment is not paid when due, the extension of such waiting period shall be ended without notice, and the real estate shall forthwith be advertised for sale or included in the next notice of sheriff's foreclosure sale.]

141.540. 1. In any county at a certain front door of whose courthouse sales of real estate are customarily made by the sheriff under execution, the sheriff shall advertise for sale and sell **in a public foreclosure sale** the respective parcels of real estate ordered sold by him or her pursuant to any judgment of foreclosure by any court pursuant to sections 141.210 to 141.810 at any of such courthouses **which are not sold in a private foreclosure sale**, but the sale of such parcels of real estate shall be held at the same front door as sales of real estate are customarily made by the sheriff under execution.

2. Such advertisements may include more than one parcel of real estate, and shall be in substantially the following form: NOTICE OF SHERIFF'S SALE UNDER JUDGMENT OF FORECLOSURE OF LIENS FOR DELINQUENT LAND TAXES

3. Such advertisement shall be published four times, once a week, upon the same day of each week during successive weeks prior to the date of such sale, in a daily newspaper of general circulation regularly published in the county, qualified according to law for the publication of public notices and advertisements.

4. In addition to the provisions herein for notice and advertisement of **public** sale, the county collector shall enter upon the property subject to foreclosure of these tax liens and post a written informational notice in any conspicuous location thereon. This notice shall describe the property and advise that it is the subject of delinquent land tax collection proceedings before the circuit court brought pursuant to sections 141.210 to 141.810 and that it may be sold for the payment of delinquent taxes at a **public foreclosure** sale to be held at ten o'clock a.m., date and place, **or at a private foreclosure sale, date, and place**, and shall also contain a file number and the address and phone number of the collector. If the collector chooses to post such notices as authorized by this subsection, such posting must be made not later than the fourteenth day prior to the date of the sale.

5. The collector shall, concurrently with the beginning of the publication of sale **for parcels to be sold in a public foreclosure sale, or not less than thirty days prior to the sale for parcels to be sold in a private foreclosure sale**, cause to be prepared and sent by [restricted, registered or certified] **first class** mail with postage prepaid, a brief notice of the date, location, and time of sale of property in foreclosure of tax liens pursuant to sections 141.210 to 141.810, to the persons named in the petition as being the last known persons in whose names tax bills affecting the respective parcels of real estate described in said petition were last billed or charged on the books of the collector, or the last known owner of record, if different, and to the addresses of said persons upon said records of the collector. [The terms "restricted", "registered" or "certified mail" as used in this section mean mail which carries on the face thereof in a conspicuous place, where it will not be obliterated, the endorsement, "DELIVER TO ADDRESSEE ONLY", and which also requires a return receipt or a statement by the postal authorities that the addressee refused to receive and receipt for such mail.] If the notice is returned to the collector by the postal authorities as undeliverable for reasons other than the refusal by the addressee to receive [and receipt for] the notice [as shown by the return receipt], then the collector shall make a search of the records maintained by the county, including those kept by the recorder of deeds, to discern the name and address of any person who, from such records, appears as a successor to the person to whom the original notice was addressed, and to cause another notice to be mailed to such person. The collector shall prepare and file with the circuit clerk prior to confirmation hearings an affidavit reciting to the court any name, address and serial number of the tract of real estate affected of any such notices of sale that are undeliverable because of an addressee's refusal to receive [and receipt for] the same, or of any notice otherwise nondeliverable by mail, or in the event that any name or address does not appear on the records of the collector, then of that fact. The affidavit in addition to the recitals set forth above shall also state reason for the nondelivery of such notice.

6. The collector may, at his or her option, concurrently with the beginning of the publication of sale **for parcels to be sold in a public foreclosure sale, or not less than thirty days prior to the sale for parcels to be sold in a private foreclosure sale**, cause to be prepared and sent by [restricted, registered or certified] **first class** mail with postage prepaid, a brief notice of the date, location, and time of sale of property in foreclosure of tax liens pursuant to sections 141.210 to 141.810, to the mortgagee or security holder, if known, of the respective parcels of real estate described in said petition, and to the addressee of such mortgagee or security holder according to the records of the collector. [The terms "restricted", "registered" or "certified mail" as used in this section mean mail which carries on the face thereof in a conspicuous place, where it will not be obliterated, the endorsement, "DELIVER TO ADDRESSEE ONLY", and which also requires a return receipt or a statement by the postal authorities that the addressee refused to receive and receipt for such mail.] If the notice is returned to the collector by the postal authorities as undeliverable for reasons other than the refusal by the addressee to receive [and receipt for] the notice [as shown by the return receipt], then the collector shall make a search of the records maintained by the county, including those kept by the recorder of

deeds, to discern the name and address of any security holder who, from such records, appears as a successor to the security holder to whom the original notice was addressed, and to cause another notice to be mailed to such security holder. The collector shall prepare and file with the circuit clerk prior to confirmation hearings an affidavit reciting to the court any name, address and serial number of the tract of real estate affected by any such notices of sale that are undeliverable because of an addressee's refusal to receive [and receipt for] the same, or of any notice otherwise nondeliverable by mail, and stating the reason for the nondelivery of such notice.

141.550. 1. The **public foreclosure** sale shall be conducted, the sheriff's return thereof made, and the sheriff's deed pursuant to the sale executed, all as provided in the case of sales of real estate taken under execution except as otherwise provided in sections 141.210 to 141.810, and provided that such sale need not occur during the term of court or while the court is in session.

2. The following provisions shall apply to any **public foreclosure** sale pursuant to this section of property located within any municipality contained wholly or partially within a county with a population of over six hundred thousand and less than nine hundred thousand:

(1) The sale shall be held on the day for which it is advertised, between the hours of nine o'clock a.m. and five o'clock p.m. and continued day to day thereafter to satisfy the judgment as to each respective parcel of real estate sold;

(2) The sale shall be conducted publicly, by auction, for ready money. The highest bidder shall be the purchaser unless the highest bid is less than the full amount of all tax bills included in the judgment, interest, penalties, attorney's fees and costs then due thereon. No person shall be eligible to bid at the time of the sale unless such person has, no later than ten days before the sale date, demonstrated to the satisfaction of the official charged by law with conducting the sale that he or she is not the owner of any parcel of real estate in the county which is affected by a tax bill which has been delinquent for more than six months and is not the owner of any parcel of real property with two or more violations of the municipality's building or housing codes. A prospective bidder may make such a demonstration by presenting statements from the appropriate collection and code enforcement officials of the municipality.

3. Such sale shall convey the whole interest of every person having or claiming any right, title or interest in or lien upon such real estate, whether such person has answered or not, subject to rights-of-way thereon of public utilities upon which tax has been otherwise paid, and subject to the lien thereon, if any, of the United States of America.

4. The collector shall advance the sums necessary to pay for the publication of all advertisements required by sections 141.210 to 141.810 and shall be allowed credit therefor in his or her accounts with the county. The collector shall give credit in such accounts for all such advances recovered by him or her. Such expenses of publication shall be apportioned pro rata among and taxed as costs against the respective parcels of real estate described in the judgment; provided, however, that none of the costs herein enumerated, including the costs of publication, shall constitute any lien upon the real estate after such sale.

[141.550. 1. The sale shall be conducted, the sheriff's return thereof made, and the sheriff's deed pursuant to the sale executed, all as provided in the case of sales of real estate taken under execution except as otherwise provided in sections 141.210 to 141.810, and provided that such sale need not occur during the term of court or while the court is in session.

2. The following provisions shall apply to any sale pursuant to this section of property located within any municipality contained wholly or partially within a county with a population of over six hundred thousand and less than nine hundred thousand:

(1) The sale shall be held on the day for which it is advertised, between the hours of nine o'clock a.m. and five o'clock p.m. and continued day to day thereafter to satisfy the judgment as to each respective parcel of real estate sold;

(2) The sale shall be conducted publicly, by auction, for ready money. The highest bidder shall be the purchaser unless the highest bid is less than the full amount of all tax bills included in the judgment, interest, penalties, attorney's fees and costs then due thereon. No person shall be eligible to bid at the time of the sale unless such person has, no later than ten days before the sale date, demonstrated to the satisfaction of the official charged by law with conducting the sale that he or she is not the owner of any parcel of real estate in the county which is affected by a tax bill which has been delinquent for more than six months and is not the owner of any parcel of real property with two or more convictions based on violations occurring within a two-year period of the municipality's building or housing codes. A prospective bidder may make such a demonstration by presenting statements from the appropriate collection and code enforcement officials of the municipality.

3. Such sale shall convey the whole interest of every person having or claiming any right, title or interest in or lien upon such real estate, whether such person has answered or not, subject to

rights-of-way thereon of public utilities upon which tax has been otherwise paid, and subject to the lien thereon, if any, of the United States of America.

4. The collector shall advance the sums necessary to pay for the publication of all advertisements required by sections 141.210 to 141.810 and shall be allowed credit therefor in his or her accounts with the county. The collector shall give credit in such accounts for all such advances recovered by him or her. Such expenses of publication shall be apportioned pro rata among and taxed as costs against the respective parcels of real estate described in the judgment; provided, however, that none of the costs herein enumerated, including the costs of publication, shall constitute any lien upon the real estate after such sale.]

141.560. 1. If, when the sheriff offers the respective parcels of real estate for sale **at public foreclosure sale**, there be no bidders for any parcel, or there be insufficient time or opportunity to sell all of the parcels of real estate so advertised, the sheriff shall adjourn such sale from day to day at the same place and commencing at the same hour as when first offered and shall announce that such real estate will be offered or reoffered for sale at such time and place.

2. **With respect to any parcel of real estate not located within a municipality that is an appointing authority under section 141.980**, in the event no bid equal to the full amount of all tax bills included in the judgment, interest, penalties, attorney's fees and costs then due thereon shall be received at such sale after any parcel of real estate has been offered for sale on three different days, which need not be successive, the land trustees shall be deemed to have bid the full amount of all tax bills included in the judgment, interest, penalties, attorney's fees and costs then due, and if no other bid be then received by the sheriff in excess of the bid of the trustees, and the sheriff shall so announce at the sale, then the bid of the trustees shall be announced as accepted. The sheriff shall report any such bid or bids so made by the land trustees in the same way as his report of other bids is made. **The land trustees shall pay any penalties, attorney's fees or costs included in the judgment of foreclosure of such parcel of real estate, when such parcel is sold or otherwise disposed of by the land trustees, as herein provided. Upon confirmation by the court of such bid at such sale by such land trustees, the collector shall mark the tax bills so bid by the land trustees as "canceled by sale to the land trust" and shall take credit for the full amount of such tax bills, including principal amount, interest, penalties, attorney's fees, and costs, on the collector's books and in the collector's statements with any other taxing authorities.**

3. [The land trustees shall pay any penalties, attorney's fees or costs included in the judgment of foreclosure of such parcel of real estate, when such parcel is sold or otherwise disposed of by the land trustees, as herein provided. Upon confirmation by the court of such bid at such sale by such land trustees, the collector shall mark the tax bills so bid by the land trustees as "canceled by sale to the land trust" and shall take credit for the full amount of such tax bills, including principal amount, interest, penalties, attorney's fees, and costs, on his books and in his statements with any other taxing authorities.] **With respect to any parcel of real estate located within a municipality that is an appointing authority under section 141.980**, in the event no bid equal to the full amount of all tax bills included in the judgment, interest, penalties, attorney's fees, and costs then due thereon shall be received at such sale after such parcel of real estate has been offered for sale on three different days, which need not be successive, the land bank agency for which such municipality is an appointing authority shall be deemed to have bid the full amount of all tax bills included in the judgment, interest, penalties, attorney's fees, and costs then due, and the sheriff shall so announce at the sale, then the bid of the land bank agency shall be announced as accepted. The sheriff shall report any such bid or bids so made by such land bank agency in the same way as the sheriff's report of other bids is made. Upon confirmation by the court of such bid at such sale by such land bank agency, the collector shall mark the tax bills so bid by such land bank agency as "canceled by sale to the land bank" and shall take credit for the full amount of such tax bills, including principal amount, interest, penalties, attorney's fees, and costs, on the collector's books and in the collector's statements with any other taxing authorities.

141.570. 1. The title to any real estate which shall vest in the land trust under the provisions of sections 141.210 to 141.810 **and sections 141.980 to 141.982** shall be held by the land trust of such county in trust for the tax bill owners and taxing authorities having an interest in any tax liens which were foreclosed, as their interests may appear in the judgment of foreclosure. **The title to any real estate acquired by a land bank agency pursuant to a deemed sale under subsection 3 of section 141.560 or by deed from land trustees under subsection 1 of section 141.980 shall be held in trust for the tax bill owners and taxing authorities having an interest in any tax liens which were foreclosed, as their interests may appear in the judgment of foreclosure.**

2. The title to any real estate which shall vest in any purchaser **in a private or public foreclosure sale**, upon confirmation of such sale by the court, shall be an absolute estate in fee simple, subject to rights-of-way thereon of public utilities on which tax has been otherwise paid, and subject to any lien thereon of the United States of America, if any,

141.580. 1. After the sheriff sells any parcel of real estate, the court shall, upon its own motion or upon motion of any interested party, set the cause down for hearing to confirm the foreclosure sale thereof, even though such parcels are not all of the parcels of real estate described in the notice of sheriff's foreclosure sale. At the time of such hearing, the sheriff shall make report of the sale, and the court shall hear evidence of the value of the property offered on behalf of any interested party to the suit, and shall forthwith determine whether an adequate consideration has been paid for each such parcel; **provided that the amount to be paid by a land bank agency under subsection 5 of section 141.982 for a parcel sold to such land bank agency in a private foreclosure sale shall be deemed to be adequate consideration therefor and no evidence of value shall be heard with respect to such parcel; and provided further, that the amount bid for a parcel by a land bank agency under subsection 3 of section 141.560 shall be deemed adequate consideration and no evidence of value shall be heard with respect to such parcel; and provided further, that the amount bid for a parcel by land trust under subsection 2 of section 141.560 shall be deemed adequate consideration and no evidence of value shall be heard with respect to such parcel.**

2. For this purpose the court shall have power to summon any city or county official or any private person to testify as to the reasonable value of the property, and if the court finds that adequate consideration has been paid, he **or she** shall confirm the sale and order the sheriff to issue a deed to the purchaser. If the court finds that the consideration paid is inadequate, **the court shall confirm the sale if** the purchaser [may] increase his **or her** bid to such amount as the court [may deem] **deems** to be adequate[, whereupon the court may confirm the sale. If, however,] **and makes such additional payment, or if all tax bills included in the judgment, interest, penalties, attorney's fees, and costs then due thereon are not paid in full by one or more interested parties to the suit. If the court finds that the consideration is inadequate, but the purchaser declines to increase his or her bid to such an amount as the court deems adequate and make such additional payment, then the sale shall be disapproved if all tax bills included in the judgment, interest, penalties, attorney's fees, and costs then due thereon are paid in full by one or more interested parties to the suit,** the lien of the judgment continued, and such parcel of real estate shall be again advertised and offered for sale by the sheriff to the highest bidder at public auction for cash at any subsequent sheriff's foreclosure sale. [Unless the court requires evidence of the value of the property conveyed to land trust, none shall be required, and the amount bid by the land trustees shall be deemed adequate consideration.]

3. If the sale is confirmed, the court shall order the proceeds of the sale applied in the following order:

- (1) To the payment of the costs of the publication of the notice of foreclosure and of the sheriff's foreclosure sale;
- (2) To the payment of all costs including appraiser's fee not to exceed fifteen dollars and attorney's fees;
- (3) To the payment of all tax bills adjudged to be due in the order of their priority, including principal, interest and penalties thereon.

If, after such payment, there is any sum remaining of the proceeds of the sheriff's foreclosure sale, the court shall thereupon try and determine the other issues in the suit in accordance with section 141.480. If any answering parties have specially appealed as provided in section 141.570, the court shall retain the custody of such funds pending disposition of such appeal, and upon disposition of such appeal shall make such distribution. If there are not sufficient proceeds of the sale to pay all claims in any class described, the court shall order the same to be paid pro rata in accordance with the priorities.

4. If there are any funds remaining of the proceeds after the sheriff's sale and after the distribution of such funds as herein set out and no person entitled to any such funds, whether or not a party to the suit, shall, within two years after such sale, appear and claim the funds, they shall [escheat to the state as provided by law] **be distributed to the appropriate taxing authorities.**

141.720. 1. The land trust shall be composed of three members, one of whom shall be appointed by the county, **as directed by the county** executive, or if the county does not have a county executive, **as directed by the county** commission of the county, one of whom shall be appointed by [the city council of that city] **that municipality** in the county which **is not an appointing authority under section 141.980 and** then has the largest population according to the last preceding federal decennial census, and one of whom shall be appointed by [the board of directors of the] **that** school district **in the county which is not an appointing authority under section 141.980 and** then has the largest population according to such census in the county. **If any such appointing authority fails to make any appointment of a land trustee after any term expires, then the appointment shall be made by the county.**

2. The terms of office of the land trustees shall be for four years each, except the terms of the first land trustees who shall be appointed by the foregoing appointing authorities, respectively, not sooner than twelve months and not later than eighteen months after sections 141.210 to 141.810 take effect; **provided, however, that the term of any land trustee appointed by a municipality or school district that becomes an appointing authority under section 141.980 shall thereupon terminate.**

3. Each land trustee shall have been a resident of the county for at least five years next prior to appointment, shall not hold other salaried or compensated public office by election or appointment during service as land trustee, the duties of which would in any way conflict with his duties as land trustee, and shall have had at least ten years experience in the management or sale of real estate.

4. Of the first land trustees appointed under sections 141.210 to 141.810, the land trustee appointed by the county commission shall serve for a term ending February 1, 1946, the land trustee appointed by the board of directors of the school district then having the largest population in the county shall serve for a term expiring February 1, 1947, and the land trustee appointed by the city council of the city then having the largest population in the county shall serve for a term expiring February 1, 1948. Each land trustee shall serve until his successor has been appointed and qualified.

5. Any vacancy in the office of land trustee shall be filled for the unexpired term by the same appointing authority which made the original appointment. If any appointing authority fails to make any appointment of a land trustee within the time the first appointments are required by sections 141.210 to 141.810 to be made, or within thirty days after any term expires or vacancy occurs, then the appointment shall be made by the mayor of that city in the county then having the largest population, according to the last preceding federal decennial census.

6. The members shall receive for their services as land trustees a salary of two thousand four hundred dollars per year.

7. Each land trustee may be removed for cause by the respective appointing authority, after public hearing, if requested by the land trustee, and an opportunity to be represented by counsel and to present evidence is afforded the trustee.

141.770. 1. Each annual budget of the land trust shall be itemized as to objects and purposes of expenditure, prepared not later than [December tenth] **October first** of each year with copies delivered to the [county and city] **taxing authorities** that appointed trustee members, and shall include therein only such appropriations as shall be deemed necessary to meet the reasonable expenses of the land trust during the forthcoming fiscal year. That budget shall not become the required annual budget of the land trust unless and until it has been approved by the governing bodies of the [county or city] **taxing authorities** that appointed trustee members. If [either] **any** of the governing bodies of the [county and city] **taxing authorities** that appointed trustee members fail to notify the land trust in writing of any objections to the proposed annual budget on or before [December] **November** twentieth, then such failure or failures to object shall be deemed approval. In the event objections have been made and a budget for the fiscal year beginning January first has not been approved by the governing bodies of the [county and city] **taxing authorities that appointed trustee members** on or before January first, then the budget for the previous fiscal year shall become the approved budget for that fiscal year. Any unexpended funds from the preceding fiscal year shall be deducted from the amounts needed to meet the budget requirements of the forthcoming year.

2. Copies of the budget shall be made available to the public on or before [December] **October** tenth, and a public hearing shall be had thereon prior to [December] **October** twentieth, in each year. The approved and adopted budget may be amended by the trustee members only with the approval of the governing bodies of the [county and city] **taxing authorities** that appointed trustee members.

3. If at any time there are not sufficient funds available to pay the salaries and other expenses of such land trust and of its employees, incident to the administration of sections 141.210 to 141.810, including any expenditures authorized by section 141.760, funds sufficient to pay such expenses shall be advanced and paid to the land trust upon its requisition therefor **by the ad valorem taxing authorities in the county that are not appointing authorities under section 141.980, [fifty] seven** percent thereof by the county commission of such county, and the other [fifty] **ninety-three** percent by all of the [municipalities in such county as defined in section 141.220] **other such ad valorem taxing**

**authorities, in proportion to their assessed valuations [at the time of their last completed assessment for state and county purposes] of the properties then in the land trust inventory located within their respective taxing jurisdictions.** The land trust shall have power to requisition such funds in an amount not to exceed twenty-five percent of the total annual budget of the land trust from such sources for that fiscal year of the land trust for which there are not sufficient funds otherwise available to pay the salaries and other expenses of the land trust, but any amount in excess of twenty-five percent of the total annual budget in any fiscal year may be requisitioned by and paid to the land trust only if such additional sums are agreed to and approved by [the county commission and the respective municipalities in such county so desiring to make such payment] **such ad valorem taxing authorities.** All moneys so requisitioned shall be paid in a lump sum within thirty days after such requisition or the commencement of the fiscal year of the land trust for which such requisition is made, whichever is later, [and] **by the county paying seven percent thereof due from the county under this section and advancing the remaining ninety-three percent due from other ad valorem taxing authorities under this section on behalf of such other ad valorem taxing authorities, and such amounts so paid shall be deposited to the credit of the land trust in some bank or trust company, subject to withdrawal by warrant as herein provided. Amounts advanced by the county on behalf of any ad valorem taxing authority under this section shall be reimbursed to the county upon demand by the county or by the county withholding such amounts from distributions of tax moneys to such ad valorem taxing authority.**

4. The fiscal year of the land trust shall commence on January first of each year. Such land trust shall audit all claims for the expenditure of money, and shall, acting by the chairman or vice chairman thereof, draw warrants therefor from time to time.

5. No warrant for the payment of any claim shall be drawn by such land trust until such claim shall have been approved by the land commissioner and shall bear the commissioner's certificate that there is a sufficient unencumbered balance in the proper appropriation and sufficient unexpended cash available for the payment thereof. For any certification contrary thereto, such land commissioner shall be liable personally and on the commissioner's official bond for the amounts so certified, and shall thereupon be promptly removed from office by the land trustees.

6. In addition to the annual audit provided for in section 141.760, the land trust may be performance audited at any time by the state auditor or by the auditor of any home rule city with more than four hundred thousand inhabitants and located in more than one county that is a member of the land trust. The cost of such audit shall be paid by the land trust, and copies shall be made available to the public within thirty days of the completion of the audit.

141.790. When any parcel of real estate is sold or otherwise disposed of by the land trust, the proceeds therefrom shall be applied and distributed in the following order:

(1) **To the payment of amounts due from the land trustees under subsection 2 of section 141.560 on the sale or other disposition of such parcel;**

(2) To the payment of the expenses of sale;

[(2)] (3) The balance to be retained by the land trust to pay the salaries and other expenses of such land trust and of its employees, incident to the administration of sections 141.210 to 141.810, including any expenditures authorized by section 141.760, as provided for in its annual budget;

[(3)] (4) Any funds in excess of those necessary to meet the expenses of the annual budget of the land trust in any fiscal year, and including a reasonable sum to carry over into the next fiscal year to assure that sufficient funds will be available to meet initial expenses for that next fiscal year, [may] **shall** be paid to the respective taxing authorities which, at the time of the distribution, are taxing the real property from which the proceeds are being distributed. The distributions shall be in proportion to the amounts of the taxes levied on the properties by the taxing authorities; distribution shall be made on January first and July first of each year, and at such other times as the land trustees in their discretion may determine.

**141.980. 1. Any municipality located wholly or partially within a county in which a land trust created under section 141.700 was operating on January 1, 2011, may establish a land bank agency for the management, sale, transfer, and other disposition of interest in real estate owned by such land bank agency. Any such land bank agency created shall be created to foster the public purpose of returning land, including land that is in a nonrevenue-generating nontax-producing status, to effective use in order to provide housing, new industry, and jobs for citizens of the establishing municipality, and to create new revenues for such municipality. Such land bank agency shall be established by order or ordinance as applicable. Such land bank agency shall not own any interest in real estate that is located outside such establishing municipality or outside such county. Within one year of the effective date of an order or ordinance passed establishing such a land bank agency, title to any real estate held by the land trustees of the land trust of such county that is located within the establishing municipality shall be transferred by deed to such land bank agency.**

4. The land bank agency shall be composed of three members, two of whom shall be appointed by the establishing municipality, and the third shall be appointed by the school district that is wholly or partially located within such municipality and county and then has the largest population according to the last preceding federal decennial census. Members shall serve at the pleasure of the member's appointing authority, may be employees of the appointing authority, and shall serve without compensation. Any vacancy in the office of land bank commissioner shall be filled by the same appointing authority that made the original appointment. If any appointing authority fails to make any appointment of a land bank commissioner within the time the first appointments are required, or within thirty days after any term expires, then the appointment shall be made by the other appointing authority. Any municipality or school district that is an appointing authority under this section shall not be an appointing authority under section 141.720.

**6. Before entering upon the duties of office, each commissioner shall take and subscribe to the following oath:**

I, ....., do solemnly swear that I will support the Constitution of the United States and the Constitution of the State of Missouri; that I will faithfully and impartially discharge my duties as a member of the Land Bank Agency of ....., Missouri; that I will, according to my best knowledge and judgment, administer such tax delinquent lands held by me in trust, according to the laws of this state and for the benefit of the public bodies and the tax bill owners which I represent, so help me God.

**141.981. 1. Such land bank agency shall be a continuing body and shall have and adopt an official seal which shall bear on its face the words "Land Bank Agency of ....., Missouri", "Seal", and shall have the power to sue and issue deeds in its name, which deed shall be signed by the chair or vice chair, and attested by the secretary and the official seal of the land bank agency affixed thereon, and shall have the general power to administer its business as any other corporate body.**

2. A land bank agency may convey title to any real estate sold or conveyed by it by general or special warranty deed, and may convey as absolute title in fee simple, without in any case procuring any consent,

conveyance, or other instrument from the beneficiaries for which it acts, provided that each such deed shall recite whether the selling price represents a consideration equal to or in excess of two-thirds of the appraised value of such real estate so sold or conveyed. If such selling price represents a consideration less than two-thirds of the appraised value of the real estate, then the land bank commissioners shall first procure the consent thereto of not less than two of the three appointing authorities, which consent shall be evidenced by a copy of the action of each such appointing authority duly certified to by its clerk or secretary attached to and made a part of land bank commission official minutes.

3. As a condition of the sale or other authorized conveyance of ownership of any unimproved parcel of land classified as residential property owned by the land bank agency to a private owner, unless the owner owns an adjacent improved parcel, such owner may be required to enter into a contract with the land bank agency stipulating that such owner or owner's successor agree that the parcel of land shall, within one year of such sale, either be improved by a nontemporary structure or returned to the land bank agency by special warranty deed. The contract shall further state that if the private owner fails to comply with the stipulation, the owner shall be liable to the land bank agency for damages at the rate of one hundred dollars per month accruing on the first day of each month after the termination of the one-year period so long as the private owner fails to convey the parcel to the land bank agency. The performance of such agreement shall be secured by a deed of trust or other lien encumbering the parcel. If the land bank agency finds by resolution that the terms of the agreement have not been satisfied, the land bank agency shall be authorized to bring suit to recover damages for the breach and to redeem the ownership of such property without consideration or compensation by seeking a judicial foreclosure of such agreement under sections 443.190 to 443.260, except that upon final judgment of the court, title shall revert to the land bank agency without necessity of sale. Notwithstanding subsection 2 of this section, the original deed conveying title to the private owner shall contain a possibility of reverter upon the condition that the private owner fails to comply with the terms of the contract, with a right of reentry retained by the land bank agency. As an alternative to, or in addition to, seeking a judicial foreclosure, the land bank agency may exercise the right of reentry under chapter 524, 527, or 534. The land bank agency shall assume title to the land by filing a copy of the judgment with the recorder of deeds in the county where the property is located. Any property redeemed by the land bank agency under the provisions of this section shall be administered in the same manner as other property sold to the land bank agency.

4. It shall be the duty of such land bank agency to administer the tax delinquent lands and other lands in its possession as provided in this section.

(1) The land bank agency shall immediately assume possession and control of all real estate acquired by it under the provisions of sections 141.210 to 141.810 and sections 141.980 to 141.982 or otherwise and proceed to inventory and appraise such land, and thereafter keep and maintain a perpetual inventory of such real estate, except that individual parcels may be consolidated and grouped or regrouped for economy, utility, or convenience.

(2) The land bank agency shall use reasonable efforts, consistent with the funding available, to market the property in its inventory, and will endeavor to obtain a purchase price consistent with the market conditions for that particular type of property in a similar location, however, the land bank agency may take into consideration factors that include: the costs expended either by it or the municipality in which the property is located to continue to maintain the property while it is held in inventory, the detrimental impact of vacant property on other properties within its vicinity, the proposed use of the property, and the advantage of returning the property to the tax rolls for the benefit of all taxing authorities intended to benefit from proceeds generated by the land bank agency. The land bank agency shall maintain an inventory of the property held by it, and make it available to the public, through means that make the best use of its limited resources, including limiting accessibility through electronic means. The land bank agency shall systematically update its inventory information, no less than quarterly per year. The records from each transaction with respect to the transfer or exchange of property in the land bank agency's inventory shall be maintained, and provided upon request to any taxing authority intended to benefit from the proceeds of the land bank. A summary of all such transactions shall be prepared at least annually, and made publicly available upon request, and submitted with the budget request of such land bank as provided in subsection 6 of section 141.981.

(3) The land bank commissioners shall have power, and it shall be their duty, to manage, maintain, protect, rent, lease, repair, insure, alter, hold and return, assemble, sell, trade, acquire, exchange, or otherwise dispose of any such real estate, on such terms and conditions as may be determined in the sole discretion of the commissioners. The land bank commissioners may assemble tracts or parcels of real estate for public parks or any other purposes and to such end may exchange or acquire parcels, and otherwise effectuate such purposes by agreement with any taxing authority. Without limiting the foregoing power vested in the land bank commissioners to directly dispose of its inventory property, such commissioners may, but are not obligated to,

enter into listing or commission agreements with real estate brokers licensed to do business within the city, and such commissioners.

(4) The land bank agency shall adopt rules and regulations in harmony with sections 141.210 to 141.810 and sections 141.980 to 141.982, and shall keep records of all its transactions, which records shall be open to inspection of any taxing authority in the city at any time. There shall be an annual audit of the affairs, accounts, expenses, and financial transactions of such land bank agency by certified public accountants as of April thirtieth of each year, which accountants shall be employed by the commissioners on or before March first of each year, and certified copies thereof shall be furnished to the appointing authorities described in section 141.980, and shall be available for public inspection at the office of the land bank agency and on the land bank agency's internet website, if it maintains a website. In addition to the annual audit provided for in this subdivision, the land bank agency may be performance audited at any time by the state auditor or by the auditor of the city that appoints members. The cost of such audit shall be paid by the land bank agency, and copies shall be made available to the public within thirty days of the completion of the audit.

5. The land bank commissioners may appoint a director and such other employees who are deemed necessary to carry out the responsibilities and duties imposed under sections 141.980 to 141.982, and may incur such other reasonable and proper costs and expenses as are related thereto. The director shall furnish a surety bond at the expense of the land bank agency in a penal sum of not less than ten thousand dollars, to be approved by the land bank commissioners, conditioned to guarantee the faithful performance of the director's duties. The bond shall be filed with the county clerk of the county. The director, who shall be a person experienced in the management and sale of real estate, shall be executive officer and administrator of the land bank agency, and shall manage all of its business, under the supervision, direction, and control of the land bank commissioners.

6. Each annual budget of the land bank agency shall be itemized as to objects and purposes of expenditure, prepared not later than December tenth of each year with copies delivered to the ad valorem taxing authorities that appointed members, and shall include therein only such appropriations as shall be deemed necessary to meet the reasonable expenses of the land bank agency during the forthcoming fiscal year. That budget shall not become the required annual budget of the land bank agency unless and until it has been approved by the governing bodies of the ad valorem taxing authorities that appointed members. If either of the governing bodies of the ad valorem taxing authorities that appointed members fails to notify the land bank agency in writing of any objections to the proposed annual budget on or before December twentieth, then such failure or failures to object shall be deemed approved. In the event objections have been made and a budget for the fiscal year beginning May first has not been approved by the governing bodies of the ad valorem taxing authorities that appointed members on or before May first, then the budget for the previous fiscal year shall become the approved budget for that fiscal year. Any unexpended funds from the preceding fiscal year shall be deducted from the amounts needed to meet the budget requirements of the forthcoming year. Copies of the budget shall be made available to the public on or before December tenth, and a public hearing shall be had thereon before December twentieth, in each year. The approved and adopted budget may be amended by the land bank commissioners only with the approval of the governing bodies of the ad valorem taxing authorities that appointed members.

7. The fiscal year of the land bank agency shall commence on May first of each year. Such land bank agency shall audit all claims for the expenditure of money and shall, acting by the chair or vice chair thereof, draw warrants therefor from time to time.

8. No warrant for the payment of any claim shall be drawn by such land bank agency until such claim shall have been approved by the director and shall bear the director's certificate that there is a sufficient unencumbered balance in the proper appropriation and sufficient unexpended cash available for the payment thereof.

141.982. 1. Such land bank agency shall set up and maintain a perpetual inventory on each tract of its real estate, except that individual tracts may be consolidated and grouped or regrouped for economy or convenience.

2. When any parcel of real estate acquired by such land bank agency under a deemed sale under subsection 3 of section 141.560, by redemption under subsection 3 of section 141.981, by gift under subsection 2 of section 141.980, or by deed from land trustees under subsection 1 of section 141.980 is sold or otherwise disposed of by such land bank agency, the proceeds therefrom shall be applied and distributed in the following order:

- (1) To the payment of the expenses of sale;

(2) The balance to be retained by the land bank agency to pay the salaries and other expenses of such land bank agency and of its employees, including any expenditures authorized by subsection 4 of section 141.981, as provided for in its annual budget;

(3) Any funds in excess of those necessary to meet the expenses of the annual budget of the land bank agency in any fiscal year and a reasonable sum to carry over into the next fiscal year to assure that sufficient funds will be available to meet initial expenses for that next fiscal year, exclusive of net profit from the sale of parcels acquired by the land bank agency under a private foreclosure sale, shall be paid to the respective taxing authorities that, at the time of the distribution, are taxing the real property from which the proceeds are being distributed.

The distributions shall be in proportion to the amounts of the taxes levied on the properties by the taxing authorities. Distribution shall be made on January first and July first of each year, and at such other times as the land bank commissioners in their discretion may determine.

3. When any parcel of real estate acquired by such land bank agency under a private foreclosure sale is sold or otherwise disposed of by such land bank agency, the proceeds therefrom shall be applied and distributed in the following order:

(1) To the payment of all land taxes and related charges then due on such parcel, subject to subsection 5 of section 141.982;

(2) To the payment of the expenses of sale;

(3) The balance to be retained by the land bank agency to pay the salaries and other expenses of such land bank agency and of its employees, including any expenditures authorized by subsection 4 of section 141.981, as provided for in its annual budget;

(4) Any funds in excess of those necessary to meet the expenses of the annual budget of the land bank agency in any fiscal year and a reasonable sum to carry over into the next fiscal year to assure that sufficient funds will be available to meet initial expenses for that next fiscal year, shall be paid in accordance with subdivision (3) of subsection 2 of this section.

4. Upon acquiring title to any real estate under a deemed sale under subsection 3 of section 141.560, by redemption under subsection 3 of section 141.981, by gift under subsection 2 of section 141.980, or by deed from land trustees under subsection 1 of section 141.980, such land bank agency shall immediately notify the county assessor of such ownership, and the interests of each taxing authority therein shall be exempt from all taxation, in the same manner and to the same extent as any other publicly owned real estate, and upon the sale or other disposition of any real estate held by it, such land bank agency shall immediately notify the county assessor of such change of ownership.

5. Upon confirmation under section 141.580 of a sheriff's private foreclosure sale of a parcel of real estate to a land bank agency, the sheriff shall deliver a court administrator's deed for such parcel to the purchasing land bank agency and such land bank agency shall pay the full amount of all tax bills included in the judgment, interest, penalties, attorney's fees and costs then due thereon. Such parcel shall not be exempt from taxation; provided however, if all land taxes on such parcel are paid in full at the time of sale or other disposition of such parcel by the land bank agency or two years from the date of its acquisition by the land bank agency, whichever occurs first, then all interest and penalties that may have accrued thereon shall be abated.

6. A person about to become a retirant may elect to receive a partial lump-sum distribution equal to twenty-four times the amount of his or her monthly allowance for life, not including any monthly temporary allowance which may be payable. Such lump sum shall be paid to the retirant, upon written application to the board, not fewer than ninety days nor more than one hundred fifty days after the date the first payment of his or her monthly allowance becomes due. The retirant's monthly life allowance shall be reduced to eighty-four percent if the retirant's age at the time of retirement is sixty, which percent shall be decreased by four-tenths of one percent for each year the retirant's age at the time of retirement is greater than sixty, or which percent shall be increased by four-tenths of one percent for each year the retirant's age at the time of retirement is less than sixty, **up to a maximum of ninety percent.** The reductions in monthly life allowance in this subsection shall be calculated and applied before any reductions under subsection 2 of this section are calculated and applied.

Before the date the first payment of a person's allowance becomes due but not thereafter, a person about to become a retirant may elect to have his or her allowance for life reduced but not any temporary allowance which may be payable, and nominate a beneficiary, as provided by option A, B, C, or D set forth below:

(1) Option A. Under option A, a retirant's allowance payable to the retirant shall be reduced to a certain percent of the allowance otherwise payable to the retirant. If such first payment due date is on or after October 1, 1998, such percent shall be eighty-five percent if the retirant's age and the retirant's beneficiary's age are the same on such first due date, which shall be decreased by three-quarters of one percent for each year that the beneficiary's age is less than the retirant's age, or which shall be increased by three-quarters of one percent, up to a maximum of ninety percent, for each year that the beneficiary's age is more than the retirant's age. Upon the retirant's death three-quarters of the retirant's reduced allowance to which the retirant would have been entitled had the retirant lived shall be paid to his or her surviving beneficiary, nominated before such first payment due date but not thereafter, who was the retirant's spouse for not less than the two years immediately preceding such first payment due date, or another person aged forty years or older receiving more than one-half support from the retirant for not less than the two years immediately preceding such first payment due date.

(2) Option B. Under option B, a retirant's allowance payable to the retirant shall be reduced to a certain percent of the allowance otherwise payable to the retirant. If such first payment due date is on or after October 1, 1998, such percent shall be ninety percent if the retirant's age and the retirant's beneficiary's age are the same on such first payment due date, which shall be decreased by one-half of one percent for each year that the beneficiary's age is less than the retirant's age, or which shall be increased by one-half of one percent, up to a maximum of ninety-five percent for each year that the beneficiary's age is more than the retirant's age. Upon the retirant's death one-half of his or her reduced allowance to which the retirant would have been entitled had the retirant lived shall be paid to the retirant's surviving beneficiary, nominated before such first payment due date but not thereafter, who was either the retirant's spouse for not less than the two years immediately preceding such first payment due date, or another person aged forty years or older receiving more than one-half support from the retirant for not less than the two years immediately preceding such first payment due date.

(3) Option C. Under option C, a retirant's allowance payable to the retirant shall be reduced to ninety-five percent of the allowance otherwise payable to the retirant if such first payment due date is on or after October 1, 1998. If the retirant dies before having received one hundred twenty monthly payments of his or her reduced allowance, his or her reduced allowance to which the retirant would have been entitled had the retirant lived shall be paid for the remainder of the one hundred twenty months' period to such person as the retirant shall have nominated by written designation duly executed and filed with the board. If there is no such beneficiary surviving the retirant, the reserve for such allowance for the remainder of such one hundred twenty months' period shall be paid to the retirant's estate.

(4) Option D. Some other option approved by the board which shall be the actuarial equivalent of the allowance to which the member is entitled under this system.

3. The death of the beneficiary designated under option A or B of subsection 2 of this section before the death of the retirant after retirement shall, upon written notification to the system of the death of the beneficiary, cancel any optional plan elected at retirement to provide continuing lifetime benefits to the beneficiary and shall return the retirant

to his or her single lifetime benefit equivalent, to be effective the month following receipt of the written notification of the death of the beneficiary by the system.

2. The owner of a park seeking to establish a project shall submit a project application to the department for certification of such project. The department shall review all project applications received under this section and, in consultation with the department of natural resources, verify satisfaction of the requirements of this section. If the department approves a project application, the department shall forward such application and approval to the commission.

3. Notwithstanding provisions of section 393.1030 to the contrary, upon receipt of an application and approval from the department, the commission shall assign double credit to any electric power, renewable energy, renewable energy credits, or any successor credit generated from:

(1) Renewable energy resources purchased from the biomass facility located in the park by an electric power supplier;

(j) Fuel cells using hydrogen produced by one or more of the renewable resources provided in paragraphs (a) to (i) of this subdivision; or

(k) Any other sources of energy, not including nuclear energy, that are certified as renewable by rule by the department of natural resources;

**(27) "Replacement business facility", a facility otherwise described in subdivision (17) of this section, hereafter referred to in this subdivision as "new facility", which replaces another facility, hereafter referred to in this subdivision as "old facility", located within the state, which the taxpayer or a related taxpayer previously operated but discontinued operating on or before the close of the first taxable year for which the credit allowed by this section is claimed. A new facility shall be deemed to replace an old facility if the following conditions are met:**

(a) The old facility was operated by the taxpayer or a related taxpayer during the taxpayer's or related taxpayer's taxable period immediately preceding the taxable year in which commencement of commercial operations occurs at the new facility; and

(b) The old facility was employed by the taxpayer or a related taxpayer in the operation of an enhanced business enterprise and the taxpayer continues the operation of the same or substantially similar enhanced business enterprise at the new facility. Notwithstanding the preceding provisions of this subdivision, a facility shall not be considered a replacement business facility if the taxpayer's new business facility investment, as computed in subdivision (19) of this section, in the new facility during the tax period for which the credits allowed in section 135.967 are claimed exceed one million dollars and if the total number of employees at the new facility exceeds the total number of employees at the old facility by at least two;

**[(26)] (28) "Same or substantially similar enhanced business enterprise", an enhanced business enterprise in which the nature of the products produced or sold, or activities conducted, are similar in character and use or are produced, sold, performed, or conducted in the same or similar manner as in another enhanced business enterprise.**

135.953. 1. For purposes of sections 135.950 to 135.970, an area shall meet the following criteria in order to qualify as an enhanced enterprise zone:

(1) The area shall be a blighted area, have pervasive poverty, unemployment and general distress; and  
 (2) At least sixty percent of the residents living in the area have incomes below ninety percent of the median income of all residents:

(a) Within the state of Missouri, according to the last decennial census or other appropriate source as approved by the director; or

(b) Within the county or city not within a county in which the area is located, according to the last decennial census or other appropriate source as approved by the director; and

(3) The resident population of the area shall be at least five hundred but not more than one hundred thousand at the time of designation as an enhanced enterprise zone if the area lies within a metropolitan statistical area, as established by the United States Census Bureau, or if the area does not lie within a metropolitan statistical area, the resident population of the area at the time of designation shall be at least five hundred but not more than forty thousand inhabitants. If the population of the jurisdiction of the governing authority does not meet the minimum population requirements set forth in this subdivision, the population of the area must be at least fifty percent of the population of the jurisdiction. However, no enhanced enterprise zone shall be created which consists of the total area within the political boundaries of a county; and

(4) The level of unemployment of persons, according to the most recent data available from the United States Bureau of Census and approved by the director, within the area is equal to or exceeds the average rate of unemployment for:

- (a) The state of Missouri over the previous twelve months; or
- (b) The county or city not within a county over the previous twelve months.

2. Notwithstanding the requirements of subsection 1 of this section to the contrary, an enhanced enterprise zone may be established in an area located within a county for which public and individual assistance has been requested by the governor pursuant to Section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121 et seq., for an emergency proclaimed by the governor pursuant to section 44.100 due to a natural disaster of major proportions, if the area to be designated is blighted and sustained severe damage as a result of such natural disaster, as determined by the state emergency management agency. An application for designation as an enhanced enterprise zone pursuant to this subsection shall be made before the expiration of one year from the date the governor requested federal relief for the area sought to be designated.

3. Notwithstanding the requirements of subsection 1 of this section to the contrary, an enhanced enterprise zone may be designated in a county of declining population if it meets the requirements of subdivisions (1), (3) and either (2) or (4) of subsection 1 of this section. For the purposes of this subsection, a "county of declining population" is one that has lost one percent or more of its population as demonstrated by comparing the most recent decennial census population to the next most recent decennial census population for the county.

4. In addition to meeting the requirements of subsection 1, 2, or 3 of this section, an area, to qualify as an enhanced enterprise zone, shall be demonstrated by the governing authority to have either:

- (1) The potential to create sustainable jobs in a targeted industry; or
- (2) A demonstrated impact on local industry cluster development.

**5. Notwithstanding the requirements of subsections 1 and 4 of this section to the contrary, a renewable energy generation zone may be designated as an enhanced enterprise zone if the renewable energy generation zone meets the criteria set forth in subdivision (25) of section 135.950.**

135.963. 1. Improvements made to real property as such term is defined in section 137.010 which are made in an enhanced enterprise zone subsequent to the date such zone or expansion thereto was designated, may, upon approval of an authorizing resolution **or ordinance** by the governing authority having jurisdiction of the area in which the improvements are made, be exempt, in whole or in part, from assessment and payment of ad valorem taxes of one or more affected political subdivisions. **Improvements made to real property, as such term is defined in section 137.010, which are locally assessed and in a renewable energy generation zone designated as an enhanced enterprise zone, subsequent to the date such enhanced enterprise zone or expansion thereto was designated, may, upon approval of an authorizing resolution or ordinance by the governing authority having jurisdiction of the area in which the improvements are made, be exempt, in whole or in part, from assessment and payment of ad valorem taxes of one or more affected political subdivisions.** In addition to enhanced business enterprises, a speculative industrial or warehouse building constructed by a public entity or a private entity if the land is leased by a public entity may be subject to such exemption.

2. Such authorizing resolution shall specify the percent of the exemption to be granted, the duration of the exemption to be granted, and the political subdivisions to which such exemption is to apply and any other terms, conditions, or stipulations otherwise required. A copy of the resolution shall be provided to the director within thirty calendar days following adoption of the resolution by the governing authority.

3. No exemption shall be granted until the governing authority holds a public hearing for the purpose of obtaining the opinions and suggestions of residents of political subdivisions to be affected by the exemption from property taxes. The governing authority shall send, by certified mail, a notice of such hearing to each political subdivision in the area to be affected and shall publish notice of such hearing in a newspaper of general circulation in the area to be affected by the exemption at least twenty days prior to the hearing but not more than thirty days prior to the hearing. Such notice shall state the time, location, date, and purpose of the hearing.

4. Notwithstanding subsection 1 of this section, at least one-half of the ad valorem taxes otherwise imposed on subsequent improvements to real property located in an enhanced enterprise zone of enhanced business enterprises or speculative industrial or warehouse buildings as indicated in subsection 1 of this section shall become and remain exempt from assessment and payment of ad valorem taxes of any political subdivision of this state or municipality thereof for a period of not less than ten years following the date such improvements were assessed, provided the improved properties are used for enhanced business enterprises. The exemption for speculative buildings is subject to the approval of the governing authority for a period not to exceed two years if the building is owned by a private entity and five years if the building is owned or ground leased by a public entity. This shall not preclude the building receiving an exemption for the remaining time period established by the governing authority if it was occupied by an enhanced business enterprise. The two- and five-year time periods indicated for speculative buildings shall not be an addition to the local abatement time period for such facility.

5. No exemption shall be granted for a period more than twenty-five years following the date on which the original enhanced enterprise zone was designated by the department.

6. The provisions of subsection 1 of this section shall not apply to improvements made to real property begun prior to August 28, 2004.

7. The abatement referred to in this section shall not relieve the assessor or other responsible official from ascertaining the amount of the equalized assessed value of all taxable property annually as required by section 99.855, 99.957, or 99.1042 and shall not have the effect of reducing the payments in lieu of taxes referred to in subdivision (2) of subsection 1 of section 99.845, subdivision (2) of subsection 3 of section 99.957, or subdivision (2) of subsection 3 of section 99.1042 unless such reduction is set forth in the plan approved by the governing body of the municipality pursuant to subdivision (1) of subsection 1 of section 99.820, section 99.942, or section 99.1027."; and

(4) "Tangible personal property" includes every tangible thing being the subject of ownership or part ownership whether animate or inanimate, other than money, and not forming part or parcel of real property as herein defined, but does not include household goods, furniture, wearing apparel and articles of personal use and adornment, as defined by the state tax commission, owned and used by a person in his home or dwelling place."; and

*House Amendment No. 3*

AMEND House Committee Substitute for Senate Bill No. 207, Section 137.115, Page 21, Line 198, by inserting after all of said section and line the following:

"386.420. 1. At the time fixed for any hearing before the commission or a commissioner, or the time to which the same may have been continued, the complainant, the public counsel and the corporation, person or public utility complained of, and such corporations and persons as the commission may allow to intervene, shall be entitled to be heard and to introduce evidence. The commission shall issue process to enforce the attendance of all necessary witnesses.

2. Whenever an investigation shall be made by the commission, it shall be its duty, to make a report in writing in respect thereto, which shall state the conclusions of the commission, together with its decision, order or requirement in the premises. The commission or any commissioner or any party may, in any investigation or hearing before the commission, cause the deposition of witnesses residing within or without the state to be taken in the manner prescribed by law for like depositions in civil actions in the circuit courts of this state and to that end may compel the attendance of witnesses and the production of books, waybills, documents, papers, memoranda and accounts. Witnesses whose depositions are taken as provided in this section and the officer taking the same shall severally be entitled to the same fees as are paid for like services in the circuit courts of this state.

3. If an order cannot, in the judgment of the commission, be complied with within thirty days, the commission may grant and prescribe such additional time as in its judgment is reasonably necessary to comply with the order, and may, on application and for good cause shown, extend the time for compliance fixed in its order.

4. A full and complete record shall be made of all proceedings before the commission or any commissioner on any formal hearing had, and all testimony shall be taken down by a reporter appointed by the commission, and the parties shall be entitled to be heard in person or by attorney. Preparation of a printed transcript may be waived by unanimous consent of all the parties. In case of an action to review any order or decision of the commission, a transcript of such testimony, together with all exhibits or copies thereof introduced and all information secured by the commission on its own initiative and considered by it in rendering its order or decision, and of the pleadings, record and proceedings in the cause, shall constitute the record of the commission; provided, that on review of an order or decision of the commission, the [petitioner] **appellant** and the commission may stipulate that a certain question or questions alone and a specified portion only of the evidence shall be certified to the [circuit] **reviewing** court for its judgment, whereupon such stipulation and the question or questions and the evidence therein specified shall constitute the record on review. **In any proceeding resulting in the establishment of new rates for a public utility, the commission shall cause to be prepared, with the assistance of the parties to such proceeding, and shall approve, after allowing the parties a reasonable opportunity to provide written input, a detailed reconciliation containing the dollar value and rate or charge impact of each contested issue decided by the commission, and the customer class billing determinants used by the commission to calculate the rates and charges approved by the commission in such proceeding. Such information shall be sufficient to permit a reviewing court and the commission on remand from a reviewing court to determine how the public utility's rates and charges, including the rates and charges for each customer class, would need to be temporarily and, if applicable, permanently adjusted to provide customers or the public utility with any monetary relief that may be due in accordance with the procedures set forth in section 386.520. In the event there is any dispute over the value of a particular issue or the correctness of a billing determinant, the commission shall also include in the reconciliation a quantification of the dollar value and rate or charge impact associated with the dispute.**

386.490. 1. Every order of the commission shall be served upon every person or corporation to be affected thereby, either by personal delivery of a certified copy thereof, **by electronic service**, or by mailing a certified copy thereof, in a sealed package with postage prepaid, to the person to be affected thereby, or, in the case of a corporation,

to any officer or agent thereof upon whom a summons may be served in accordance with the provisions of the code of civil procedure.

2. [It shall be the duty of every person and corporation to notify the commission forthwith, in writing, of the receipt of the certified copy of every order so served, and in the case of a corporation such notification must be signed and acknowledged by a person or officer duly authorized by the corporation to admit such service. Within a time specified in the order of the commission every person and corporation upon whom it is served must if so required in the order notify the commission in like manner whether the terms of the order are accepted and will be obeyed.

3.] Every order or decision of the commission shall of its own force take effect and become operative thirty days after the service thereof, except as otherwise provided, and shall continue in force either for a period which may be designated therein or until changed or abrogated by the commission, unless such order be unauthorized by this law or any other law or be in violation of a provision of the constitution of the state or of the United States.

**386.510. With respect to commission orders or decisions issued on and after the effective date of this section,** within thirty days after the application for a rehearing is denied, or, if the application is granted, then within thirty days after the rendition of the decision on rehearing, the applicant may [apply to] **file a notice of appeal with the [circuit court of] commission, which shall also be served on the parties to the commission proceeding in accordance with section 386.515, and which shall also be filed with the appellate court with the territorial jurisdiction over the county where the hearing was held or in which the commission has its principal office [for a writ of certiorari or review (herein referred to as a writ of review)]** for the purpose of having the reasonableness or lawfulness of the original order or decision or the order or decision on rehearing inquired into or determined. [The writ shall be made returnable not later than thirty days after the date of the issuance thereof, and shall direct the commission to certify its record in the case to the court. On the return day the cause shall be heard by the circuit court, unless for a good cause shown the same be continued.] **Except with respect to a stay or suspension pursuant to subsection 1 of section 386.520,** no new or additional evidence may be introduced [upon the hearing] in the [circuit] **appellate** court but the cause shall be heard by the court without the intervention of a jury on the evidence and exhibits introduced before the commission and certified to by it. **The notice of appeal shall include the appellant's application for rehearing, a copy of the reconciliation required by subsection 4 of section 386.420, a concise statement of the issues being appealed, a full and complete list of the parties to the commission proceeding, and any other information specified by the rules of the court. Unless otherwise ordered by the court of appeals, the commission shall, within thirty days of the filing of the notice of appeal, certify its record in the case to the court of appeals.** The commission and each party to the action or proceeding before the commission shall have the right to [appear] **intervene and participate fully** in the review proceedings. Upon the [hearing the circuit] **submission of the case to the court of appeals, the court of appeals** shall [enter judgment] **render its opinion** either affirming or setting aside, **in whole or in part,** the order or decision of the commission under review. In case the order or decision is reversed by reason of the commission failing to receive testimony properly proffered, the court shall remand the cause to the commission, with instructions to receive the testimony so proffered and rejected, and enter a new order or **render a new decision** based upon the evidence theretofore taken, and such as it is directed to receive. The court may, in its discretion, remand any cause which is reversed by it to the commission for further action. No court in this state, except [the circuit courts to the extent herein specified and] the supreme court or the court of appeals [on appeal], shall have jurisdiction or **authority** to review, reverse, correct or annul any order or decision of the commission or to suspend or delay the executing or operation thereof, or to enjoin, restrain or interfere with the commission in the performance of its official duties. The [circuit] **appellate** courts of this state shall always be deemed open for the trial of suits brought to review the orders and decisions of the commission as provided in the public service commission law and the same shall **where necessary** be tried and determined as suits in equity.

**386.515.** [Prior to August 28, 2001, in proceedings before the Missouri public service commission, consistent with the decision of the supreme court of Missouri in *State ex rel. Anderson Motor Service Co., Inc. v. Public Service Commission*, 97 S.W.2d 116 (Mo. banc 1936) the review procedure provided for in section 386.510 is exclusive to any other procedure.] **With respect to commission orders or decisions issued on and after the effective date of this section,** an application for rehearing is required to be served on all parties and is a prerequisite to the filing of an [application for writ of review] **appeal under section 386.510.** The application for rehearing puts the parties to the proceeding before the commission on notice that [a writ of review] **an appeal** can follow and any such review **under the appeal** may proceed [without formal notification or summons to] **provided that a copy of the notice of appeal is served on said parties. With respect to commission orders or decisions issued on and after [August 28, 2001] the effective date of this section,** the review procedure provided for in section 386.510 continues to be exclusive except that a copy of [any such writ of review] **the notice of appeal required by section 386.510** shall be [provided to] **served**

on each party to the proceeding before the commission[, or his or her attorney of record, by hand delivery or by registered mail, and proof of such delivery or mailing shall be filed in the case as provided by subsection 2 of section 536.110] **by the appellant according to the rules established by the court in which the appeal is filed.**

386.520. 1. The pendency of [a writ of review] **an appeal under section 386.510** shall not of itself stay or suspend the operation of the order or decision of the commission, but [during the pendency of such writ, the circuit court in its discretion may stay or suspend, in whole or in part, the operation of the commission's order or decision. No order so staying or suspending an order or decision of the commission shall be made by any circuit court otherwise than on three days' notice and after hearing, and if the order or decision of the commission is suspended the same shall contain a specific finding based upon evidence submitted to the court and identified by reference thereto, that great or irreparable damage would otherwise result to the petitioner and specifying the nature of the damage. In case the order or decision of the commission is stayed or suspended, the order or judgment of the court shall not become effective until a suspending bond shall first have been executed and filed with, and approved by, the circuit court, payable to the state of Missouri, and sufficient in amount and security to secure the prompt payment, by the party petitioning for the review, of all damages caused by the delay in the enforcement of the order or decision of the commission, and of all moneys which any person or corporation may be compelled to pay, pending the review proceedings, for transportation, transmission, product, commodity or service in excess of the charges fixed by the order or decision of the commission, in case such order or decision is sustained.

2. The circuit court, in case it stays or suspends the order or decision of the commission in any manner affecting rates, fares, tolls, rentals, charges or classifications, shall also by order direct the corporation, person or public utility affected to pay into court, from time to time, there to be impounded until the final decision of the case, or into some bank or trust company paying interest on deposits, under such conditions as the court may prescribe, all sums of money which it may collect from any corporation or person in excess of the sum such corporation or person would have been compelled to pay if the order or decision of the commission had not been stayed or suspended.

3. In case any circuit court stays or suspends any order or decision of the commission lowering any rate, fare, toll, rental, charge or classification, upon the execution and approval of said suspending bond, shall forthwith require the corporation, person or public utility affected, under penalty of the immediate enforcement of the order or decision of the commission, pending the review and notwithstanding the suspending order, to keep such accounts, verified by oath, as may, in the judgment of the court, suffice to show the amounts being charged or received by such corporation, person or public utility, pending the review, in excess of the charges allowed by the order or decision of the commission, together with the names and addresses of the corporations and persons to whom overcharges will be refundable in case the charges made by the corporation, person or public utility, pending the review, be not sustained by the circuit court; provided, that street railroad corporations shall not be required to keep a record of the names and addresses of such persons paying such overcharge of fares, but such street railroad corporations shall give to such persons printed receipts showing such overcharges of fares, the form of such printed receipts to be approved by the commission.

4. The court may, from time to time, require said party petitioning for a review to give additional security on, or to increase, the said suspending bond, whenever in the opinion of the court the same may be necessary to secure the prompt payment of said damages or said overcharges.

5. Upon the decision of the circuit court, all moneys which the corporation, person or public utility may have collected pending the appeal, in excess of those authorized by such decision, together with interest, in case the court ordered the deposit of such moneys in a bank or trust company, shall be promptly paid to the corporations or persons entitled thereto, in such manner and through such methods of distribution as may be prescribed by the court, unless an appeal be granted such corporation, person or public utility, as herein provided] **with respect to commission orders or decisions issued on and after the effective date of this section that do not involve the establishment of new rates and charges for a public utility, the appellate court may in its discretion, or upon the recommendation of a special master appointed for such purpose, and after the posting of an appropriate appeal bond, stay or suspend the operation of the order or decision of the commission, in whole or in part, if in its discretion it determines that great or irreparable damage would otherwise result to the appellant.**

**2. With respect to orders or decisions issued on and after the effective date of this section that involve the establishment of new rates or charges, there shall be no stay or suspension of the commission's order or decision, however:**

**(1) In the event a final and unappealable judicial decision determines that a commission order or decision unlawfully or unreasonably decided an issue or issues in a manner affecting rates, then the court shall instruct the commission to provide temporary rate adjustments and, if new rates and charges have not been approved by the commission before the judicial decision becomes final and unappealable, prospective rate adjustments. Such adjustments shall be calculated based on the record evidence in the proceeding under review and the information**

contained in the reconciliation and billing determinants provided by the commission under subsection 4 of section 386.420 and in accordance with the procedures set forth in subdivisions (2) to (5) of this subsection;

(2) If the effect of the unlawful or unreasonable commission decision issued on or after the effective date of this section was to increase the public utility's rates and charges in excess of what the public utility would have received had the commission not erred or to decrease the public utility's rates and charges in a lesser amount than would have occurred had the commission not erred, then the commission shall be instructed on remand to approve temporary rate adjustments designed to flow through to the public utility's then existing customers the excess amounts that were collected by the utility plus interest at the higher of the prime bank lending rate minus two percentage points or zero. Such amounts shall be calculated for the period commencing with the date the rate increase or decrease took effect until the earlier of the date when new rates and charges consistent with the court's opinion became effective or when new rates or charges otherwise approved by the commission as a result of a general rate case filing or complaint became effective. Such amounts shall then be reflected as a rate adjustment over a like period of time. The commission shall issue its order on remand within sixty days unless the commission determines that additional time is necessary to properly calculate the temporary or any prospective rate adjustment, in which case the commission shall issue its order within one hundred and twenty days;

(3) If the effect of the unlawful or unreasonable commission decision was to increase the public utility's rates and charges by a lesser amount than what the public utility would have received had the commission not erred or to decrease the public utility's rates and charges in a greater amount than would have occurred had the commission not erred, then the commission shall be instructed on remand to approve temporary rate adjustments designed to allow the public utility to recover from its then existing customers the amounts it should have collected plus interest at the higher of the prime bank lending rate minus two percentage points or zero. Such amounts shall be calculated for the period commencing with the date the rate increase or decrease took effect until the earlier of the date when new permanent rates and charges consistent with the court's opinion became effective or when new permanent rates or charges otherwise approved by the commission as a result of a general rate case filing or complaint became effective. Such amounts shall then be reflected as a rate adjustment over a like period of time. The commission shall issue its order on remand within sixty days unless the commission determines that additional time is necessary to properly calculate the temporary or any prospective rate adjustment, in which case the commission shall issue its order within one hundred and twenty days;

(4) If the effect of the unlawful or unreasonable commission decision was to allocate too much of a rate increase or too little of a rate decrease to a customer class or classes, then the commission shall be instructed on remand to approve temporary rate adjustments for each customer class as necessary to ensure that each customer class is charged the amounts that would have been charged had the commission not erred. Such amounts shall be calculated for the period commencing with the date the rate increase or decrease took effect until the earlier of the date when new rates and charges consistent with the court's opinion became effective or when new rates or charges otherwise approved by the commission as a result of a general rate case filing or complaint became effective. Such amounts shall then be reflected as a rate adjustment over a like period of time. The commission shall issue its order on remand within sixty days unless the commission determines that additional time is necessary to properly calculate the temporary or any prospective rate adjustment, in which case the commission shall issue its order within one hundred and twenty days;

(5) On and after the effective date of this section, no action affecting the public utility's collection of rates and charges shall be taken in cases where the court cannot make a determination on the merits because the commission failed to include adequate findings of fact to support the commission's decision or failed to receive evidence properly proffered, provided that the commission shall provide such findings of fact or otherwise issue a new order within ninety days of the date of the court's mandate. If such new order is appealed, the period for measuring amounts subject to temporary rate adjustments process set forth in subdivisions (1) to (4) of this subsection shall commence beginning with the date the rate increase or decrease took effect.

386.530. All actions or proceedings under this or any other chapter, and all actions and proceedings commenced or prosecuted by order of the commission, and all actions and proceedings to which the commission, the public counsel or the state may be parties, and in which any question arises under this or any other chapter, or under or concerning any order or decision or action of the commission, shall be preferred over all other civil causes except election contests in all the [circuit] **appellate** courts of the state of Missouri, and shall be heard and determined in preference to all other civil business pending therein except election contests, irrespective of position on the calendar. The same preference shall be granted upon application of the public counsel or the commission counsel in any action or proceeding in which either or both may be allowed to intervene.

386.540. 1. The commission and any party, including the public counsel, who has participated in the [commission] **court of appeals** proceeding [which produced the order or decision may, after the entry of judgment in the circuit court in any action in review, prosecute an appeal to a court having appellate jurisdiction in this state. Such appeal shall be prosecuted as appeals from judgment of the circuit court in civil cases except as otherwise provided in this chapter] **and is aggrieved by the opinion of the court may seek rehearing or transfer to the Missouri supreme court under rules established by the court.** The original transcript of the record and testimony and exhibits, certified to by the commission and filed [in the circuit court in any action to review an order or decision of the commission, together with a transcript of the proceedings in the circuit court,] **with the court of appeals** shall constitute the record on appeal to the supreme court [or any court of appeals].

2. Where an appeal is taken to the supreme court [or the court of appeals], the cause shall, on the return of the papers to the supreme court [or court of appeals], be immediately placed on the docket of the then pending term by the clerk of the court and shall be assigned and brought to a hearing in the same manner as other causes on the then pending term docket, but shall have precedence over all civil causes of a different nature pending in the court. [No appeal shall be effective when taken by a corporation, person or public utility unless a cost bond of appeal in the sum of five hundred dollars shall be filed within ten days after the entry of judgment in the circuit court appealed from.]

3. [The circuit court may in its discretion suspend its judgment pending the hearing in the supreme court or court of appeals on appeal, upon the filing of a bond by the corporation, person or public utility with good and sufficient security conditioned as provided for bonds upon actions for review and by further complying with all terms and conditions of this law for the suspension of any order or decision of the commission pending the hearing or review in the circuit court. This bond shall be in addition to the cost bond heretofore provided in this section.

4.] The general laws relating to appeals to the supreme court and the court of appeals in this state shall, so far as applicable and not in conflict with the provisions of this chapter, apply to appeals taken under the provisions of this chapter."; and

Further amend said bill, Page 24, Section 393.1075, Line 112, by inserting after all of said line the following:

"Section B. *House Amendment No. 4*

AMEND House Committee Substitute for Senate Bill No. 207, Section 137.080, Page 11, Line 16, by inserting the following after all of said line:

"137.082. 1. Notwithstanding the provisions of sections 137.075 and 137.080 to the contrary, a building or other structure classified as residential property pursuant to section 137.016 newly constructed and occupied on any parcel of real property shall be assessed and taxed on such assessed valuation as of the first day of the month following the date of occupancy for the proportionate part of the remaining year at the tax rates established for that year, in all taxing jurisdictions located in the county adopting this section as provided in subsection 8 of this section. Newly constructed residential property which has never been occupied shall not be assessed as improved real property until such occupancy or the first day of January of the [second] **fourth** year following the year in which construction of the improvements was completed. **The provisions of this subsection shall apply in those counties including any city not within a county in which the governing body has previously adopted or hereafter adopts the provisions of this subsection.**

2. The assessor may consider a property residentially occupied upon personal verification or when any two of the following conditions have been met:

- (1) An occupancy permit has been issued for the property;
- (2) A deed transferring ownership from one party to another has been filed with the recorder of deeds' office subsequent to the date of the first permanent utility service;
- (3) A utility company providing service in the county has verified a transfer of service for property from one party to another;
- (4) The person or persons occupying the newly constructed property has registered a change of address with any local, state or federal governmental office or agency.

3. In implementing the provisions of this section, the assessor may use occupancy permits, building permits, warranty deeds, utility connection documents, including telephone connections, or other official documents as may be necessary to discover the existence of newly constructed properties. No utility company shall refuse to provide verification monthly to the assessor of a utility connection to a newly occupied single family building or structure.

4. In the event that the assessment under subsections 1 and 2 of this section is not completed until after the deadline for filing appeals in a given tax year, the owner of the newly constructed property who is aggrieved by the assessment of the property may appeal this assessment the following year to the county board of equalization in accordance with chapter 138 and may pay any taxes under protest in accordance with section 139.031; provided however, that such payment under protest shall not be required as a condition of appealing to the county board of equalization. The collector shall impound such protested taxes and shall not disburse such taxes until resolution of the appeal.

5. The increase in assessed valuation resulting from the implementation of the provisions of this section shall be considered new construction and improvements under the provisions of this chapter.

6. In counties which adopt the provisions of subsections 1 to 7 of this section, an amount not to exceed ten percent of all ad valorem property tax collections on newly constructed and occupied residential property allocable to each taxing authority within counties of the first classification having a population of nine hundred thousand or more, one-tenth of one percent of all ad valorem property tax collections allocable to each taxing authority within all other counties of the first classification and one-fifth of one percent of all ad valorem property tax collections allocable to each taxing authority within counties of the second, third and fourth classifications and any county of the first classification having a population of at least eighty- two thousand inhabitants, but less than eighty-two thousand one hundred inhabitants, in addition to the amount prescribed by section 137.720 shall be deposited into the assessment fund of the county for collection costs.

7. For purposes of figuring the tax due on such newly constructed residential property, the assessor or the board of equalization shall place the full amount of the assessed valuation on the tax book upon the first day of the month following occupancy. Such assessed valuation shall be taxed for each month of the year following such date at its new assessed valuation, and for each month of the year preceding such date at its previous valuation. The percentage derived from dividing the number of months at which the property is taxed at its new valuation by twelve shall be applied to the total assessed valuation of the new construction and improvements, and such product shall be included in the next year's base for the purposes of figuring the next year's tax levy rollback. The untaxed percentage shall be considered as new construction and improvements in the following year and shall be exempt from the rollback provisions.

8. Subsections 1 to 7 of this section shall be effective in those counties including any city not within a county in which the governing body of such county elects to adopt a proposal to implement the provisions of subsections 1 to 7 of this section. Such subsections shall become effective in such county on the first day of January of the year following such election.

9. In any county which adopts the provisions of subsections 1 to 7 of this section prior to the first day of June in any year pursuant to subsection 8 of this section, the assessor of such county shall, upon application of the property owner, remove on a pro rata basis from the tax book for the current year any residential real property improvements destroyed by a natural disaster if such property is unoccupied and uninhabitable due to such destruction. On or after the first day of July, the board of equalization shall perform such duties. Any person claiming such destroyed property shall provide a list of such destroyed property to the county assessor. The assessor shall have available a supply of appropriate forms on which the claim shall be made. The assessor may verify all such destroyed property listed to ensure that the person made a correct statement. Any person who completes such a list and, with intent to defraud, includes property on the list that was not destroyed by a natural disaster shall, in addition to any other penalties provided by law, be assessed double the value of any property fraudulently listed. The list shall be filed by the assessor, after he has provided a copy of the list to the county collector and the board of equalization, in the office of the county clerk who, after entering the filing thereof, shall preserve and safely keep them. If the assessor, subsequent to such destruction, considers such property occupied as provided in subsection 2 of this section, the assessor shall consider such property new

construction and improvements and shall assess such property accordingly as provided in subsection 1 of this section. For the purposes of this section, the term "natural disaster" means any disaster due to natural causes such as tornado, fire, flood, or earthquake.

10. Any political subdivision may recover the loss of revenue caused by subsection 9 of this section by adjusting the rate of taxation, to the extent previously authorized by the voters of such political subdivision, for the tax year immediately following the year of such destruction in an amount not to exceed the loss of revenue caused by this section."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

*House Amendment No. 5*

AMEND House Committee Substitute for Senate Bill No. 207, Page 5, Section 137.073, Line 88, by inserting immediately after the “.” on said line the following:

**“For school districts that levy separate tax rates on each subclass of real property and personal property in the aggregate, if voters approved a ballot before January 1, 2011, that presented separate stated tax rates to be applied to the different subclasses of real property and personal property in the aggregate, or increases the separate rates that may be levied on the different subclasses of real property and personal property in the aggregate by different amounts, the tax rate that shall be used for the single tax rate calculation shall be a blended rate, calculated in the manner provided under subdivision (1) of subsection 6 of this section.”; and**

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Fuhr, **House Amendment No. 5** was adopted.

Representative Schoeller offered **House Amendment No. 6.**

*House Amendment No. 6*

AMEND House Committee Substitute for Senate Bill No. 207, Page 21, Section 137.115 (repealed), Line 198, by inserting after all of said section and line the following:

“250.236. 1. Any city, town or village may contract with a private or public water company to terminate water services, at the direction of the city, because a customer fails to pay his sewer bill. When charges for sewer services are in arrears for more than three months and after the city sends notice to the customer [by certified mail], the city may disconnect the customer's sewer line or request in writing that the private or public water company discontinue water service until such time as the sewer charges and all related costs are paid.

2. A private or public water company acting pursuant to a written request from the city as provided in subsection 1 of this section is not liable for damages related to termination of water services. All costs related to disconnection and reconnections shall be reimbursed to the private water company by the city.

393.015. 1. Notwithstanding any other provision of law to the contrary, any sewer corporation, municipality or sewer district established under the provisions of chapter 249 or 250, or sections 204.250 to 204.470, or any sewer district created and organized pursuant to constitutional authority, may contract with any water corporation to terminate water services to any customer premises for nonpayment of a sewer bill. No such termination of water service may occur until thirty days after the sewer corporation, municipality or statutory sewer district or sewer district created and organized pursuant to constitutional authority sends a written notice to the customer [by certified mail], except that if the water corporation is performing a combined water and sewer billing service for the sewer corporation, municipality or sewer district, no additional notice or any additional waiting period shall be required other than the notice and waiting period already used by the water corporation to disconnect water service for nonpayment of the water bill. Acting pursuant to a contract, the water corporation shall discontinue water service until such time as the sewer charges and all related costs of termination and reestablishment of sewer and water services are paid by the customer.

2. A water corporation acting pursuant to a contract with a sewer corporation, municipality or sewer district as provided in subsection 1 of this section shall not be liable for damages related to termination of water services unless such damage is caused by the negligence of such water corporation, in which case the water corporation shall be indemnified by the sewer corporation, municipality or sewer district. Unless otherwise specified in the contract, all costs related to the termination and reestablishment of services by the water corporation shall be reimbursed by the sewer corporation, municipality, sewer district or sewer district created and organized pursuant to constitutional authority.

393.275. 1. The commission shall notify the governing body of each city or county imposing a business license tax pursuant to section 66.300, 92.045, 94.110, 94.270 or 94.360, RSMo, or a similar tax adopted pursuant to charter provisions in any constitutional charter city with a population of at least three hundred fifty thousand inhabitants which is located in more than one county, on gross receipts of any gas corporation, electric corporation, water corporation or sewer corporation of any tariff increases authorized for such firm doing business in that city or county if the approved increase exceeds seven percent. The commission shall include with such notice to any city or county the percentage increase approved for the utility, together with an estimate of the annual increase in gross receipts resulting from the tariff increase on customers residing in that city or county. The provisions of this subsection shall not apply to rate adjustments in the purchase price of natural gas which are approved by the commission.

2. The governing body of each city or county notified of a tariff increase as provided in subsection 1 of this section shall reduce the tax rate of its business license tax on the gross receipts of utility corporations. Within sixty days of the effective date of the tariff increase, the tax rate shall be reduced to the extent necessary so that revenue for the ensuing twelve months will be approximately equal to the revenue received during the preceding twelve months plus a growth factor. The growth factor shall be equal to the average of the additional revenue received in each of the preceding three years. However, a city or county may maintain the tax rate of its business license tax on the gross receipts of utility corporations without reduction if an ordinance to maintain the tax rate is enacted by the governing body of the city or an order to maintain the tax rate is issued by the governing body of the county after September 28, 1985. The provisions of this subsection shall not apply to rate adjustments in the purchase price of natural gas which are approved by the commission **and such purchased gas adjustment rates shall include the gas cost portion of net write-offs incurred by the gas corporation in providing service to system sales customers upon the filing and approval of new rate schedules applicable to such customers. Such rate schedules shall be designed to simultaneously decrease the gas corporation's base rates and increase its purchased gas adjustment rates by like amounts so as to reasonably ensure that the gas cost portion of the net write-offs applicable to such customers, as such portion is determined by the commission, is only being recovered once through the gas corporation's purchased gas adjustment rates. Increases and decreases in the gas cost portion of net write-offs shall thereafter be reflected in the gas corporation's purchased gas adjustment rates under tariff provisions approved by the commission provided, however, that such tariff provisions shall:**

(1) **Limit increases or decreases in the gas cost portion of net write-offs as reflected in purchased gas adjustment rates to once each year;**

(2) **Require a true-up of the gas cost portion of net write-offs as reflected in purchased gas adjustment rates once each year; and**

(3) **Require commission review of the gas cost portion of net write-offs as reflected in purchased gas adjustment rates once each year to ensure that the gas corporation is prudently pursuing collection of amounts owed by its customers.**

Notwithstanding any provisions of chapter 386, RSMo, and this chapter to the contrary, as of August 28, [2003] **2011**, a water corporation [providing water service in a county with a charter form of government and with more than one million inhabitants] may file a petition and proposed rate schedules with the commission to establish or change ISRS rate schedules that will allow for the adjustment of the water corporation's rates and charges to provide for the recovery of costs for eligible infrastructure system replacements [made in such county with a charter form of government and with more than one million inhabitants;], provided that an ISRS, on an annualized basis, must produce ISRS revenues of at least one million dollars, **or ten thousand dollars for a small water corporation as defined in section 393.146**, but not in excess of ten percent of the water corporation's base revenue level approved by the commission in the water corporation's most recent general rate proceeding. An ISRS and any future changes thereto shall be calculated and implemented in accordance with the provisions of sections 393.1000 to 393.1006. ISRS revenues shall be subject to refund based upon a finding and order of the commission, to the extent provided in subsections 5 and 8 of section 393.1006.

2. The commission shall not approve an ISRS for a water corporation [in a county with a charter form of government and with more than one million inhabitants] that has not had a general rate proceeding decided or dismissed by issuance of a commission order within the past three years, unless the water corporation has filed for or is the subject of a new general rate proceeding.

3. In no event shall a water corporation collect an ISRS for a period exceeding three years unless the water corporation has filed for or is the subject of a new general rate proceeding; provided that the ISRS may be collected until the effective date of new rate schedules established as a result of the new general rate proceeding, or until the subject general rate proceeding is otherwise decided or dismissed by issuance of a commission order without new rates being established.”; and

"250.140. 1. Sewerage services, water services, or water and sewerage services combined shall be deemed to be furnished to both the occupant and owner of the premises receiving such service and, except as otherwise provided in subsection 2 of this section, the city, town, village, or sewer district or water supply district organized and incorporated under chapter 247 rendering such services shall have power to sue the occupant or owner, or both, of such real estate in a civil action to recover any sums due for such services less any deposit that is held by the city, town, village, or sewer district or water supply district organized and incorporated under chapter 247 for such services, plus a reasonable attorney's fee to be fixed by the court.

2. When the occupant is delinquent in payment for thirty days, the city, town, village, sewer district, or water supply district shall make a good faith effort to notify the owner of the premises receiving such service of the delinquency and the amount thereof. Notwithstanding any other provision of law to the contrary, any water provider **or premises owner** who terminates service due to delinquency of payment by a consumer shall not be liable for any civil or criminal damages **for termination of such service, nor shall termination of such service be deemed constructive eviction.**

5. The provisions of this section shall not apply to unapplied-for utility services. As used in this subsection, "unapplied-for utility services" means services requiring application by the property owner and acceptance of such application by the utility prior to the establishment of an account. The property owner is billed directly for the services provided, and as a result, any delinquent payment of a bill becomes the responsibility of the property owner rather than the occupant."; and

  - (i) Thermal depolymerization or pyrolysis for converting waste materials to energy;
  - (j) Fuel cells using hydrogen produced by renewable energy resources defined in this subdivision. RECs based on generating electricity in fuel cells from hydrogen derived from an eligible energy resource are eligible for compliance purposes only to the extent that the energy used to generate the hydrogen did not create RECs;
  - (k) Anaerobic digestion of farm animal waste; or
  - (l) Other sources of energy, not including nuclear, that become available after November 4, 2008, and are certified as eligible renewable energy resources as defined by the department in consultation with the commission;

(13) "Renewable energy standard" or "RES", the requirements established by sections 393.1400 to 393.1445;

(14) "The annual value of any renewable energy purchased or produced by the electric utility", the annual value of any renewable energy purchased or produced by the electric utility's renewable energy resources used for compliance with sections 393.1400 to 393.1445 shall for each hour of the annual period be calculated by

multiplying the energy produced from such resources in that hour by the actual wholesale price of energy in the electric utility's service territory as reflected by the regional transmission organization's real time hourly energy market prices within which the electric utility operates for that hour and totaling those products for the entire annual period. However, no such calculation or reduction shall be applied to dollars spent by utilities in meeting the requirement of sections 393.1415 and 393.1420.

**393.1410. 1. Electric utilities shall own new renewable generation providing delivered energy, or shall purchase delivered energy from new renewable generation, or a combination thereof, totaling no less than the following nameplate amounts by the following dates:**

**(1) For an electric utility with total retail Missouri revenues as of December 31, 2010, of \$2.3 billion dollars or more:**

- (a) By December 31, 2013: one hundred ten megawatts;**
- (b) By December 31, 2015: two hundred ten megawatts;**
- (c) By December 31, 2018: three hundred ten megawatts;**
- (d) By December 31, 2020: four hundred ten megawatts;**

**(2) For an electric utility with total retail Missouri revenues as of December 31, 2010, of at least \$730 million dollars but no more than \$2.29 billion dollars:**

- (a) By December 31, 2015: twenty megawatts;**
- (b) By December 31, 2018: one hundred twenty megawatts;**
- (c) By December 31, 2020: one hundred forty-five megawatts;**

**(4) An electric utility with total retail Missouri revenues as of December 31, 2010, of less than seven hundred eight million dollars that owns renewable generation providing delivered energy, or purchases delivered energy from renewable generation, or a combination thereof, totaling at least one hundred forty-five megawatts by December 31, 2011, shall not be required to provide additional renewable generation or purchase additional delivered energy to comply with this section.**

**2. Notwithstanding subsection 1 of this section, if the levelized cost of energy from the new renewable generation prescribed by subsection 1 of this section exceeds seventy dollars per megawatt-hour adjusted annually for inflation according to the consumer price index, for each of the separate time periods in subsection 1 of this section, then the megawatts of new renewable generation prescribed for that time period by subsection 1 of this section shall be reduced by five percent for every dollar by which the levelized cost of energy exceeds seventy dollars per megawatt-hour adjusted annually for inflation according to the consumer price index.**

**3. Notwithstanding any provision of law to the contrary, the following limitations on rate impact shall apply:**

**(1) Notwithstanding any provision of the law to the contrary, the annual net cost during any calendar year to any billing account that experienced a billing demand of five thousand kilowatts or more during the preceding calendar year, and to any interstate pipeline pumping station regardless of size, shall not be more than one percent higher than the cost would have been without the renewable energy mandates set forth in sections 393.1400 to 393.1445, where such impact is measured in accordance with subsection 5 of this section;**

**(2) In addition, the one percent limitation shall apply to any other billing account of an entity qualifying under subdivision (1) of this subsection where that account consumed five million kilowatts or more during the preceding calendar year, and also to any billing account consuming more than five million kilowatts per year that belongs to a parent, subsidiary, or affiliate of the entity responsible for paying the billings for the account qualifying in subdivision (1) of this subsection;**

**(3) To qualify for the limitation in subdivision (2) of this subsection, the entity responsible for the billing account shall establish the existence of the required corporate relationship to the satisfaction of the electric utility.**

**4. In addition, the net cost during any calendar year to any billing account as measured in accordance with subsection 5 of this section, of a utility's compliance with the renewable mandate shall not exceed one hundred thousand dollars.**

**5. For the purpose of applying subsection 4 of this section, the annual net cost to any retail customer, of a utility's compliance with the renewable mandates shall be determined on an annual basis by computing that**

customer's share of an electric utility's annual net costs to comply with the renewable mandates as follows and limiting that share to one hundred thousand dollars per year:

- (1) The following costs shall be added:
  - (a) Annual costs associated with owning, operating, and maintaining renewable energy resources used for compliance with sections 393.1400 to 393.1445;
  - (b) Annual costs of purchased RECs;
  - (c) Annual cost of solar rebates;
  - (d) Annual renewable energy purchases utilized for compliance with sections 393.1400 to 393.1445;
  - (e) Annual administrative and general costs related to compliance with sections 393.1400 to 393.1445;
- and
- (f) Additional operating costs incurred to integrate a renewable energy resource due to its intermittent operating characteristics;
- (2) The annual value of any renewable energy purchased or produced by the electric utility's renewable energy resources used for compliance with sections 393.1400 to 393.1445 (excluding sections 393.1415 and 393.1420) shall be subtracted from the sum of paragraphs (a) to (f) of subdivision (1) of this subsection.

Furthermore, for the purpose of applying subsection 3 of this section, the increased cost to the class defined therein shall be determined on an annual basis by taking its share of an electric utility's cost of compliance with the renewable mandates determined as follows and limiting it to one percent:

- (3) The following costs shall be added:
  - (a) Annual costs associated with owning, operating, and maintaining renewable energy resources used for compliance with sections 393.1400 to 393.1445;
  - (b) Annual costs of purchased RECs;
  - (c) Annual cost of solar rebates;
  - (d) Annual renewable energy purchases utilized for compliance with sections 393.1400 to 393.1445;
  - (e) Annual administrative and general costs related to compliance with sections 393.1400 to 393.1445;
- and
- (f) Additional operating costs incurred to integrate a renewable energy resource due to its intermittent operating characteristics;
- (4) The annual value of any renewable energy purchased or produced by the electric utility's renewable energy resources used for compliance with sections 393.1400 to 393.1445 (excluding sections 393.1415 and 393.1420) shall be subtracted from the sum of paragraphs (a) to (f) of subdivision (3) of this subsection.

6. An electric utility shall pay penalties of two thousand dollars per day for failure to meet the nameplate amounts specified in subsection 1 of this section. Any such monetary fine shall be distributed to the public schools under section 7, article IX of the Constitution of Missouri. An electric utility shall be excused from this subsection if it proves to the commission that failure was due to events beyond its reasonable control that could not have been reasonably mitigated.

7. The exclusive title and ownership of all RECs associated with the new renewable generation owned by an electric utility, or to which an electric utility has rights, associated with the generation referenced in this section shall be vested in the electric utility.

8. In the event the federal government enacts by statute and/or rule any provision or regulatory scheme that establishes requirements for electric utilities to generate or purchase electricity generated from renewable or clean energy resources that is stricter than the provisions of this section, such federal requirements shall supercede and take precedence over the requirements as set forth in this section and shall accordingly be deemed to preempt the provisions of this section and any portfolio requirement rules prescribed by the commission under subsection 1 of this section.

9. For purposes of subsection 3 of this section, the electric utility shall make a good faith effort to adjust its billings to comply with the rate impact limitations in subsections 3 and 4 of this section. Within ninety days of the end of each calendar year, the electric utility shall calculate the actual rate impact and reimburse any excess collection by means of a bill credit, which credit is subject to subsection 1 of section 393.1430.

10. Any new renewable generation within the state of Missouri shall be given a ten percent credit for purposes of compliance with sections 393.1400 to 393.1445.

11. (1) No renewable energy generator using woody biomass in Missouri as fuel shall be certified unless it converts the energy content of the wood or wood residue into electrical energy with an efficiency of at least thirty percent.

(2) Any harvesting of woody biomass in Missouri shall comply with the Missouri department of conservation's Missouri woody biomass in Missouri harvesting best management practices manual, as it may be updated from time-to-time or replaced.

(3) Harvest of woody biomass in Missouri shall be conducted to a site specific harvest plan prepared as part of a forest management plan for long-term forest sustainability developed by a professional forester.

(4) Compliance with subdivisions (2) and (3) of this subsection shall be verified by third-party, professional foresters at the harvest site using a specified sampling intensity and under standards prescribed by the Missouri department of conservation.

**393.1415. 1.** An electric utility shall provide financial incentives, of the following amounts, as follows:

(1) An electric utility with Missouri revenues of \$2.3 billion dollars or more shall, subject to the per-customer limits specified in subsection 3 of this section, provide:

(a) Thirteen million dollars annually in each of calendar years 2012 and 2013 to its net-metered customers that install up to one hundred kilowatts of solar generation that becomes fully operational on or after January 1, 2012, and on or before December 31, 2013;

(b) Seven million dollars annually in each of calendar years 2014, 2015, 2016, and 2017 to its net-metered customers that install up to one hundred kilowatts of solar generation that becomes fully operational on or after January 1, 2014, and on or before December 31, 2017;

(c) Two million dollars annually in each of calendar years 2018, 2019, and 2020 to its net-metered customers that install up to one hundred kilowatts of solar generation that becomes fully operational on or after January 1, 2018, and on or before December 31, 2020;

(b) Two and one-quarter million dollars annually in each of calendar years 2014, 2015, 2016, and 2017 to its net-metered customers that install up to one hundred kilowatts of solar generation that becomes fully operational on or after January 1, 2014, and on or before December 31, 2017;

(c) One and one-half million dollars annually in each of calendar years 2018, 2019, and 2020 to its net-metered customers that install up to one hundred kilowatts of solar generation that becomes fully operational on or after January 1, 2018, and on or before December 31, 2020;

(3) An electric utility with Missouri revenues of at least \$708 million dollars but no more than \$780 million dollars shall, subject to the per-customer limits specified in subsection 3 of this section, provide:

(4) An electric utility with Missouri revenues of at least \$350 million dollars but no more than \$649 million dollars shall, subject to the per-customer limits specified in subsection 3 of this section, provide:

(a) One and one-half million dollars annually in each of calendar years 2012 and 2013 to its net-metered customers that install up to one hundred kilowatts of solar generation that becomes fully operational on or after January 1, 2012, and on or before December 31, 2013;

(b) One million dollars annually in each of calendar years 2014, 2015, 2016, and 2017 to its net-metered customers that install up to one hundred kilowatts of solar generation that becomes fully operational on or after January 1, 2014, and on or before December 31, 2017;

(c) Five hundred thousand dollars annually in each of calendar years 2018, 2019, and 2020 to its net-metered customers that install up to one hundred kilowatts of solar generation that becomes fully operational on or after January 1, 2018, and on or before December 31, 2020.

2. The financial incentive amounts prescribed by subsection 1 of this section shall at the discretion of the utility be treated as part of the electric utility's net capital investments in renewable energy resources for purposes of determining the appropriate RES rate under sections 393.1425 to 393.1443..

3. A net-metered customer shall be eligible for a financial incentive investment of three dollars per watt for the first twenty-five kilowatts of solar generation installed, and two dollars per watt for the next additional twenty-five kilowatts of solar generation installed for a maximum incentive not to exceed fifty kilowatts. Notwithstanding the foregoing provisions of this subsection, no customer shall receive a total financial incentive payment that exceeds sixty percent of the total installed cost of the customer's solar generation in years 2012 to 2013, fifty percent in years 2014 to 2017, forty percent in years 2018 to 2020, and no financial incentive payments shall be made until the customer has provided documentation approved by the electric utility establishing the total installed cost. To further ensure that all such installations provide the optimal electrical output, the commission shall establish terms and conditions so that such installations meet the requirements using established industry standards and practices.

4. An electric utility has no obligation to provide any additional financial incentive investments in a calendar year once the annual amount for that calendar year and any excess amount not otherwise provided to net-metered customers in any prior year as specified in subsection 1 of this section is exhausted. Financial incentive investment amounts not exhausted in a prior calendar year shall carry over to subsequent calendar years but no amounts shall be carried forward beyond December 31, 2021.

5. By accepting the terms and conditions established by the electric utility for eligibility and in conjunction with all net-metering requirements, financial incentives provided by subsection 3 of this section:

(1) For all systems, the net-metering customer agrees that the electric utility providing the financial incentive shall have and possess all right, title, and interest in and to all RECs generated up to a maximum of fifty kilowatts by the solar generation for which financial incentives were paid for a period of ten years after the solar generation became fully operational; provided, that thereafter, any such RECs shall belong to the net-metering customer owning the generation; and

(2) The net-metering customer installing a system of ten kilowatts or more agrees to install, at the customer's expense, a separate utility meter to measure the output from the customer's system.

6. Each electric utility shall make available to its retail customers a standard rebate offer of at least three dollars per installed watt for new or expanded solar electric systems sited on customers' premises, up to a maximum of twenty-five kilowatts per system, that become operational after August 28, 2011, and prior to January 1, 2012. All such amounts paid by an electric utility to a customer under this subsection shall be applied against the annual amount of financial incentive investments for calendar year 2012 as specified in subsection 1 of this section.

393.1420. 1. In addition to the requirements of subsection 1 of section 393.1415, an electric utility with revenues of \$2.3 billion dollars or more shall provide up to a maximum of five hundred thousand dollars annually in each of calendar years 2012, 2013, and 2014 to its net-metered customers that install nonsolar renewable energy resources of up to one hundred kilowatts that become fully operational within each respective calendar year.

2. The financial incentive amounts prescribed by subsection 1 of this section shall be expensed by the electric utility in the year in which they are paid.

3. A net-metered customer shall be eligible for a financial incentive of one dollar per watt for nonsolar renewable energy resources installed in 2012, 2013, or 2014 not to exceed one hundred kilowatts. Notwithstanding the foregoing provisions of this subsection, no customer shall receive a total financial incentive payment that exceeds forty percent of the total installed cost of the customer's new renewable generation, and no financial incentive payments shall be made until the customer has provided documentation approved by the electric utility establishing the total installed cost.

4. An electric utility has no obligation to provide any additional financial incentive investments in a calendar year once the annual amount for that calendar year and any excess amount not otherwise provided to net-metered customers in any prior year as specified in subsection 3 of this section is exhausted. Financial incentive amounts not exhausted in a prior calendar year shall carry over to subsequent calendar years but no amounts shall be carried forward beyond December 31, 2015.

5. By accepting the financial incentives provided by this section the net-metering customer installing a system of ten kilowatts or more agrees to install, at the customer's expense, a separate meter to measure the output from the customer's system.

393.1425. 1. As used in sections 393.1410 and 393.1425 to 393.1435, the following words and phrases mean:

(1) "Accumulation period", a period no greater than twelve months preceding a filing to establish or change the RES during which the RES expenses used in the filing are accumulated for recovery through the RES tariff;

(2) "RES capital costs", the depreciation expense and property taxes of the electric utility that are associated with the electric utility's capital investments in renewable energy resources that provide delivered energy, including capital investments made in compliance with section 393.1410 and capital investments made to comply with renewable energy standards in effect prior to the effective date of sections 393.1400 to 393.1445;

(3) "RES costs", the sum of:

(a) RES expenses;

(b) RES capital costs; and

(c) RES return applicable to a filing to establish or change an RES rate, less;

(d) The annual value of any renewable energy purchased or produced by the electric utility;

(4) "RES cost recovery mechanism" or "RCRM", the mechanism approved by the commission to allow an electric utility to recover all costs of compliance with the RES;

(5) "RES expenses", the sum of:

(a) The electric utility's accumulation period costs of obtaining delivered energy from renewable energy resources under contracts entered into on or after January 1, 2011, and the financial incentives paid and expensed by the electric utility during the accumulation period under sections 393.1415 and 393.1420; and

(b) The electric utility's unrecovered costs incurred on or after November 4, 2008, through the end of the accumulation period relating to its compliance with renewable energy standards in effect prior to the effective date of sections 393.1400 to 393.1445, including, but not limited to, its administrative costs, which include but are not limited to the cost to register, retire, or close out any account RECs with the North American Renewable Registry; the costs of solar rebates; the costs of solar RECs, whether acquired through a contract with the electric utility's customers or from third parties to meet the solar requirements of the RES; and any other costs incurred by the electric utility to meet the requirements of the RES. Any RES expenses that were previously included in the electric utility's rates shall be excluded;

(6) "RES rate", a rate approved by the commission for recovery of RES costs;

(7) "RES return", the electric utility's weighted average cost of capital multiplied by: the electric utility's net capital investments in renewable energy resources that provide delivered energy, including capital investments made to comply with renewable energy standards in effect prior to the effective date of sections 393.1400 to 393.1445, on the electric utility's books as of the end of the accumulation period. The income taxes related to the RES return shall be included;

(8) "RES revenues", revenues produced through a RES rate exclusive of revenues from all other rates and charges.

2. All RES costs incurred under paragraph (a) or (b) of subdivision (5) of subsection 1 of this section, regardless of contract term, shall be recovered in the electric utility's RES rate. That is, where the electric utility enters into contracts under subsection 1 of section 393.1410 that extend beyond the indicated dates, then all RES costs as defined in this section shall be included in the RES rate.

393.1430. 1. Notwithstanding any provisions of this chapter and chapter 386 to the contrary, beginning August 28, 2011, an electric utility may file a petition and proposed tariffs with the commission to establish a RCRM or to change a RES rate that will allow for the adjustment of the electric utility's rates and charges to provide for full recovery of RES costs, including full recovery of any RES costs in excess of the rate impact caps in section 393.1410. A RES rate and any future changes thereto shall be calculated and implemented in accordance with the provisions of sections 393.1425 to 393.1435. RES revenues shall be subject to refund based upon a finding and order of the commission to the extent provided in subsections 5 and 8 of section 393.1435.

2. The commission shall not approve a RCRM or a RES rate for any electric utility that has not had a general rate proceeding decided or dismissed by issuance of a commission order within the past five years, unless the electric utility has filed for or is the subject of a new general rate proceeding.

3. In no event shall an electric utility collect a RES rate or continue to use an approved RCRM for a period exceeding five years unless the electric utility has filed for or is the subject of a new general rate proceeding where the terms of the RCRM are reviewed by the commission; provided that a RES rate that is approved in accordance with section 393.1435 may be collected until the effective date of new rate schedules established as a

result of the new general rate proceeding, or until the subject general rate proceeding is otherwise decided or dismissed by issuance of a commission order without new rates being established.

393.1435. 1. (1) At the time that an electric utility files a petition with the commission seeking to establish or change a RES rate, it shall submit proposed tariffs and its supporting documentation regarding the calculation of the proposed RES with the petition, and shall serve the office of the public counsel with a copy of its petition, its proposed RES rate tariff, and its supporting documentation.

(2) Upon the filing of a petition and any associated tariffs, seeking to establish or change a RES rate, the commission shall publish notice of the filing.

2. (1) When a petition, along with any associated proposed tariffs, is filed under the provisions of sections 393.1425 to 393.1435, the staff of the commission shall conduct an examination of the proposed RES rate.

(2) The staff of the commission may audit the information of the electric utility to confirm that the underlying RES costs are in accordance with the provisions of sections 393.1425 to 393.1435, and to confirm proper calculation of the proposed RES rate, and may submit a report regarding its examination to the commission not later than sixty days after the petition is filed. No other revenue requirement or rate making issues may be examined in consideration of the petition or associated proposed RES rate filed under the provisions of sections 393.1425 to 393.1435.

(3) The commission may hold a hearing on the petition and any proposed RES rate and shall issue an order to become effective not later than one hundred twenty days after the petition is filed.

(4) If the commission finds that a petition complies with the requirements of sections 393.1425 to 393.1435, the commission shall enter an order authorizing the electric utility to impose a RES rate that is sufficient to recover appropriate pretax revenue, as determined by the commission under the provisions of sections 393.1425 to 393.1435.

3. An electric utility may effectuate a change in its RES under the provisions of this section no more often than two times every twelve months.

4. In determining the appropriate RES rate, the commission shall consider only the following factors:

(1) The current state, federal, and local income tax or excise rates;

(2) The electric utility's actual regulatory capital structure as determined during the most recent general rate proceeding of the electric utility;

(3) The actual cost rates for the electric utility's debt and preferred stock as determined during the most recent general rate proceeding of the electric utility;

(4) The electric utility's cost of common equity as determined during the most recent general rate proceeding of the electric utility;

(5) The current property tax rate or rates applicable to the investments in renewable energy resources;

(6) The current depreciation rates applicable to the investments in renewable energy resources; and

(7) In the event information under subdivisions (2), (3), and (4) of this subsection are unavailable and the commission is not provided with such information as an agreed-upon basis, the commission shall refer to the testimony submitted during the most recent general rate proceeding of the electric utility and use, in lieu of any such unavailable information, the recommended capital structure, recommended cost rates for debt and preferred stock, and recommended cost of common equity that would produce the average weighted cost of capital based upon the various recommendations contained in such testimony.

5. (1) The monthly RES rate may be calculated based on a reasonable estimate of billing units in the period in which the charge will be in effect, which shall be conclusively established by dividing the appropriate RES revenues by the customer numbers reported by the electric utility in the annual report it most recently filed with the commission under subdivision (6) of section 393.140, and then further dividing this quotient by twelve; provided, however, that the monthly RES may vary according to customer class and may be calculated based on customer numbers as determined during the most recent general rate proceeding of the electric utility so long as the monthly RES revenue for each customer class maintains a proportional relationship equivalent to the proportional relationship of the monthly customer charge revenue for each customer class.

(2) At the end of each twelve-month calendar period the RCRM is in effect, the electric utility shall reconcile the differences between the RES revenues resulting from application of the RES rate and the appropriate RES revenues as found by the commission for that period and shall submit the reconciliation and a proposed RES rate adjustment to the commission for approval to recover or refund the difference, as appropriate, through adjustments to the RES.

6. (1) An electric utility that has implemented a RCRM under the provisions of sections 393.1425 to 393.1435 shall file revised tariffs to reset the RES rate to zero when new base rates and charges become effective

for the electric utility following a commission order establishing customer rates in a general rate proceeding that incorporates in the utility's base rates subject to subsections 8 and 9 of this section eligible costs previously reflected in a RES rate.

(2) Upon the inclusion in an electric utility's base rates subject to subsections 8 and 9 of this section of eligible costs previously reflected in a RES rate, the electric utility shall immediately thereafter reconcile any previously unreconciled RES revenues as necessary to ensure that revenues resulting from application of the RES rate match as closely as possible the appropriate RES revenues as found by the commission for that period.

7. An electric utility's filing of a petition or change to a RES rate under the provisions of sections 393.1425 to 393.1435 shall not be considered a request for a general increase in the electric utility's base rates and charges.

8. Commission approval of a petition and any associated rate schedules to establish or change a RES rate under the provisions of sections 393.1425 to 393.1435 shall in no way be binding upon the commission in determining the rate making treatment to be applied to eligible RES costs during a subsequent general rate proceeding when the commission may undertake to review the prudence of such costs. In the event the commission disallows, during a subsequent general rate proceeding, recovery of any RES costs previously included in a RES rate, the electric utility shall change its RES rate in the future as necessary to recognize and account for any such over collections.

9. Nothing in this section shall be construed as limiting the authority of the commission to review and consider RES costs along with other costs during any general rate proceeding of any electric utility.

10. Nothing contained in sections 393.1425 to 393.1435 shall be construed to impair in any way the authority of the commission to review the reasonableness of the rates or charges of an electric utility, including review of the prudence of incurring RES costs, under the provisions of section 386.390.

11. Notwithstanding the terms of any fuel adjustment clause tariff approved for an electric utility under section 386.266, the cost of power purchased from a renewable energy resource shall constitute a RES expense as defined in subsection 2 of section 393.1425, and shall not constitute purchased power expense under any such fuel adjustment clause tariff.

12. The commission shall have the authority to promulgate rules for the implementation of sections 393.1425 to 393.1435, but only to the extent such rules are consistent with, and do not delay the implementation of, the provisions of sections 393.1425 to 393.1435. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.

13. Alternatively, an electric utility may recover RES compliance costs without use of the RES cost recovery mechanism, through rates established in a general rate proceeding. In the interim between general rate proceedings, the electric utility may defer the costs in a regulatory asset account, and monthly calculate a carrying charge on the balance in that regulatory asset account equal to its short-term cost of borrowing. All questions pertaining to rate recovery of the RES compliance costs in a subsequent general rate proceeding will be reserved to that proceeding, including the prudence of the costs for which rate recovery is sought and the period of time over which any costs allowed rate recovery will be amortized. Any rate recovery granted to RES compliance costs under this subsection shall be fully subject to the retail rate impact requirements of the RES.

393.1440. 1. Beginning October 1, 2011, for calendar year 2012, and by June thirtieth of each succeeding calendar year, an electric utility shall provide a written compliance plan to the commission documenting the electric utility's plans for meeting the requirements of sections 393.1405 to 393.1420 for at least the following three calendar years. The compliance plan shall include the electric utility's plans regarding the types of renewable energy resources the electric utility intends to build or acquire, and the time frames associated therewith.

2. Beginning April 15, 2013, for calendar year 2012, and by April fifteenth of each succeeding calendar year, an electric utility shall provide a compliance report to the commission documenting the electric utility's progress in meeting the requirements of sections 393.1405 to 393.1420 for the preceding calendar year.

393.1443. Notwithstanding the Missouri Public Service Commissions Agreement and Order number EO-2005-0329, a utility shall recover its costs in accordance with sections 393.1400 to 393.1440, and the Missouri Public Service Commission shall allow for such recovery under sections 393.1400 to 393.1440.

393.1445. For purposes of compliance with the requirements of sections 393.1405 to 393.1420, electric utilities owned by the same holding company and operated commonly may reallocate the commitments between the electric utilities at its discretion such that the overall commitment is maintained.

620.2300. 1. As used in this section, the following terms shall mean:

- (1) "Department", the Missouri department of economic development;
- (2) "Biomass facility", a biomass renewable energy facility or biomass fuel production facility that will not be a major source for air quality permitting purposes;
- (3) "Commission", the Missouri public service commission;
- (4) "County average wage", the average wages in each county as determined by the department for the most recently completed full calendar year. However, if the computed county average wage is above the statewide average wage, the statewide average wage shall be deemed the county average wage for such county for the purpose of determining eligibility. The department shall publish the county average wage for each county at least annually. Notwithstanding the provisions of this subdivision to the contrary, for any project that is relocating employees from a Missouri county with a higher county average wage, the company shall obtain the endorsement of the governing body of the community from which jobs are being relocated or the county average wage for their project shall be the county average wage for the county from which the employees are being relocated;
- (5) "Full-time employee", an employee of the project facility that is scheduled to work an average of at least thirty-five hours per week for a twelve-month period, and one for which the employer offers health insurance and pays at least fifty percent of such insurance premiums;
- (6) "Major source", the same meaning as is provided under 40 CFR 70.2;
- (7) "New job", the number of full-time employees located at the project facility that exceeds the project facility base employment less any decrease in the number of full-time employees at related facilities below the related facility base employment. An employee that spends less than fifty percent of the employee's work time at the project facility is still considered to be located at a facility if the employee receives his or her directions and control from that facility, is on the facility's payroll, one hundred percent of the employee's income from such employment is Missouri income, and the employee is paid at or above the state average wage;
- (8) "Park", an area consisting of a parcel or tract of land, or any combination of parcels or contiguous land that meet all of the following requirements:
  - (a) The area consists of at least fifty contiguous acres;
  - (b) The property within the area is subject to remediation under a clean up program supervised by the Missouri department of natural resources or United States Environmental Protection Agency;
  - (c) The area contains a manufacturing facility that is closed, undergoing closure, idle, underutilized, or curtailed and that at one time employed at least two hundred employees;
  - (d) The development plan for the area includes a biomass facility; and
  - (e) Property located within the area will be used for the development of renewable energy and the demonstration of industrial on-site energy generation;
- (9) "Project", a cleanfields renewable energy demonstration project located within a park that will result in the creation of at least fifty new jobs and the retention of at least fifty existing jobs;
- (10) "Project application", an application submitted to the department, by an owner of all or a portion of a park, on a form provided by the department, requesting benefits provided under this section;
- (11) "Project facility", a biomass facility at which the new jobs will be located. A project facility may include separate buildings that are located within fifty miles of each other or within the same county such that their purpose and operations are interrelated;
- (12) "Project facility base employment", the greater of the number of full-time employees located at the project facility on the date of the project application or for the twelve-month period prior to the date of the project application, the average number of full-time employees located at the project facility. In the event the project facility has not been in operation for a full twelve-month period, the average number of full-time employees for the number of months the project facility has been in operation prior to the date of the project application.

2. The owner of a park seeking to establish a project shall submit a project application to the department for certification of such project. The department shall review all project applications received under this section and, in consultation with the department of natural resources, verify satisfaction of the requirements of this section. If the department approves a project application, the department shall forward such application and approval to the commission.

**3. Notwithstanding provisions of section 393.1030 to the contrary, upon receipt of an application and approval from the department, the commission shall assign twice credit to any electric power, renewable energy, renewable energy credits, or any successor credit generated from:**

**(1) Renewable energy resources purchased from the biomass facility located in the park by an electric power supplier;**

**(2) Electric power generated off-site by utilizing biomass fuel sold by the biomass facility located at the park; or**

**(3) Electric power generated off-site by renewable energy resources utilizing storage equipment manufactured at the park that increases the quantity of electricity delivered to the electric power supplier."; and**

Further amend said bill, Page 24, Section 386.850, Line 6, by inserting after all of said line the following:

"[393.1020. Sections 393.1025 and 393.1030 shall be known as the "Renewable Energy Standard".]

[393.1025. As used in sections 393.1020 to 393.1030, the following terms mean:

(1) "Commission", the public service commission;

(2) "Department", the department of natural resources;

(3) "Electric utility", any electrical corporation as defined by section 386.020;

(4) "Renewable energy credit" or "REC", a tradeable certificate of proof that one megawatt-hour of electricity has been generated from renewable energy sources; and

(5) "Renewable energy resources", electric energy produced from wind, solar thermal sources, photovoltaic cells and panels, dedicated crops grown for energy production, cellulosic agricultural residues, plant residues, methane from landfills, from agricultural operations, or from wastewater treatment, thermal depolymerization or pyrolysis for converting waste material to energy, clean and untreated wood such as pallets, hydropower (not including pumped storage) that does not require a new diversion or impoundment of water and that has a nameplate rating of ten megawatts or less, fuel cells using hydrogen produced by one of the above-named renewable energy sources, and other sources of energy not including nuclear that become available after November 4, 2008, and are certified as renewable by rule by the department.]

[393.1030. 1. The commission shall, in consultation with the department, prescribe by rule a portfolio requirement for all electric utilities to generate or purchase electricity generated from renewable energy resources. Such portfolio requirement shall provide that electricity from renewable energy resources shall constitute the following portions of each electric utility's sales:

(1) No less than two percent for calendar years 2011 through 2013;

(2) No less than five percent for calendar years 2014 through 2017;

(3) No less than ten percent for calendar years 2018 through 2020; and

(4) No less than fifteen percent in each calendar year beginning in 2021. At least two percent of each portfolio requirement shall be derived from solar energy. The portfolio requirements shall apply to all power sold to Missouri consumers whether such power is self-generated or purchased from another source in or outside of this state. A utility may comply with the standard in whole or in part by purchasing RECs. Each kilowatt-hour of eligible energy generated in Missouri shall count as 1.25 kilowatt-hours for purposes of compliance.

2. The commission, in consultation with the department and within one year of November 4, 2008, shall select a program for tracking and verifying the trading of renewable energy credits. An unused credit may exist for up to three years from the date of its creation. A credit may be used only once to comply with sections 393.1020 to 393.1030 and may not also be used to satisfy any similar nonfederal requirement. An electric utility may not use a credit derived from a green pricing program. Certificates from net-metered sources shall initially be owned by the customer-generator. The commission, except where the department is specified, shall make whatever rules are necessary to enforce the renewable energy standard. Such rules shall include:

(1) A maximum average retail rate increase of one percent determined by estimating and comparing the electric utility's cost of compliance with least-cost renewable generation and the cost of continuing to generate or purchase electricity from entirely nonrenewable sources, taking into proper account future environmental regulatory risk including the risk of greenhouse gas regulation;

(2) Penalties of at least twice the average market value of renewable energy credits for the compliance period for failure to meet the targets of subsection 1. An electric utility will be excused if it proves to the commission that failure was due to events beyond its reasonable control that could not have been reasonably mitigated, or that the maximum average retail rate increase has been reached. Penalties shall not be recovered from customers. Amounts forfeited under this section shall be remitted to the department to purchase renewable energy credits needed for compliance. Any excess forfeited revenues shall be used by the department's energy center solely for renewable energy and energy efficiency projects;

(3) Provisions for an annual report to be filed by each electric utility in a format sufficient to document its progress in meeting the targets;

(4) Provision for recovery outside the context of a regular rate case of prudently incurred costs and the pass-through of benefits to customers of any savings achieved by an electrical corporation in meeting the requirements of this section.

3. Each electric utility shall make available to its retail customers a standard rebate offer of at least two dollars per installed watt for new or expanded solar electric systems sited on customers' premises, up to a maximum of twenty-five kilowatts per system, that become operational after 2009.

4. The department shall, in consultation with the commission, establish by rule a certification process for electricity generated from renewable resources and used to fulfill the requirements of subsection 1 of this section. Certification criteria for renewable energy generation shall be determined by factors that include fuel type, technology, and the environmental impacts of the generating facility. Renewable energy facilities shall not cause undue adverse air, water, or land use impacts, including impacts associated with the gathering of generation feedstocks. If any amount of fossil fuel is used with renewable energy resources, only the portion of electrical output attributable to renewable energy resources shall be used to fulfill the portfolio requirements.

5. In carrying out the provisions of this section, the commission and the department shall include methane generated from the anaerobic digestion of farm animal waste and thermal depolymerization or pyrolysis for converting waste material to energy as renewable energy resources for purposes of this section.]

[393.1040. In addition to the renewable energy objectives set forth in sections 393.1025, 393.1030, and 393.1035, it is also the policy of this state to encourage electrical corporations to develop and administer energy efficiency initiatives that reduce the annual growth in energy consumption and the need to build additional electric generation capacity.]

[393.1045. Any renewable mandate required by law shall not raise the retail rates charged to the customers of electric retail suppliers by an average of more than one percent in any year, and all the costs associated with any such renewable mandate shall be recoverable in the retail rates charged by the electric supplier. Solar rebates shall be included in the one percent rate cap provided for in this section.]

Section B. Because of the need to ensure the creation of jobs through the utilization of alternative energy sources, the enactment of section 620.2300 of section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the enactment of section 620.2300 of section A of this act shall be in full force and effect upon its passage and approval."; and

Further amend said title, enacting clause and intersectional references accordingly.

Representative Riddle offered **House Amendment No. 9**.

House Amendment No. 9

AMEND House Committee Substitute for Senate Bill No. 207, Page 21, Section 393.1075, Line 1, by inserting immediately prior to all of said section and line the following:

“386.370. 1. **Prior to the beginning of each fiscal year**, the commission shall[, prior to the beginning of each fiscal year beginning with the fiscal year commencing on July 1, 1947,] make an estimate of the expenses to be incurred by it during such fiscal year reasonably attributable to the regulation of public utilities as provided in chapters 386, 392, and 393. **Prior to the beginning of each fiscal year, the public counsel shall make an estimate of the expenses to be incurred by him or her during such fiscal year reasonably attributable to his or her responsibilities under sections 387.700 and 386.710. The commission and the public counsel** shall also separately estimate the amount of such expenses directly attributable to [such regulation of] each of the following groups of public utilities: Electrical corporations, gas corporations, water corporations, heating companies [and telephone corporations, telegraph corporations], **telecommunications companies**, sewer corporations, and any other public utility as defined in section 386.020, as well as the amount of such expenses not directly attributable to any such group.

2. The commission **and the public counsel** shall **each** allocate to each such group of public utilities the **total** estimated expenses directly attributable to [the regulation of] **their respective activities for each** such group and an amount equal to such proportion of the estimated expenses not directly attributable to any group as the gross intrastate operating revenues of such group during the preceding calendar year bears to the total gross intrastate operating revenues of all public utilities subject to the jurisdiction of the commission, as aforesaid, during such calendar year. The commission shall then assess the amount so allocated **by the commission and the public counsel** to each group of public utilities, subject to reduction as herein provided, to the public utilities in such group in proportion to their respective gross intrastate operating revenues during the preceding calendar year, except that:

(1) The total amount so assessed to all such public utilities **that is attributable to the commission's regulation of such utilities** shall not exceed [one-fourth] **twenty-two hundredths** of one percent of the total gross intrastate operating revenues of all utilities subject to the jurisdiction of the commission; **and**

(2) **The total amount so assessed to all such public utilities that is attributable to the public counsel's responsibilities under sections 386.700 and 386.710 shall not exceed two hundredths of one percent of the total gross intrastate operating revenues of all utilities subject to the jurisdiction of the commission, and the amount allocated to telecommunications companies shall not exceed three percent of the total estimated expenses directly attributable to the public counsel's responsibilities.**

**If any electrical corporation obtains a combined license granted by the United States Nuclear Regulatory Commission or a successor organization then during the fiscal year immediately following the year in which the combined license was granted, and for each fiscal year thereafter, the total amount assessed under subdivision (1) of this subsection shall increase to an amount not to exceed twenty-three hundredths of one percent of the total gross intrastate operating revenues of all utilities subject to the jurisdiction of the commission, and the total amount assessed under subdivision (2) of this subsection shall increase to an amount not to exceed three hundredths of one percent of the total gross intrastate operating revenues of all utilities subject to the jurisdiction of the commission. Nothing in this section shall authorize the commission to determine how the public counsel allocates the estimated expenses directly attributable to his or her responsibilities under sections 386.700 and 386.710 with respect to the public utilities described in subsection 1 of this section or how the assessment imposed under this section is spent by the public counsel.**

3. The commission shall render a statement of [such assessment] **the assessments made under subsections 1 and 2 of this section** to each such public utility on or before July first and the [amount] **amounts** so assessed to each such public utility shall be paid by it to the director of revenue in full on or before July fifteenth next following the rendition of such statement, except that any such public utility may at its election pay such assessment in four equal installments not later than the following dates next following the rendition of said statement, to wit: July fifteenth, October fifteenth, January fifteenth and April fifteenth. The director of revenue shall remit such payments to the state treasurer.

4. The state treasurer shall **respectively** credit such payments to [a] **two** special [fund] **funds**, which [is] **are** hereby created, to be known as "The Public Service Commission Fund", which fund, or its successor fund created pursuant to section 33.571, shall be devoted solely to the payment of expenditures actually incurred by the commission and attributable to the regulation of such public utilities subject to the jurisdiction of the commission, as aforesaid, **and "The Public Counsel Fund", which fund, or any successor fund, shall be devoted solely to the payment of expenditures actually incurred by the public counsel and attributable to his or her responsibilities under sections**

**386.700 and 386.710.** Any [amount] **amounts** remaining in such special [fund] **funds** or [its] **their respective** successor [fund] **funds** at the end of any fiscal year shall not revert to the general revenue fund, but shall be applicable by appropriation of the general assembly to the payment of such expenditures of the commission **or the public counsel** in the succeeding fiscal year and shall be applied by the commission **or the public counsel** to the reduction of the amount to be assessed to such public utilities in such succeeding fiscal year, such reduction to be allocated to each group of public utilities in proportion to the respective gross intrastate operating revenues of the respective groups during the preceding calendar year.

5. In order to enable the commission **and the public counsel** to make the allocations and assessments herein provided for, each public utility subject to the jurisdiction of the commission as aforesaid shall file with the commission[, within ten days after August 28, 1996, and thereafter] on or before March thirty-first of each year, a statement under oath showing its gross intrastate operating revenues for the preceding calendar year, and if any public utility shall fail to file such statement within the time aforesaid the commission shall estimate such revenue which estimate shall be binding on such public utility for the purpose of this section.

393.135. **1.** Any charge made or demanded by an electrical corporation for service, or in connection therewith, which is based on the costs of construction in progress upon any existing or new facility of the electrical corporation, or any other cost associated with owning, operating, maintaining, or financing any property before it is fully operational and used for service, is unjust and unreasonable, and is prohibited.

**2.** After October 1, 2011, an electrical corporation that seeks an early site permit from the U.S. Nuclear Regulatory Commission, or a successor organization, shall, upon commencement of the permitting process, submit monitoring reports to the commission every six months documenting work completed, total expenditures to date, work yet to be completed, and anticipated expenditures yet to be incurred in order to obtain the early site permit.

**3.** Notwithstanding the provisions of subsection 1 of this section, an electrical corporation that has obtained an early site permit and that has complied with subsection 2 of this section shall be entitled to recover through rates charged to ratepayers all costs the electrical corporation has prudently incurred, from the first dollar through the cap outlined below, to obtain the permit in a principal amount not to exceed forty-five million dollars for such site permit. Any electrical corporation that, as part of a partnership or other group formed for such purpose, contributes or otherwise bears any portion of the costs incurred to obtain an early site permit shall also be entitled to recover its share of such costs, provided the total principal amount does not exceed the cost limitation included in this subsection. The principal amount shall be recovered through each applicable electrical corporation's rates charged to its ratepayers ratably over a period not to exceed twenty years. In addition to recovery of the principal amount, each applicable electrical corporation's rates shall also include interest on the uncollected principal balance at a rate per annum equal to the electrical corporation's commission-approved return on rate base. Recovery shall commence with the effective date of tariffs approved by the commission in each applicable electrical corporation's first general rate proceeding following the date on which the early site permit is obtained.

**4.** If an electrical corporation has recovered from ratepayers expenditures for an early site permit pursuant to subsection 3 of this section and then subsequently sells or transfers some or all of its interest in the early site permit or subsequently receives reimbursement for all or part of its costs from another source, the commission shall prescribe how the electrical corporation shall credit the sums paid by ratepayers that are equal to such sale, transfer, or reimbursement amounts after the proceeds from the sale, transfer, or reimbursement are received. The commission shall also prescribe how any profits from such sale or transfer are shared between the electrical corporation and ratepayers. Credits made to ratepayers shall include interest on the uncredited balance at a rate per annum equal to the electrical corporation's commission-approved short-term borrowing rate.

**5.** If an electrical corporation that obtains an early site permit does not obtain a combined license from the U.S. Nuclear Regulatory Commission, or a successor organization, for the construction and operation of a nuclear generating facility by the time the early site permit expires, or does not commence construction of such a facility by the time the early site permit expires, the commission shall open a proceeding to examine whether the electrical corporation was imprudent in not obtaining the combined license or not commencing construction by the time the early site permit expired. If, after hearing, the commission determines that the electrical corporation acted imprudently, the commission shall require the electrical corporation and any other applicable electrical corporation to credit to ratepayers the amount of revenues deemed imprudent by the commission that each electrical corporation collected pursuant to subsection 3 of this section. If ratepayer credits are ordered, such credits shall return to ratepayers, over a period of not less than five nor more than ten years, the amount

of revenues deemed imprudent by the commission, including interest on the uncredited balance at a rate per annum equal to the electrical corporation's commission-approved short-term borrowing rate.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

“72.401. 1. If a commission has been established pursuant to [section] **sections 72.400 to 72.423** in any county with a charter form of government where fifty or more cities, towns and villages have been established, any boundary change within the county shall proceed solely and exclusively in the manner provided for by sections 72.400 to 72.423, notwithstanding any statutory provisions to the contrary concerning such boundary changes.

2. In any county with a charter form of government where fifty or more cities, towns and villages have been established, if the governing body of such county has by ordinance established a boundary commission, as provided in sections 72.400 to 72.423, then boundary changes in such county shall proceed only as provided in sections 72.400 to 72.423.

3. The commission shall be composed of eleven members as provided in this subsection. (5) The county executive of the county, who shall name four members of the commission, three of whom shall be from the unincorporated area of the county and one of whom shall be from the incorporated area of the county. The commission shall promptly notify the appointing authority of such change of residence.

4. Upon the passage of an ordinance by the governing body of the county establishing a boundary commission, the governing body of the county shall, within ten days, send by United States mail written notice of the passage of the ordinance to the chief elected official of each municipality wholly or partly in the county.

Each list shall be delivered to the county executive within forty-one days of the passage of such ordinance. The county executive shall appoint members within forty-five days of the passage of the ordinance. If a list is not submitted by the time specified, the county executive shall appoint the members using the criteria of subsection 3 of this section before the sixtieth day from the passage of the ordinance. At the first meeting of the commission appointed after the effective date of the ordinance, the commissioners shall choose by lot the length of their terms. Three shall serve for one year, two for two years, two for three years, two for four years, and two for five years. All succeeding commissioners shall

8. Notwithstanding any provisions of law to the contrary, any boundary adjustment approved by the residential property owners and the governing bodies of the affected municipalities or the county, if involved, shall not be subject to commission review. Such a boundary adjustment is not prohibited by the existence of an established unincorporated area.

**9. Notwithstanding any provisions of law to the contrary, any voluntary annexation approved by ordinance of any municipality that is a service provider for both water and sewer service within the municipality shall be effective as provided in such annexation ordinance and shall not be subject to boundary commission review. *House Amendment No. 3*

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 226, Page 1, Section A, Line 3, by inserting after all of said line the following:

"66.620. 1. All county sales taxes collected by the director of revenue under sections 66.600 to 66.630 on behalf of any county, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created, to be known as the "County Sales Tax Trust Fund". The moneys in the county sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each county imposing a county sales tax, and the records shall be open to the inspection of officers of the county and the public. Not later than the tenth day of each month, the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the county which levied the tax; such funds shall be deposited with the county treasurer of the county and all expenditures of funds arising from the county sales tax trust fund shall be by an appropriation act to be enacted by the legislative council of the county, and to the cities, towns and villages located wholly or partly within the county which levied the tax in the manner as set forth in sections 66.600 to 66.630.

2. In any county not adopting an additional sales tax and alternate distribution system as provided in section 67.581, for the purposes of distributing the county sales tax, the county shall be divided into two groups, "Group A" and "Group B". Group A shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which had a city sales tax in effect under the provisions of sections 94.500 to 94.550 on the day prior to the adoption of the county sales tax ordinance, except that beginning January 1, 1980, group A shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which had a city sales tax approved by the voters of such city under the provisions of sections 94.500 to 94.550 on the day prior to the effective date of the county sales tax. **Notwithstanding provisions of this section to contrary, for the period beginning August 28, 2011, and ending August 28, 2013, group A shall include all portions of any city of the fourth**

**classification with more than four thousand three hundred but fewer than four thousand four hundred inhabitants and located in any county with a charter form of government and with more than one million inhabitants and where such city includes a dormant manufacturing plant that was used for manufacturing or assembly and employed not less than three thousand persons but has ceased such manufacturing and assembly activity.** For the purposes of determining the location of consummation of sales for distribution of funds to cities, towns and villages in group A, the boundaries of any such city, town or village shall be the boundary of that city, town or village as it existed on March 19, 1984. Group B shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which did not have a city sales tax in effect under the provisions of sections 94.500 to 94.550 on the day prior to the adoption of the county sales tax ordinance, and shall also include all unincorporated areas of the county which levied the tax; except that, beginning January 1, 1980, group B shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which did not have a city sales tax approved by the voters of such city under the provisions of sections 94.500 to 94.550 on the day prior to the effective date of the county sales tax and shall also include all unincorporated areas of the county which levied the tax. **Notwithstanding provisions of this section to contrary, for the period beginning August 28, 2011, and ending August 28, 2013, group B shall not include any portion of any city of the fourth classification with more than four thousand three hundred but fewer than four thousand four hundred inhabitants and located in any county with a charter form of government and with more than one million inhabitants and where such city includes a dormant manufacturing plant that was used for manufacturing or assembly and employed not less than three thousand persons but has ceased such manufacturing and assembly activity.**

3. Until January 1, 1994, the director of revenue shall distribute to the cities, towns and villages in group A the taxes based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087. Except for distribution governed by section 66.630, after deducting the distribution to the cities, towns and villages in group A, the director of revenue shall distribute the remaining funds in the county sales tax trust fund to the cities, towns and villages and the county in group B as follows: To the county which levied the tax, a percentage of the distributable revenue equal to the percentage ratio that the population of the unincorporated areas of the county bears to the total population of group B; and to each city, town or village in group B located wholly within the taxing county, a percentage of the distributable revenue equal to the percentage ratio that the population of such city, town or village bears to the total population of group B; and to each city, town or village located partly within the taxing county, a percentage of the distributable revenue equal to the percentage ratio that the population of that part of the city, town or village located within the taxing county bears to the total population of group B.

4. From and after January 1, 1994, the director of revenue shall distribute to the cities, towns and villages in group A a portion of the taxes based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087 in accordance with the formula described in this subsection. After deducting the distribution to the cities, towns and villages in group A, the director of revenue shall distribute funds in the county sales tax trust fund to the cities, towns and villages and the county in group B as follows: To the county which levied the tax, ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated since April 1, 1993, multiplied by the total of all sales tax revenues countywide, and a percentage of the remaining distributable revenue equal to the percentage ratio that the population of unincorporated areas of the county bears to the total population of group B; and to each city, town or village in group B located wholly within the taxing county, a percentage of the remaining distributable revenue equal to the percentage ratio that the population of such city, town or village bears to the total population of group B; and to each city, town or village located partly within the taxing county, a percentage of the remaining distributable revenue equal to the percentage ratio that the population of that part of the city, town or village located within the taxing county bears to the total population of group B.

5. (1) For purposes of administering the distribution formula of subsection 4 of this section, the revenues arising each year from sales occurring within each group A city, town or village shall be distributed as follows: Until such revenues reach the adjusted county average, as hereinafter defined, there shall be distributed to the city, town or village all of such revenues reduced by the percentage which is equal to ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993; and once revenues exceed the adjusted county average, total revenues shall be shared in accordance with the redistribution formula as defined in this subsection.

(2) For purposes of this subsection, the "adjusted county average" is the per capita countywide average of all sales tax distributions during the prior calendar year reduced by the percentage which is equal to ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993; the "redistribution formula" is as follows: During 1994, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage

which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of 8.5 multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. During 1995, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of seventeen multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. From January 1, 1996, until January 1, 2000, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of 25.5 multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. From and after January 1, 2000, the distribution formula covering the period from January 1, 1996, until January 1, 2000, shall continue to apply, except that the percentage computed for sales arising within the municipalities shall be not less than 7.5 percent for municipalities within which sales tax revenues exceed the adjusted county average, nor less than 12.5 percent for municipalities within which sales tax revenues exceed the adjusted county average by at least twenty-five percent.

(3) For purposes of applying the redistribution formula to a municipality which is partly within the county levying the tax, the distribution shall be calculated alternately for the municipality as a whole, except that the factor for annexed portion of the county shall not be applied to the portion of the municipality which is not within the county levying the tax, and for the portion of the municipality within the county levying the tax. Whichever calculation results in the larger distribution to the municipality shall be used.

(4) Notwithstanding any other provision of this section, the fifty percent of additional sales taxes as described in section 99.845 arising from economic activities within the area of a redevelopment project established after July 12, 1990, pursuant to sections 99.800 to 99.865, while tax increment financing remains in effect shall be deducted from all calculations of countywide sales taxes, shall be distributed directly to the municipality involved, and shall be disregarded in calculating the amounts distributed or distributable to the municipality. Further, any agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of incremental sales tax revenues to the special allocation fund of a tax increment financing project while tax increment financing remains in effect shall continue to be in full force and effect and the sales taxes so appropriated shall be deducted from all calculations of countywide sales taxes, shall be distributed directly to the municipality involved, and shall be disregarded in calculating the amounts distributed or distributable to the municipality. In addition, and notwithstanding any other provision of this chapter to the contrary, economic development funds shall be distributed in full to the municipality in which the sales producing them were deemed consummated. Additionally, economic development funds shall be deducted from all calculations of countywide sales taxes and shall be disregarded in calculating the amounts distributed or distributable to the municipality. As used in this subdivision, the term "economic development funds" means the amount of sales tax revenue generated in any fiscal year by projects authorized pursuant to chapter 99 or chapter 100 in connection with which such sales tax revenue was pledged as security for, or was guaranteed by a developer to be sufficient to pay, outstanding obligations under any agreement authorized by chapter 100, entered into or adopted prior to September 1, 1993, between a municipality and another public body. The cumulative amount of economic development funds allowed under this provision shall not exceed the total amount necessary to amortize the obligations involved.

6. If the qualified voters of any city, town or village vote to change or alter its boundaries by annexing any unincorporated territory included in group B or if the qualified voters of one or more city, town or village in group A and the qualified voters of one or more city, town or village in group B vote to consolidate, the area annexed or the area consolidated which had been a part of group B shall remain a part of group B after annexation or consolidation. After the effective date of the annexation or consolidation, the annexing or consolidated city, town or village shall receive a percentage of the group B distributable revenue equal to the percentage ratio that the population of the annexed or consolidated area bears to the total population of group B and such annexed area shall not be classified as unincorporated area for determination of the percentage allocable to the county. If the qualified voters of any two or more cities, towns or villages in group A each vote to consolidate such cities, towns or villages, then such consolidated cities, towns or villages shall remain a part of group A. For the purpose of sections 66.600 to 66.630, population shall be as determined

by the last federal decennial census or the latest census that determines the total population of the county and all political subdivisions therein. For the purpose of calculating the adjustment based on the percentage of unincorporated county population which is annexed after April 1, 1993, the accumulated percentage immediately before each census shall be used as the new percentage base after such census. After any annexation, incorporation or other municipal boundary change affecting the unincorporated area of the county, the chief elected official of the county shall certify the new population of the unincorporated area of the county and the percentage of the population which has been annexed or incorporated since April 1, 1993, to the director of revenue. After the adoption of the county sales tax ordinance, any city, town or village in group A may by adoption of an ordinance by its governing body cease to be a part of group A and become a part of group B. Within ten days after the adoption of the ordinance transferring the city, town or village from one group to the other, the clerk of the transferring city, town or village shall forward to the director of revenue, by registered mail, a certified copy of the ordinance. Distribution to such city as a part of its former group shall cease and as a part of its new group shall begin on the first day of January of the year following notification to the director of revenue, provided such notification is received by the director of revenue on or before the first day of July of the year in which the transferring ordinance is adopted. If such notification is received by the director of revenue after the first day of July of the year in which the transferring ordinance is adopted, then distribution to such city as a part of its former group shall cease and as a part of its new group shall begin the first day of July of the year following such notification to the director of revenue. Once a group A city, town or village becomes a part of group B, such city may not transfer back to group A.

7. If any city, town or village shall hereafter change or alter its boundaries, the city clerk of the municipality shall forward to the director of revenue, by registered mail, a certified copy of the ordinance adding or detaching territory from the municipality. The ordinance shall reflect the effective date thereof, and shall be accompanied by a map of the municipality clearly showing the territory added thereto or detached therefrom. Upon receipt of the ordinance and map, the tax imposed by sections 66.600 to 66.630 shall be redistributed and allocated in accordance with the provisions of this section on the effective date of the change of the municipal boundary so that the proper percentage of group B distributable revenue is allocated to the municipality in proportion to any annexed territory. If any area of the unincorporated county elects to incorporate subsequent to the effective date of the county sales tax as set forth in sections 66.600 to 66.630, the newly incorporated municipality shall remain a part of group B. The city clerk of such newly incorporated municipality shall forward to the director of revenue, by registered mail, a certified copy of the incorporation election returns and a map of the municipality clearly showing the boundaries thereof. The certified copy of the incorporation election returns shall reflect the effective date of the incorporation. Upon receipt of the incorporation election returns and map, the tax imposed by sections 66.600 to 66.630 shall be distributed and allocated in accordance with the provisions of this section on the effective date of the incorporation.

8. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties. If any county abolishes the tax, the county shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director of revenue shall remit the balance in the account to the county and close the account of that county. The director of revenue shall notify each county of each instance of any amount refunded or any check redeemed from receipts due the county.

9. Except as modified in sections 66.600 to 66.630, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under sections 66.600 to 66.630."; and

Further amend said title, enacting clause and intersectional references accordingly.

On motion of Representative Leara, **House Amendment No. 3** was adopted.

Representative Stream offered **House Amendment No. 4**.

**4. Instruction as required under this section shall become a requirement for high school graduation for students graduating in the 2014-2015 school year and subsequent school years.**

**5. The department of elementary and secondary education may promulgate rules to implement this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.”; and**

“32.028. 1. There is hereby created a department of revenue in charge of a director appointed by the governor, by and with the advice and consent of the senate. The department shall collect all taxes and fees payable to the state as provided by law, **and may collect, upon referral by a state agency, debts owed to any state agency subject to section 32.420.**

2. The powers, duties and functions of the department of revenue, chapter 32 and others, are transferred by type I transfer to the department of revenue. All powers, duties and function of the collector of revenue are transferred to the director of the department by type I transfer and the position of collector of revenue is abolished.

3. The powers, duties and functions of the state tax commission, chapter 138 and others, are transferred by type III transfer to the department of revenue.

4. All of the powers, duties and functions of the state tax commission relating to administration of the corporation franchise tax, chapter 152, and others, are transferred by type I transfer to the department of revenue; provided, however, that the provision of section 138.430 relating to appeals from decisions of the director of revenue shall apply to these taxes.

5. All the powers, duties and functions of the highway reciprocity commission, chapter 301, are transferred by type II transfer to the department of revenue.

**32.058. For all years beginning after January 1, 2012, notwithstanding the certified mail provisions contained in chapters 32, 140, 142, 143, 144, 147, 148, 149, and 302, the director of revenue may choose to mail any document by first class mail.**

32.087. 1. Within ten days after the adoption of any ordinance or order in favor of adoption of any local sales tax authorized under the local sales tax law by the voters of a taxing entity, the governing body or official of such taxing entity shall forward to the director of revenue by United States registered mail or certified mail a certified copy of the ordinance or order. The ordinance or order shall reflect the effective date thereof.

2. Any local sales tax so adopted shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of adoption of the local sales tax, except as provided in subsection 18 of this section.

3. Every retailer within the jurisdiction of one or more taxing entities which has imposed one or more local sales taxes under the local sales tax law shall add all taxes so imposed along with the tax imposed by the sales tax law of the state of Missouri to the sale price and, when added, the combined tax shall constitute a part of the price, and shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price. The combined rate of the state sales tax and all local sales taxes shall be the sum of the rates, multiplying the combined rate times the amount of the sale.

4. The brackets required to be established by the director of revenue under the provisions of section 144.285 shall be based upon the sum of the combined rate of the state sales tax and all local sales taxes imposed under the provisions of the local sales tax law.

5. The ordinance or order imposing a local sales tax under the local sales tax law shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the sum of the combined rate of the state sales tax or state highway use tax and all local sales taxes imposed under the provisions of the local sales tax law.

6. On and after the effective date of any local sales tax imposed under the provisions of the local sales tax law, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect in addition to the sales tax for the state of Missouri all additional local sales taxes authorized under the authority of the local sales tax law. **The director shall retain one percent of the amount of any local sales or use tax collected for cost of collection.** All local sales taxes imposed under the local sales tax law together with all taxes imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue.

7. All applicable provisions contained in sections 144.010 to 144.525 governing the state sales tax and section 32.057, the uniform confidentiality provision, shall apply to the collection of any local sales tax imposed under the local sales tax law except as modified by the local sales tax law.

8. All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services under the provisions of sections 144.010 to 144.525, as these sections now read and as they may hereafter be amended, it being the intent of this general assembly to ensure that the same sales tax exemptions granted from the state sales tax law also be granted under the local sales tax law, are hereby made applicable to the imposition and collection of all local sales taxes imposed under the local sales tax law.

9. The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of the local sales tax law, and no additional permit or exemption certificate or retail certificate shall be required; except that the director of revenue may prescribe a form of exemption certificate for an exemption from any local sales tax imposed by the local sales tax law.

10. All discounts allowed the retailer under the provisions of the state sales tax law for the collection of and for payment of taxes under the provisions of the state sales tax law are hereby allowed and made applicable to any local sales tax collected under the provisions of the local sales tax law.

11. The penalties provided in section 32.057 and sections 144.010 to 144.525 for a violation of the provisions of those sections are hereby made applicable to violations of the provisions of the local sales tax law.

12. (1) For the purposes of any local sales tax imposed by an ordinance or order under the local sales tax law, all sales, except the sale of motor vehicles, trailers, boats, and outboard motors, shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or his agent to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's agent or employee shall be deemed to be consummated at the place of business from which he works.

(2) For the purposes of any local sales tax imposed by an ordinance or order under the local sales tax law, all sales of motor vehicles, trailers, boats, and outboard motors shall be deemed to be consummated at the residence of the purchaser and not at the place of business of the retailer, or the place of business from which the retailer's agent or employee works.

(3) For the purposes of any local tax imposed by an ordinance or under the local sales tax law on charges for mobile telecommunications services, all taxes of mobile telecommunications service shall be imposed as provided in the Mobile Telecommunications Sourcing Act, 4 U.S.C. Sections 116 through 124, as amended.

13. Local sales taxes imposed pursuant to the local sales tax law on the purchase and sale of motor vehicles, trailers, boats, and outboard motors shall not be collected and remitted by the seller, but shall be collected by the director of revenue at the time application is made for a certificate of title, if the address of the applicant is within a taxing entity imposing a local sales tax under the local sales tax law.

14. The director of revenue and any of his **or her** deputies, assistants and employees who have any duties or responsibilities in connection with the collection, deposit, transfer, transmittal, disbursement, safekeeping, accounting, or recording of funds which come into the hands of the director of revenue under the provisions of the local sales tax law shall enter a surety bond or bonds payable to any and all taxing entities in whose behalf such funds have been collected under the local sales tax law in the amount of one hundred thousand dollars for each such tax; but the director of revenue may enter into a blanket bond covering himself **or herself** and all such deputies, assistants and employees. The cost of any premium for such bonds shall be paid by the director of revenue from the share of the collections under the sales tax law retained by the director of revenue for the benefit of the state.

15. The director of revenue shall annually report on his **or her** management of each trust fund which is created under the local sales tax law and administration of each local sales tax imposed under the local sales tax law. **He or she** shall provide each taxing entity imposing one or more local sales taxes authorized by the local sales tax law with a detailed accounting of the source of all funds received by him for the taxing entity. Notwithstanding any other provisions of law, the state auditor shall annually audit each trust fund. A copy of the director's report and annual audit shall be forwarded to each taxing entity imposing one or more local sales taxes.

16. Within the boundaries of any taxing entity where one or more local sales taxes have been imposed, if any person is delinquent in the payment of the amount required to be paid by him **or her** under the local sales tax law or in the event a determination has been made against him **or her** for taxes and penalty under the local sales tax law, the limitation for bringing suit for the collection of the delinquent tax and penalty shall be the same as that provided in sections 144.010 to 144.525. Where the director of revenue has determined that suit must be filed against any person for the collection of delinquent taxes due the state under the state sales tax law, and where such person is also delinquent in payment of taxes under the local sales tax law, the director of revenue shall notify the taxing entity in the event any person fails or refuses to pay the amount of any local sales tax due so that appropriate action may be taken by the taxing entity.

17. Where property is seized by the director of revenue under the provisions of any law authorizing seizure of the property of a taxpayer who is delinquent in payment of the tax imposed by the state sales tax law, and where such taxpayer is also delinquent in payment of any tax imposed by the local sales tax law, the director of revenue shall permit the taxing entity to join in any sale of property to pay the delinquent taxes and penalties due the state and to the taxing entity under the local sales tax law. The proceeds from such sale shall first be applied to all sums due the state, and the remainder, if any, shall be applied to all sums due such taxing entity.

18. If a local sales tax has been in effect for at least one year under the provisions of the local sales tax law and voters approve reimposition of the same local sales tax at the same rate at an election as provided for in the local sales tax law prior to the date such tax is due to expire, the tax so reimposed shall become effective the first day of the first

calendar quarter after the director receives a certified copy of the ordinance, order or resolution accompanied by a map clearly showing the boundaries thereof and the results of such election, provided that such ordinance, order or resolution and all necessary accompanying materials are received by the director at least thirty days prior to the expiration of such tax. Any administrative cost or expense incurred by the state as a result of the provisions of this subsection shall be paid by the city or county reimposing such tax.

**32.088. 1.** Beginning January 1, 2012, the possession of a statement from the department of revenue stating no tax is due under chapters 142, 143, 144, 147, and 149, and that no fees are due under sections 260.262 or 260.273, shall be a prerequisite to the issuance or renewal of any city or county occupation license or any state license required for conducting any business. The statement of no tax due shall be dated no longer than ninety days before the date of submission for application or renewal of the city or county license.

**2.** Beginning January 1, 2012, in lieu of subsection 1 of this section, the director may enter into an agreement with any state agency responsible for issuing any state license for conducting any business requiring the agency to provide the director of revenue with the name and Missouri tax identification number of each applicant for licensure within one month of the date the application is filed or at least one month prior to the anticipated renewal of a licensee's license. If such licensee is delinquent on any taxes under chapters 142, 143, 144, 147, and 149, or fees under sections 260.262 or 260.273, the director shall then send notice to each such entity and licensee. In the case of such delinquency or failure to file, the licensee's license shall be suspended within ninety days after notice of such delinquency or failure to file, unless the director of revenue verifies that such delinquency or failure has been remedied or arrangements have been made to achieve such remedy. The director of revenue shall, within ten business days of notification to the governmental entity issuing the license that the delinquency has been remedied or arrangements have been made to remedy such delinquency, send written notification to the licensee that the delinquency has been remedied. Tax liability paid in protest or reasonably founded disputes with such liability shall be considered paid for the purposes of this section.

**32.383. 1.** Notwithstanding the provisions of any other law to the contrary, with respect to taxes administered by the department of revenue and imposed in chapters 143 and 144, an amnesty from the assessment or payment of all penalties, additions to tax, and interest shall apply with respect to unpaid taxes or taxes due and owing reported and paid in full from August 1, 2011, to October 31, 2011, regardless of whether previously assessed, except for penalties, additions to tax, and interest paid before August 1, 2011. The amnesty shall apply only to state tax liabilities due or due but unpaid on or before December 31, 2010, and shall not extend to any taxpayer who at the time of payment is a party to any criminal investigations or to any civil or criminal litigation that is pending in any court of the United States or this state for nonpayment, delinquency, or fraud in relation to any state tax imposed by this state.

**2.** Upon written application by the taxpayer, on forms prescribed by the director of revenue, and upon compliance with the provisions of this section, the department of revenue shall not seek to collect any penalty, addition to tax, or interest that may be applicable. The department of revenue shall not seek civil or criminal prosecution for any taxpayer for the taxable period for which the amnesty has been granted, unless subsequent investigation or audit shows that the taxpayer engaged in fraudulent or criminal conduct in applying for amnesty.

**3.** Amnesty shall be granted only to those taxpayers who have applied for amnesty within the period stated in this section, who have filed a tax return for each taxable period for which amnesty is requested, who have paid the entire balance due within sixty days of approval by the department of revenue, and who agree to comply with state tax laws for the next eight years from the date of the agreement. No taxpayer shall be entitled to a waiver of any penalty, addition to tax, or interest under this section unless full payment of the tax due is made in accordance with rules established by the director of revenue.

**4.** All taxpayers granted amnesty under this section shall comply with this state's tax laws for the eight years following the date of the amnesty agreement. If any such taxpayer fails to comply with all of this state's tax laws at any time during the eight years following the date of the agreement, all penalties, additions to tax, and interest that were waived under the amnesty agreement shall become due and owing immediately.

**5.** If a taxpayer elects to participate in the amnesty program established in this section as evidenced by full payment of the tax due as established by the director of revenue, that election shall constitute an express and absolute relinquishment of all administrative and judicial rights of appeal. No tax payment received under this section shall be eligible for refund or credit.

**6.** Nothing in this section shall be interpreted to disallow the department of revenue to adjust a taxpayer's tax return as a result of any state or federal audit.

7. All tax payments received as a result of the amnesty program established in this section, other than revenues earmarked by the Constitution of Missouri or this state's statutes, shall be deposited in the state general revenue fund.

8. The department may promulgate rules or issue administrative guidelines as are necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after July 1, 2011, shall be invalid and void.

32.385. 1. The director of revenue and the commissioner of administration may jointly enter into a reciprocal collection and offset of indebtedness agreement with the federal government, under which the State will offset from state tax refunds and from payments otherwise due to vendors and contractors providing goods or services to state departments, agencies, or other state agencies non-tax debt owed to the federal government; and the federal government will offset from federal payments to vendors, contractors, and taxpayers debt owed to the state of Missouri.

2. When used in this section, the following words, terms, and phrases are defined as set forth herein:

(6) "Vendor payment" means any payment, other than a refund, made by the state to any person or entity, and shall include but shall not be limited to any expense reimbursement to an employee of the state; but shall not include a person's salary, wages, or pension.

3. Under the offset agreement, a federal official may:

(1) Certify to the state of Missouri the existence of a person's delinquent non-tax liability owed by the person to the federal government; and

(2) Request that the state of Missouri withhold any refund and vendor payment to which the person is entitled.

(3) Certify and request the state of Missouri to withhold a refund or vendor payment only if the laws of the United States:

(a) Allow the state of Missouri to enter into a reciprocal agreement with the United States, under which the federal official would be authorized to offset federal payments to collect delinquent tax and non-tax debts owed to the state; and

(b) Provide for the payment of the amount withheld to the state.

(4) Retain a portion of the proceeds of any collection setoff as provided under the setoff agreement.

4. Under the offset agreement, a certification by a federal official to the state of Missouri shall include:

(2) the social security number or federal tax identification number;

(3) the amount of the non-tax liability; and

(4) a statement that the debt is past due and legally enforceable in the amount certified.

5. If a person for whom a certification is received from a federal official is due a refund of Missouri tax or a vendor payment, the agreement may provide that the state of Missouri shall:

(1) withhold a refund or vendor payment that is due a person whose name has been certified by a federal official;

(2) in accordance with the provisions of the offset agreement, notify the person of the amount withheld in satisfaction of a liability certified by a federal official;

(3) pay to the federal official the lesser of:

(a) the entire refund or vendor payment; or

(b) the amount certified; and

(4) pay any refund or vendor payment in excess of the certified amount to the person.

6. Under the agreement, the director of revenue shall:

(1) certify to a federal official the existence of a person's delinquent tax or non-tax liability due the state owed by the person to any state agency;

(2) request that the federal official withhold any eligible vendor payment to which the person is entitled; and

(3) provide for the payment of the amount withheld to the state.

7. A certification by a state agency to the director of revenue and by the director of revenue to the federal official under the offset agreement shall include:

(1) the full name and address of the person and any other names known to be used by the person;

(2) the social security number or tax identification number;

(3) the amount of the tax or non-tax liability;

(4) a statement that the debt is past due and legally enforceable in the amount certified; and

(5) any other information required by federal statute or regulation applicable to the collection of the debt by offset of federal payments.

8. Any other provisions of law to the contrary notwithstanding, the director of revenue and the commissioner of administration shall have the authority to enter into reciprocal agreements with any other state which extends a like comity to this state to set off offset from state tax refunds and from payments otherwise due to vendors and contractors providing goods or services to state departments, agencies, or other state agencies non-tax debt for debts due the other state that extends a like comity to this state.

32.410. As used in sections 32.410 to 32.460, the following terms shall mean:

(1) "Debt", an amount owed to the state directly or through a state agency, on account of a fee, duty, lease, direct loan, loan insured or guaranteed by the state, rent, service, sale of real or personal property, overpayment, fine, assessment, penalty, restitution, damages, interest, tax, bail bond, forfeiture, reimbursement, liability owed, an assignment, recovery of costs incurred by the state, or any other source of indebtedness to the state;

(2) "Debtor", an individual, a corporation, a partnership, an unincorporated association, a limited liability company, a trust, an estate, or any other public or private entity, including a state, local, or federal government, or an Indian tribe, that is liable for a debt or against whom there is a claim for a debt;

(3) "Department", the department of revenue;

(4) "State agency", any division, board, commission, office, or other agency of the state of Missouri, including public community college districts and any state or municipal court.

32.420. 1. Notwithstanding any other provision of law to the contrary, all state agencies may refer to the department for collection debts owed to them. The department may provide collection services on debts referred to the department by a state agency. This authority shall not supersede the authority granted to the attorney general under section 27.060 or any other statute.

2. A referring agency may refer the debt to the department for collection at any time after a debt becomes delinquent and uncontested and the debtor shall have no further administrative appeal of the amount of the debt. Methods and procedures for referral shall be governed by an agreement between the referring agency and the department.

3. The collection procedures and remedies under this chapter are in addition to any other procedure or remedy available by law. If the state agency's applicable state or federal law requires the use of a particular remedy or procedure for the collection of a debt, that particular remedy or procedure shall govern the collection of that debt to the extent the procedure or remedy is inconsistent with this chapter.

4. The state agency shall send notice to the debtor by United States regular mail at the debtor's last known address at least twenty days before the debt is referred to the department. The notice shall state the nature and amount of the debt, identify to whom the debt is owed, and inform the debtor of the remedies available under this chapter or the state agency's own procedures.

**32.430. 1.** Except as otherwise provided in this section, the department shall have the authority to use all general remedies afforded creditors of this state in collection of debt as well as any remedies afforded the state agency referring the debt and to the state in general as a creditor. The department shall not have authority to prosecute or defend civil actions on behalf of any other state agency, except as necessary to defend any challenges made to actions under section 143.902 or section 140.910 for a debt referred by a state agency or to prosecute an action under subsection 10 of section 140.910.

**2.** In addition to the remedies identified in sections 32.410 to 32.460, the department may use the collection remedies afforded under section 143.902 and section 140.910 in the collection of any state debt referred to the department.

**3.** The department may employ department staff and attorneys, and at the department's discretion, prosecuting attorneys and private collection agencies as authorized in sections 136.150 and 140.850 in seeking collection of debts referred to the department by a state agency.

**32.440. 1.** The department shall add to the amount of debt referred to the department by a state agency the cost of collection which shall be ten percent of the total debt referred by the state agency. The department shall have the same authority to collect the cost of collection as the department has in collecting the debt referred by the state agency.

**2.** The cost of collection shall only be waived when:

**(1)** Within thirty days after the initial notice to the debtor by the department, the debtor establishes to the department reasonable cause for the failure to pay the debt prior to referral of the debt to the department, enters into an agreement satisfactory to the department to pay the debt in full, and fully abides by the terms of that agreement;

**(2)** A good faith dispute as to the legitimacy or the amount of the debt exists, and payment is remitted or an agreement satisfactory to the department to pay the debt in full is entered into within thirty days after resolution of the dispute, and the debtor fully abides by the terms of that agreement; or

**(3)** Collection costs have been added by the state agency and are included in the amount of the referred debt.

**3.** If the department collects an amount less than the total due, the payment shall be applied proportionally to collection costs and the underlying debt unless the department has waived this requirement for certain categories of debt. Collection costs collected by the department under this section shall be deposited in the general revenue fund.

**32.450.** The department may compromise state debt referred to the department in accordance with section 32.378 and any agreement with the referring agency.

**32.460.** The department and state agencies, including the judiciary, may exchange information, including the debtor's Social Security number, as is necessary for the successful collection of the state debt referred. The referring state agency shall follow all applicable federal and state laws regarding the confidentiality of information and records regarding the debtor. The confidentiality laws applicable to the particular information received and retained by each agency shall apply to the employees of the state agency and to the department when the information has been forwarded to the department.

**105.716. 1.** Any investigation, defense, negotiation, or compromise of any claim covered by sections 105.711 to 105.726 shall be conducted by the attorney general; provided, that in the case of any claim against the department of conservation, the department of transportation or a public institution which awards baccalaureate degrees, or any officer or employee of such department or such institution, any investigation, defense, negotiation, or compromise of any claim covered by sections 105.711 to 105.726 shall be conducted by legal counsel provided by the respective entity against which the claim is made or which employs the person against whom the claim is made. In the case of any payment from the state legal expense fund based upon a claim or judgment against the department of conservation, the department of transportation or any officer or employee thereof, the department so affected shall immediately transfer to the state legal expense fund from the department funds a sum equal to the amount expended from the state legal expense fund on its behalf.

**2.** All persons and entities protected by the state legal expense fund shall cooperate with the attorneys conducting any investigation and preparing any defense under the provisions of sections 105.711 to 105.726 by assisting such attorneys in all respects, including the making of settlements, the securing and giving of evidence, and the attending

and obtaining witness to attend hearings and trials. Funds in the state legal expense fund shall not be used to pay claims and judgments against those persons and entities who do not cooperate as required by this subsection.

3. The provisions of sections 105.711 to 105.726 notwithstanding, the attorney general may investigate, defend, negotiate, or compromise any claim covered by sections 105.711 to 105.726 against any public institution which awards baccalaureate degrees whose governing body has declared a state of financial exigency.

4. Notwithstanding the provisions of subsection 2 of section 105.711, funds in the state legal expense fund may be expended prior to the payment of any claim or any final judgment to pay costs of defense, including reasonable attorney's fees for retention of legal counsel, when the attorney general determines that a conflict exists or particular expertise is required, and also to pay for related legal expenses including medical examination fees, expert witness fees, court reporter expenses, travel costs and ancillary legal expenses incurred prior to the payment of a claim or any final judgment.

**5. Notwithstanding any other provision of law to the contrary, except for payments of less than ten thousand dollars for property damage, no funds shall be expended from the state legal expense fund for settlement of any liability claim except upon the production of a no tax due statement from the department of revenue by the party making claim or having judgment under section 105.711, which shall be satisfied from such fund. If the party is found by the director of revenue to owe a delinquent tax debt to the state of Missouri under the revenue laws of this state, after the payment of attorneys fees and expenses associated with creating the liability of the fund to the party, any remaining funds to be paid to the party from the state legal expense fund shall be offset to satisfy such tax debt before payment is made to the party making claim or having judgment.**

136.055. 1. Any person who is selected or appointed by the state director of revenue as provided in subsection 2 of this section to act as an agent of the department of revenue, whose duties shall be the processing of motor vehicle title and registration transactions and the collection of sales and use taxes when required under sections 144.070 and 144.440, and who receives no salary from the department of revenue, shall be authorized to collect from the party requiring such services additional fees as compensation in full and for all services rendered on the following basis:

(1) For each motor vehicle or trailer registration issued, renewed or transferred--three dollars and fifty cents and seven dollars for those licenses sold or biennially renewed pursuant to section 301.147;

(2) For each application or transfer of title--two dollars and fifty cents;

(3) For each instruction permit, nondriver license, chauffeur's, operator's or driver's license issued for a period of three years or less--two dollars and fifty cents and five dollars for licenses or instruction permits issued or renewed for a period exceeding three years;

(4) For each notice of lien processed--two dollars and fifty cents;

(5) No notary fee or other fee or additional charge shall be paid or collected except for electronic telephone transmission reception--two dollars.

2. The director of revenue shall award fee office contracts under this section through a competitive bidding process. The competitive bidding process shall give priority to organizations and entities that are exempt from taxation under Section 501(c)(3) or 501(c)(6) of the Internal Revenue Code of 1986, as amended, and political subdivisions, including but not limited to, municipalities, counties, and fire protection districts. The director of the department of revenue may promulgate rules and regulations necessary to carry out the provisions of this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subsection shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

3. All fees collected by a tax-exempt organization may be retained and used by the organization.

4. All fees charged shall not exceed those in this section. The fees imposed by this section shall be collected by all permanent offices and all full-time or temporary offices maintained by the department of revenue.

5. Any person acting as agent of the department of revenue for the sale and issuance of registrations, licenses, and other documents related to motor vehicles shall have an insurable interest in all license plates, licenses, tabs, forms and other documents held on behalf of the department.

**6. Any person acting as agent of the department of revenue for the collection of sales and use tax when required under sections 144.070 and 144.440 shall be entitled to deduct and retain an amount equal to two percent of the motor vehicle sales tax under section 144.140 to offset the actual cost incurred by such person, on behalf of the department of revenue, in the collection of such taxes in accordance with the provisions of Article IV, Section 30(b) of the Missouri Constitution.**

7. The fees authorized by this section shall not be collected by motor vehicle dealers acting as agents of the department of revenue under section 32.095 or those motor vehicle dealers authorized to collect and remit sales tax under subsection 8 of section 144.070.

[7.] 8. Notwithstanding any other provision of law to the contrary, the state auditor may audit all records maintained and established by the fee office in the same manner as the auditor may audit any agency of the state, and the department shall ensure that this audit requirement is a necessary condition for the award of all fee office contracts. No confidential records shall be divulged in such a way to reveal personally identifiable information.

**140.910. 1. In addition to any other remedy provided by law for the collection of delinquent taxes due the state of Missouri, if the director has filed a certificate of lien in the circuit court as provided by section 143.902, 144.380, or 144.690, the director or his or her designee may issue an order directing any person to withhold and pay over to the department assets belonging to, due, or to become due the taxpayer. The director or his or her designee shall not issue the administrative garnishment if the taxpayer has entered into a written agreement with the department for an alternative payment arrangement and the taxpayer is in compliance with the agreement.**

**2. An order entered under this section shall be served on the person or other legal entity either by regular mail or by certified mail, return receipt requested, or may be issued through electronic means, and shall be binding on the employer or other payor two weeks after mailing or electronic issuance of such service. The person or other entity in possession of assets belonging to, due, or to become due the taxpayer may deduct an additional sum not to exceed six dollars per month as reimbursement for costs, except that the total amount withheld shall not exceed the limitations contained in the federal Consumer Credit Protection Act, 15 U.S.C. 1673.**

**3. A copy of the order shall be mailed to the taxpayer at the taxpayer's last known address. The notice shall advise the taxpayer that the administrative garnishment has commenced and the procedures to contest such garnishment on the grounds that such garnishment is improper due to a mistake of fact by requesting a hearing within thirty days from mailing or electronic issuance of the notice. At such a hearing the certified records of the department shall constitute prima facie evidence that the director's order is valid and enforceable. If a prima facie case is established, the obligor may only assert as a defense mistake as to the identity of the taxpayer, mistake as to payments made, or existence of an alternative payment agreement for which no default has occurred. The taxpayer shall have the burden of proof on such issues. The taxpayer may obtain relief from the garnishment by paying the amount owed.**

**4. An employer or other payor shall withhold from the earnings or other income of each taxpayer the amount specified in the order. The employer or other payor shall transmit the payments as directed in the order within ten business days of the date the earnings, money due, or other income was payable to the taxpayer. For purposes of this section, "business day" means a day that state offices are open for regular business. The employer or other payor shall, along with the amounts transmitted, provide the date the amount was withheld from the taxpayer.**

**5. An order issued under subsection 1 of this section shall be a continuing order and shall remain in effect and be binding upon any employer or other payor upon whom it is directed until a further order of the director. The director shall notify an employer or other payor upon whom such an order has been directed whenever the deficiency is paid in full.**

**6. If the order is served on a person other than an employer or other payor, it shall be a lien against any money belonging to the taxpayer that is in the possession of the person on the date of service. The person other than an employer or other payor shall pay over any assets within ten business days of the service date of the order. A financial institution ordered to surrender an account shall be entitled to collect its normally scheduled account activity surcharges to maintain the account during the period of time the account is garnished. For purposes of this section, the interest of the taxpayer in any joint financial accounts shall be presumed to be equal to all other joint owners.**

**7. An order issued under subsection 1 of this section shall have priority over any other legal process under state law against the same income or other asset, except that where the other legal process is an order issued under section 452.350, 454.505, or 454.507, the withholding for child support shall have priority.**

**8. No person who complies with an order entered under this section shall be liable to the taxpayer, or to any other person claiming rights derived from the taxpayer, for wrongful withholding. A person who fails or refuses to withhold or pay the amounts as ordered under this section shall be liable to the state in a sum equal to the value of the wages or property not surrendered, but not to exceed the amount of tax deficiency. The director is hereby authorized to bring an action in circuit court to determine the liability of a person for failure to withhold or pay the amounts as ordered. If a court finds that a violation has occurred, the court may fine the person in**

an amount not to exceed five hundred dollars. The court may also enter a judgment against the person or other legal entity for the amounts to be withheld or paid, court costs, and reasonable attorney's surcharges.

9. The remedy provided by this section shall be available where the state or any of its political subdivisions is the employer or other payor of the taxpayer in the same manner and to the same extent as where the employer or other payor is a private party.

10. An employer shall not discharge, or refuse to hire or otherwise discipline, an employee as a result of an order to withhold and pay over certain money authorized by this section. If any such employee is discharged within thirty days of the date upon which an order to withhold and pay over certain money is to take effect, there shall arise a rebuttable presumption that such discharge was a result of such order. This presumption shall be overcome only by clear, cogent and convincing evidence produced by the employer that the employee was not terminated because of the order to withhold and pay over certain money. The director or his or her designee is hereby authorized to bring an action in circuit court to determine whether the discharge constitutes a violation of this subsection. If the court finds that a violation has occurred, the court may enter an order against the employer requiring reinstatement of the employee and may fine the employer in an amount not to exceed five hundred dollars. Further, the court may enter judgment against the employer for the back wages, costs, attorney's surcharges, and for the amount of taxes that should have been withheld and paid over during the period of time the employee was wrongfully discharged.

11. If a taxpayer for whom an order to withhold has been issued under subsection 1 of this section terminates the taxpayer's employment, the employer shall, within ten days of the termination, notify the department of the termination, shall provide to the department the last known address of the taxpayer, if known to the employer, and shall provide to the department the name and address of the taxpayer's new employer, if known. The director or his or her designee may issue an order to the new employer as provided in subsection 1 of this section.

12. For purposes of this section, "assets" include, but are not limited to, currency, any financial account or other liquid asset, and any income or other periodic form of payment due to a taxpayer regardless of source, including, but not limited to, wages, salaries, commissions, bonuses, workers' compensation benefits, disability benefits, payments pursuant to a pension or a retirement program, and interest.

144.083. 1. The director of revenue shall require all persons who are responsible for the collection of taxes under the provisions of section 144.080 to procure a retail sales license at no cost to the licensee which shall be prominently displayed at the licensee's place of business, and the license is valid until revoked by the director or surrendered by the person to whom issued when sales are discontinued. The director shall issue the retail sales license within ten working days following the receipt of a properly completed application. Any person applying for a retail sales license or reinstatement of a revoked sales tax license who owes any tax under sections 144.010 to 144.510 or sections 143.191 to 143.261 must pay the amount due plus interest and penalties before the department may issue the applicant a license or reinstate the revoked license. All persons beginning business subsequent to August 13, 1986, and who are required to collect the sales tax shall secure a retail sales license prior to making sales at retail. Such license may, after ten days' notice, be revoked by the director of revenue only in the event the licensee shall be in default for a period of sixty days in the payment of any taxes levied under section 144.020 or sections 143.191 to 143.261. Notwithstanding the provisions of section 32.057 in the event of revocation, the director of revenue may publish the status of the business account including the date of revocation in a manner as determined by the director.

2. The possession of a retail sales license and a statement from the department of revenue that the licensee owes no tax due under [sections 144.010 to 144.510 or sections 143.191 to 143.261] **section 32.088** shall be a prerequisite to the issuance or renewal of any city or county occupation license or any state license which is required for conducting any business [where goods are sold at retail]. The date of issuance on the statement that the licensee owes no tax due shall be no more than ninety days before the date of submission for application or renewal of the local license. The revocation of a retailer's license by the director shall render the occupational license or the state license null and void.

3. No person responsible for the collection of taxes under section 144.080 shall make sales at retail unless such person is the holder of a valid retail sales license. After all appeals have been exhausted, the director of revenue may notify the county or city law enforcement agency representing the area in which the former licensee's business is located that the retail sales license of such person has been revoked, and that any county or city occupation license of such person is also revoked. The county or city may enforce the provisions of this section, and may prohibit further sales at retail by such person.

4. In addition to the provisions of subsection 2 of this section, beginning January 1, 2009, **and until December 31, 2011**, the possession of a statement from the department of revenue stating no tax is due under sections 143.191 to 143.265 or sections 144.010 to 144.510 shall also be a prerequisite to the issuance or renewal of any city or county

occupation license or any state license required for conducting any business where goods are sold at retail. The statement of no tax due shall be dated no longer than ninety days before the date of submission for application or renewal of the city or county license.

5. Notwithstanding any law or rule to the contrary, sales tax shall only apply to the sale price paid by the final purchaser and not to any off-invoice discounts or other pricing discounts or mechanisms negotiated between manufacturers, wholesalers, and retailers.

168.071. 1. The state board of education may refuse to issue or renew a certificate, or may, upon hearing, discipline the holder of a certificate of license to teach for the following causes:

(1) A certificate holder or applicant for a certificate has pleaded to or been found guilty of a felony or crime involving moral turpitude under the laws of this state, any other state, of the United States, or any other country, whether or not sentence is imposed;

(2) The certification was obtained through use of fraud, deception, misrepresentation or bribery;

(3) There is evidence of incompetence, immorality, or neglect of duty by the certificate holder;

(4) A certificate holder has been subject to disciplinary action relating to certification issued by another state, territory, federal agency, or country upon grounds for which discipline is authorized in this section; [or]

(5) If charges are filed by the local board of education, based upon the annulling of a written contract with the local board of education, for reasons other than election to the general assembly, without the consent of the majority of the members of the board that is a party to the contract; or

**(6) Beginning, January 1, 2012, the government entity issuing a valid certificate of license to teach in Missouri under section 168.011, shall at least one time each year provide the name and Social Security number of each certificate holder or applicant for certificate of a license to teach in Missouri to the director of revenue. The director of revenue shall at least one time each year check the status of each certificate holder or applicant for certificate of a license to teach in Missouri against a database developed by the director to determine if all state income tax returns have been filed and all state income taxes owed have been paid. If such certificate holder or applicant for certificate of a license to teach in Missouri is delinquent on any state taxes, or has failed to file state income tax returns in the last three years, the director shall then send notice to the certificate holder or applicant for certificate of a license to teach in Missouri and the department of elementary and secondary education. In the case of such delinquency or failure to file, the certificate holder's license shall be suspended within ninety days after notice of such delinquency or failure to file, and the applicant for certificate's license shall not be issued unless the director of revenue verifies that such certificate holder or applicant for certificate has remedied such delinquency or failure or has made arrangements to achieve such remedy. The director of revenue shall, within ten business days of notification to the government entity issuing the certificate of license to teach, that the delinquency has been remedied or arrangements have been made to remedy such delinquency, and send written notification to the certificate holder or applicant for certificate that the delinquency has been remedied. Tax liability paid in protest or reasonably founded disputes with such liability shall be considered paid for the purposes of this section.**

2. A public school district may file charges seeking the discipline of a holder of a certificate of license to teach based upon any cause or combination of causes outlined in subsection 1 of this section, including annulment of a written contract. Charges shall be in writing, specify the basis for the charges, and be signed by the chief administrative officer of the district, or by the president of the board of education as authorized by a majority of the board of education. The board of education may also petition the office of the attorney general to file charges on behalf of the school district for any cause other than annulment of contract, with acceptance of the petition at the discretion of the attorney general.

3. The department of elementary and secondary education may file charges seeking the discipline of a holder of a certificate of license to teach based upon any cause or combination of causes outlined in subsection 1 of this section, other than annulment of contract. Charges shall be in writing, specify the basis for the charges, and be signed by legal counsel representing the department of elementary and secondary education.

4. If the underlying conduct or actions which are the basis for charges filed pursuant to this section are also the subject of a pending criminal charge against the person holding such certificate, the certificate holder may request, in writing, a delayed hearing on advice of counsel under the fifth amendment of the Constitution of the United States. Based upon such a request, no hearing shall be held until after a trial has been completed on this criminal charge.

5. The certificate holder shall be given not less than thirty days' notice of any hearing held pursuant to this section.

6. Other provisions of this section notwithstanding, the certificate of license to teach shall be revoked or, in the case of an applicant, a certificate shall not be issued, if the certificate holder or applicant has pleaded guilty to or been found guilty of any of the following offenses established pursuant to Missouri law or offenses of a similar nature

established under the laws of any other state or of the United States, or any other country, whether or not the sentence is imposed:

- (1) Any dangerous felony as defined in section 556.061 or murder in the first degree;
  - (2) Any of the following sexual offenses: rape; statutory rape in the first degree; statutory rape in the second degree; sexual assault; forcible sodomy; statutory sodomy in the first degree; statutory sodomy in the second degree; child molestation in the first degree; child molestation in the second degree; deviate sexual assault; sexual misconduct involving a child; sexual misconduct in the first degree; sexual abuse; enticement of a child; or attempting to entice a child;
  - (3) Any of the following offenses against the family and related offenses: incest; abandonment of child in the first degree; abandonment of child in the second degree; endangering the welfare of a child in the first degree; abuse of a child; child used in a sexual performance; promoting sexual performance by a child; or trafficking in children; and
  - (4) Any of the following offenses involving child pornography and related offenses: promoting obscenity in the first degree; promoting obscenity in the second degree when the penalty is enhanced to a class D felony; promoting child pornography in the first degree; promoting child pornography in the second degree; possession of child pornography in the first degree; possession of child pornography in the second degree; furnishing child pornography to a minor; furnishing pornographic materials to minors; or coercing acceptance of obscene material.
7. When a certificate holder pleads guilty or is found guilty of any offense that would authorize the state board of education to seek discipline against that holder's certificate of license to teach, the local board of education or the department of elementary and secondary education shall immediately provide written notice to the state board of education and the attorney general regarding the plea of guilty or finding of guilty.
8. The certificate holder whose certificate was revoked pursuant to subsection 6 of this section may appeal such revocation to the state board of education. Notice of this appeal must be received by the commissioner of education within ninety days of notice of revocation pursuant to this subsection. Failure of the certificate holder to notify the commissioner of the intent to appeal waives all rights to appeal the revocation. Upon notice of the certificate holder's intent to appeal, an appeal hearing shall be held by a hearing officer designated by the commissioner of education, with the final decision made by the state board of education, based upon the record of that hearing. The certificate holder shall be given not less than thirty days' notice of the hearing, and an opportunity to be heard by the hearing officer, together with witnesses.
9. In the case of any certificate holder who has surrendered or failed to renew his or her certificate of license to teach, the state board of education may refuse to issue or renew, or may suspend or revoke, such certificate for any of the reasons contained in this section.
10. In those cases where the charges filed pursuant to this section are based upon an allegation of misconduct involving a minor child, the hearing officer may accept into the record the sworn testimony of the minor child relating to the misconduct received in any court or administrative hearing.
11. Hearings, appeals or other matters involving certificate holders, licensees or applicants pursuant to this section may be informally resolved by consent agreement or agreed settlement or voluntary surrender of the certificate of license pursuant to the rules promulgated by the state board of education.
12. The final decision of the state board of education is subject to judicial review pursuant to sections 536.100 to 536.140.
13. A certificate of license to teach to an individual who has been convicted of a felony or crime involving moral turpitude, whether or not sentence is imposed, shall be issued only upon motion of the state board of education adopted by a unanimous affirmative vote of those members present and voting.”; and

*House Amendment No. 6*

AMEND House Committee Substitute for Senate Bill No. 59, Page 27, Section 475.555, Line 5, by inserting after all of said section and line the following:

“568.040. 1. A person commits the crime of nonsupport if such person knowingly fails to provide, without good cause, adequate support for his or her spouse; a parent commits the crime of nonsupport if such parent knowingly fails to provide, without good cause, adequate support which such parent is legally obligated to provide for his or her child or stepchild who is not otherwise emancipated by operation of law.

2. For purposes of this section:

(1) “**Arrearage**”, includes any reduction or abatement of a support obligation for the period of time from the filing of a modification until such modification is awarded if a reduction or abatement of the support obligation is applied to such time period. Arrearage also includes any amount waived by the custodial parent under an order of support issued by a court of competent jurisdiction or any authorized administrative agency;

(2) "Child" means any biological or adoptive child, or any child whose paternity has been established under chapter 454, or chapter 210, or any child whose relationship to the defendant has been determined, by a court of law in a proceeding for dissolution or legal separation, to be that of child to parent;

[(2)] (3) "Good cause" means any substantial reason why the defendant is unable to provide adequate support. Good cause does not exist if the defendant purposely maintains his **or her** inability to support;

[(3)] (4) "Support" means food, clothing, lodging, and medical or surgical attention;

[(4)] (5) It shall not constitute a failure to provide medical and surgical attention, if nonmedical remedial treatment recognized and permitted under the laws of this state is provided.

3. Inability to provide support for good cause shall be an affirmative defense under this section. A person who raises such affirmative defense has the burden of proving the defense by a preponderance of the evidence.

4. The defendant shall have the burden of injecting the issues raised by subdivisions (2) and (4) of subsection 2 and subsection 3 of this section.

5. Criminal nonsupport is a class A misdemeanor, unless the total arrearage is in excess of an aggregate of [twelve] **eighteen** monthly payments due under any order of support issued by any court of competent jurisdiction or any authorized administrative agency, in which case it is a class D felony. **In the event that the revisor of statutes is notified by the director of economic development that the Missouri unemployment rate has remained at six percent or lower for six consecutive months, the limit on the aggregate of eighteen monthly payments shall become twelve monthly payments effective on the July first immediately following such notification.**

6. (1) If at any time a defendant **who is convicted of criminal nonsupport or who pleads guilty or nolo contendere to a charge of criminal nonsupport** is placed on probation or parole, there may be ordered as a condition of probation or parole that the defendant commence payment of current support as well as satisfy the arrearages. Arrearages may be satisfied first by making such lump sum payment as the defendant is capable of paying, if any, as may be shown after examination of defendant's financial resources or assets, both real, personal, and mixed, and second by making periodic payments. Periodic payments toward satisfaction of arrears when added to current payments due [may] **shall** be in such aggregate sums as is not greater than fifty percent of the defendant's adjusted gross income after deduction of payroll taxes, medical insurance that also covers a dependent spouse or children, and any other court or administrative ordered support, only.

(2) If the defendant fails to pay the [current] support and arrearages [as ordered] **under the terms of his or her probation**, the court may revoke probation or parole and then impose an appropriate sentence within the range for the class of offense that the defendant was convicted of as provided by law, unless the defendant proves good cause for the failure to pay as required under subsection 3 of this section.

(3) **If the defendant satisfies all current child support obligations as well as all periodic payments toward satisfaction of arrears for an additional twenty-four consecutive months after completion of probation or parole, any conviction of the defendant under this section may be expunged from the defendant's record.**

7. During any period that a nonviolent defendant is incarcerated for criminal nonsupport, if the defendant is ready, willing, and able to be gainfully employed during said period of incarceration, the defendant, if he or she meets the criteria established by the department of corrections, may be placed on work release to allow the defendant to satisfy defendant's obligation to pay support. Arrearages shall be satisfied as outlined in the collection agreement.

8. Beginning August 28, 2009, every nonviolent first- and second-time offender then incarcerated for criminal nonsupport, who has not been previously placed on probation or parole for conviction of criminal nonsupport, may be considered for parole, under the conditions set forth in subsection 6 of this section, or work release, under the conditions set forth in subsection 7 of this section.

9. Beginning January 1, 1991, every prosecuting attorney in any county which has entered into a cooperative agreement with the **child support enforcement service of the family support** division [of child support enforcement] shall report to the division on a quarterly basis the number of charges filed and the number of convictions obtained under this section by the prosecuting attorney's office on all IV-D cases. The division shall consolidate the reported information into a statewide report by county and make the report available to the general public.

10. Persons accused of committing the offense of nonsupport of the child shall be prosecuted:

(1) In any county in which the child resided during the period of time for which the defendant is charged; or

(2) In any county in which the defendant resided during the period of time for which the defendant is charged."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

**11.025. Any payment of contingency fees shall be posted on the attorney general's website within fifteen days after the payment of such contingency fees to the private attorney and shall remain posted on the website for at least three hundred sixty-five days.

7. Any private attorney under contract to provide services to the state on a contingency fee basis shall, from the inception of the contract until at least four years after the contract expires or is terminated, maintain detailed current records, including documentation of all expenses, disbursements, charges, credits, underlying receipts and invoices, and other financial transactions that concern the provision of such attorney services. (c) The name of the parties to the legal matter;

(d) The amount of any recovery; and

(e) The amount of any contingency fee paid.

(2) Include copies of any written determinations made under subsections 1 and 2 of this section.

The board may initiate a contested hearing to determine if reasonable cause exists to believe that a licensee or applicant is unable to practice his or her profession with reasonable skill and safety to the public by reason of medical or osteopathic incompetency, mental or physical incapacity, or due to the excessive use or abuse of alcohol or controlled substances:**

**(1) The board shall serve notice pursuant to section 536.067 of the contested hearing at least fifteen days prior to the hearing. Such notice shall include a statement of the reasons the board believes there is reasonable cause to believe that a licensee or applicant is unable to practice his or her profession with reasonable skill and**

safety to the public by reason of medical or osteopathic incompetency, mental, or physical incapacity, or due to the excessive use or abuse of alcohol or controlled substances;

(2) For purposes of this section and prior to any contested hearing, the board may, notwithstanding any other law limiting access to medical or other health data, obtain medical data and health records relating to the licensee or applicant without the licensee's or applicant's consent, upon issuance of a subpoena by the board. These data and records shall be admissible without further authentication by either board or licensee at any hearing held pursuant to this section;

(3) After a contested hearing before the board, and upon a showing of reasonable cause to believe that a licensee or applicant is unable to practice his or her profession with reasonable skill and safety to the public by reason of medical or osteopathic incompetency, mental, or physical incapacity, or due to the excessive use or abuse of alcohol or controlled substances the board may require a licensee or applicant to submit to an examination. The board shall maintain a list of facilities approved to perform such examinations. The licensee or applicant may propose a facility not previously approved to the board and the board may accept such facility as an approved facility for such licensee or applicant by a majority vote;

(4) For purposes of this subsection, every licensee or applicant is deemed to have consented to an examination upon a showing of reasonable cause. The applicant or licensee shall be deemed to have waived all objections to the admissibility of testimony by the provider of the examination and to the admissibility of examination reports on the grounds that the provider of the examination's testimony or the examination is confidential or privileged;

The licensee or applicant shall cause a report of the examination to be sent to the board;

(6) The licensee or applicant shall sign all necessary releases for the board to obtain and use the examination during a hearing and to disclose the recommendations of the examination as part of a disciplinary order;

(7) After receiving the report of the examination ordered in subdivision (3) of this subsection, the board may hold a contested hearing to determine if by clear and convincing evidence the licensee or applicant is unable to practice with reasonable skill or safety to the public by reasons of medical or osteopathic incompetency, reason of mental or physical incapacity, or due to the excessive use or abuse of alcohol or controlled substances. If the board finds that the licensee or applicant is unable to practice with reasonable skill or safety to the public by reasons of medical or osteopathic incompetency, reason of mental or physical incapacity, or excessive use or abuse of controlled substances, the board shall, after a hearing, enter an order imposing one or more of the disciplinary measures set forth in subsection 4 of section 334.100; and

(8) The provisions of chapter 536 for a contested case, except those provisions or amendments which are in conflict with this section, shall apply to and govern the proceedings contained in this subsection and the rights and duties of the parties involved. The person appealing such an action shall be entitled to present evidence under chapter 536 relevant to the allegations.

2. Failure to submit to the examination when directed shall be cause for the revocation of the license of the licensee or denial of the application. No license may be reinstated or application granted until such time as the examination is completed and delivered to the board or the board withdraws its order.

3. Neither the record of proceedings nor the orders entered by the board shall be used against a licensee or applicant in any other proceeding, except for a proceeding in which the board or its members are a party or in a proceeding involving any state or federal agency.

4. A licensee or applicant whose right to practice has been affected under this section shall, at reasonable intervals not to exceed twelve months, be afforded an opportunity to demonstrate that he or she can resume the competent practice of his or her profession or should be granted a license. The board may hear such motion more often upon good cause shown.

5. The board shall promulgate rules and regulations to carry out the provisions of this section.

6. For purposes of this section, "examination" means a skills, multidisciplinary, or substance abuse evaluation."; and

(4) No hearing in a contested case shall be had, except by consent, until a notice of hearing shall have been given substantially as provided in this section, and such notice shall in every case be given a reasonable time before the hearing. Such reasonable time shall be at least ten days except in cases where the public morals, health, safety or interest may make a shorter time reasonable; provided that when a longer time than ten days is prescribed by statute, no time shorter than that so prescribed shall be deemed reasonable;

**(5) When a holder of a license, registration, permit, or certificate of authority issued by the division of professional registration or a board, commission, or committee of the division of professional registration against whom an affirmative decision is sought has failed to plead or otherwise respond in the contested case and adequate notice has been given under this section upon a properly pled writing filed to initiate the contested case under this chapter, a default decision shall be entered against the holder of a license, registration, permit, or certificate of authority without further proceedings. The default decision shall grant such relief as requested by the division of professional registration, board, committee, commission, or office in the writing initiating the contested case as allowed by law. Upon motion stating facts constituting a meritorious defense and for good cause shown, a default decision may be set aside. The motion shall be made within a reasonable time, not to exceed thirty days after entry of the default decision. Further amend said bill, Pages 35 to 38, Section 536.070, Lines 1 to 93, by deleting all of said lines and inserting in lieu thereof the following:

"536.070. In any contested case:

(1) Oral evidence shall be taken only on oath or affirmation[.];

(2) Each party shall have the right to call and examine witnesses, to introduce exhibits, to cross-examine opposing witnesses on any matter relevant to the issues even though that matter was not the subject of the direct examination, to impeach any witness regardless of which party first called him **or her** to testify, and to rebut the evidence against him[.] **or her**;

(3) A party who does not testify in his **or her** own behalf may be called and examined as if under cross-examination[.];

(4) Each agency shall cause all proceedings in hearings before it to be suitably recorded and preserved. A copy of the transcript of such a proceeding shall be made available to any interested person upon the payment of a fee which shall in no case exceed the reasonable cost of preparation and supply[.];

(5) Records and documents of the agency which are to be considered in the case shall be offered in evidence so as to become a part of the record, the same as any other evidence, but the records and documents may be considered as a part of the record by reference thereto when so offered[.];

(6) Agencies shall take official notice of all matters of which the courts take judicial notice. They may also take official notice of technical or scientific facts, not judicially cognizable, within their competence, if they notify the parties, either during a hearing or in writing before a hearing, or before findings are made after hearing, of the facts of

which they propose to take such notice and give the parties reasonable opportunity to contest such facts or otherwise show that it would not be proper for the agency to take such notice of them[.];

(7) Evidence to which an objection is sustained shall, at the request of the party seeking to introduce the same, or at the instance of the agency, nevertheless be heard and preserved in the record, together with any cross-examination with respect thereto and any rebuttal thereof, unless it is wholly irrelevant, repetitious, privileged, or unduly long[.];

(8) Any evidence received without objection which has probative value shall be considered by the agency along with the other evidence in the case. The rules of privilege shall be effective to the same extent that they are now or may hereafter be in civil actions. Irrelevant and unduly repetitious evidence shall be excluded[.];

(9) Copies of writings, documents and records shall be admissible without proof that the originals thereof cannot be produced, if it shall appear by testimony or otherwise that the copy offered is a true copy of the original, but the agency may, nevertheless, if it believes the interests of justice so require, sustain any objection to such evidence which would be sustained were the proffered evidence offered in a civil action in the circuit court, but if it does sustain such an objection, it shall give the party offering such evidence reasonable opportunity and, if necessary, opportunity at a later date, to establish by evidence the facts sought to be proved by the evidence to which such objection is sustained[.];

(10) Any writing or record, whether in the form of an entry in a book or otherwise, made as a memorandum or record of an act, transaction, occurrence or event, shall be admissible as evidence of the act, transaction, occurrence or event, if it shall appear that it was made in the regular course of any business, and that it was the regular course of such business to make such memorandum or record at the time of such act, transaction, occurrence, or event or within a reasonable time thereafter. All other circumstances of the making of such writing or record, including lack of personal knowledge by the entrant or maker, may be shown to affect the weight of such evidence, but such showing shall not affect its admissibility. The term "business" shall include business, profession, occupation and calling of every kind[.];

(11) The results of statistical examinations or studies, or of audits, compilations of figures, or surveys, involving interviews with many persons, or examination of many records, or of long or complicated accounts, or of a large number of figures, or involving the ascertainment of many related facts, shall be admissible as evidence of such results, if it shall appear that such examination, study, audit, compilation of figures, or survey was made by or under the supervision of a witness, who is present at the hearing, who testifies to the accuracy of such results, and who is subject to cross-examination, and if it shall further appear by evidence adduced that the witness making or under whose supervision such examination, study, audit, compilation of figures, or survey was made was basically qualified to make it. All the circumstances relating to the making of such an examination, study, audit, compilation of figures or survey, including the nature and extent of the qualifications of the maker, may be shown to affect the weight of such evidence but such showing shall not affect its admissibility[.];

(12) Any party or the agency desiring to introduce an affidavit in evidence at a hearing in a contested case may serve on all other parties (including, in a proper case, the agency) copies of such affidavit in the manner hereinafter provided, at any time before the hearing, or at such later time as may be stipulated. Not later than seven days after such service, or at such later time as may be stipulated, any other party (or, in a proper case, the agency) may serve on the party or the agency who served such affidavit an objection to the use of the affidavit or some designated portion or portions thereof on the ground that it is in the form of an affidavit; provided, however, that if such affidavit shall have been served less than eight days before the hearing such objection may be served at any time before the hearing or may be made orally at the hearing. If such objection is so served, the affidavit or the part thereof to which objection was made, may not be used except in ways that would have been permissible in the absence of this subdivision; provided, however, that such objection may be waived by the party or the agency making the same. Failure to serve an objection as aforesaid, based on the ground aforesaid, shall constitute a waiver of all objections to the introduction of such affidavit, or of the parts thereof with respect to which no such objection was so served, on the ground that it is in the form of an affidavit, or that it constitutes or contains hearsay evidence, or that it is not, or contains matters which are not, the best evidence, but any and all other objections may be made at the hearing. Nothing herein contained shall prevent the cross-examination of the affiant if he **or she** is present in obedience to a subpoena or otherwise and if he **or she** is present, he **or she** may be called for cross-examination during the case of the party who introduced the affidavit in evidence. If the affidavit is admissible in part only it shall be admitted as to such part, without the necessity of preparing a new affidavit. The manner of service of such affidavit and of such objection shall be by delivering or mailing copies thereof to the attorneys of record of the parties being served, if any, otherwise, to such parties, and service shall be deemed complete upon mailing; provided, however, that when the parties are so numerous as to make service of copies of the affidavit on all of them unduly onerous, the agency may make an order specifying on what parties service of copies of such affidavit shall be made, and in that case a copy of such affidavit shall be filed with the agency and kept available for inspection and copying. Nothing in this subdivision shall prevent any use of affidavits that would be proper in the absence of this subdivision."; and

In case of such waiver by the agency and licensee, the recommendations of the commission shall become the order of the agency. The licensee may appear at said hearing and be represented by counsel. The agency may receive evidence relevant to said issue from the licensee or any other source. After such hearing the agency may order any disciplinary measure it deems appropriate and which is authorized by law. In any case where the commission fails to find any cause charged by the complaint for which the license may be suspended or revoked, the commission shall dismiss the complaint, and so notify all parties."; and

**2. The department shall review and revise its regulations governing hospital licensure and enforcement as to promote hospital and regulatory efficiencies and eliminate duplicative regulation and inspections by or on behalf of state and federal agencies. The hospital licensure regulations adopted under this section shall incorporate standards which shall include, but not be limited to, the following:**

**(1) Each citation or finding of a regulatory deficiency shall refer to the specific written and publicly available standard and associated written interpretative guidance that are the basis of the citation or finding;**

(2) Subject to appropriations, the department shall ensure that its hospital licensure regulatory standards are consistent with and do not contradict the federal Centers for Medicare and Medicaid Services' Conditions of Participation for hospitals and associated interpretive guidance;

(3) The department shall establish and publish a process and standards for complaint investigation, including but not limited to:

(a) A process and standards for determining which complaints warrant an onsite investigation based on a preliminary review of available information from the complainant and the hospital. The process and standards shall, at a minimum, provide for a departmental determination independent of any recommendation for investigation by or in consultation with the federal Centers for Medicare and Medicaid Services (CMS). For purposes of evaluating such process and standards, the number and nature of complaints filed and the recommended actions by the department and, as appropriate, CMS shall be disclosed upon request to hospitals, so long as the otherwise confidential identity of the complainant or the patient for whom the complaint was filed is not disclosed;

(b) The scope of a departmental investigation of a complaint shall be limited to the specific regulatory standard or standards raised by the complaint, unless a threat of immediate jeopardy of safety is observed or identified during such investigation;

(c) A hospital shall be provided with a report of all complaints made against the hospital. Such report shall include the nature of the complaint, the date of the complaint, the department conclusions regarding the complaint, the number of investigators and days of investigation resulting from each complaint;

(4) Subject to appropriations, the department shall designate adequate and sufficient resources to the annual inspection of hospitals necessary for licensure, including but not limited to resources for consultation services and collaboration with hospital personnel to facilitate improvements;

(5) Hospitals and hospital personnel shall have the opportunity to participate in:

(a) Training sessions provided to state licensure surveyors, which shall be provided at least annually subject to appropriations. Hospitals and hospital personnel shall assume all costs associated with their participation in training sessions and use of curriculum materials; and

(b) Training of surveyors assigned to inspection of hospitals to the fullest extent possible, including the training of surveyors previously designated as a surveyor specific, which resulted in the exclusion of all hospital personnel from such training sessions;

(6) The regulations shall establish specific time lines for state hospital officials to provide responses to hospitals regarding the status and outcome of pending investigations and regulatory actions and questions about interpretations of regulations. Such time lines shall be identical to, to the extent practicable, to the time lines established for the federal hospital certification and enforcement system in CMS's State Operations Manual, as amended.

3. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.

197.080. The department of health and senior services, with the advice of the state advisory council and pursuant to the provisions of this section and chapter 536, shall adopt, amend, promulgate and enforce such rules, regulations and standards with respect to all hospitals or different types of hospitals to be licensed hereunder as may be designed to further the accomplishment of the purposes of this law in promoting safe and adequate treatment of individuals in hospitals in the interest of public health, safety and welfare. No rule or portion of a rule promulgated under the authority of sections 197.010 to 197.280 shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

197.100. 1. The department of health and senior services shall annually inspect each licensed hospital [and] **but shall accept in lieu of an annual inspection reports of hospital inspections from other governmental and recognized accrediting organizations as authorized by this section. Recognizing accrediting organizations shall be those that have deemed status conferred by the Centers for Medicare and**

**Medicaid Services (CMS) to take the place of direct CMS oversight and enforcement. The department** shall make any other inspections and investigations as it deems necessary for good cause shown; **provided that, the scope of a departmental investigation of a complaint shall be limited to the specific regulatory standard or standards raised by the complaint, unless a documented threat of immediate jeopardy of safety is observed or identified during the investigation.** The department of health and senior services shall accept reports of hospital inspections from governmental agencies and recognized accrediting organizations [in whole or in part] for licensure purposes if[:

- (1) The inspection is comparable to an inspection performed by the department of health and senior services;
- (2) The hospital meets minimum licensure standards; and
- (3)] The accreditation inspection was conducted within [one year of the date of license renewal] **the term of accreditation authorized by the Centers for Medicare and Medicaid Services in granting deemed status to the recognized accrediting organization.**

The department of health and senior services shall attempt to schedule inspections and evaluations required by this section so as not to cause a hospital to be subject to more than one inspection in any twelve-month period from the department of health and senior services or any agency or accreditation organization the reports of which are accepted for licensure purposes pursuant to this section, except for good cause shown.

2. Other provisions of law to the contrary notwithstanding, the department of health and senior services shall be the only state agency to determine life safety and building codes for hospitals defined or licensed pursuant to the provisions of this chapter, including but not limited to sprinkler systems, smoke detection devices and other fire safety related matters so long as any new standards shall apply only to new construction.”; and

A seller shall not receive or collect any administrative or other fee from the purchaser for or in connection with an insurance-funded preneed contract, other than those fees or amounts assessed by the insurer. As of August 29, 2009, no preneed seller, provider, or agent shall use any existing preneed contract as collateral or security pledged for a loan or take preneed funds of any existing preneed contract as a loan for any purpose other than as authorized by this chapter.

3. Payments collected by or on behalf of a seller for an insurance-funded preneed contract shall be promptly remitted to the insurer or the insurer's designee as required by the insurer; provided that payments shall not be retained or held by the seller or preneed agent for more than thirty days from the date of receipt.

4. It is unlawful for a seller, provider, or preneed agent to procure or accept a loan against any insurance contract used to fund a preneed contract.

- (1) The purchaser or beneficiary shall be the owner of the insurance policy purchased to fund a preneed contract; and
- (2) An insurance-funded preneed contract shall be valid and enforceable only if the seller or provider is named as the beneficiary or assignee of the life insurance policy funding the contract.

8. If the proceeds of the life insurance policy exceed the actual cost of the goods and services provided pursuant to the nonguaranteed preneed contract, any overage shall be paid to the estate of the beneficiary, or, if the beneficiary received public assistance, to the state of Missouri.

436.455. 1. A joint account-funded preneed contract shall comply with sections 436.400 to 436.520 and the specific requirements of this section.

The financial institution shall hold, invest, and reinvest funds deposited under this section in other accounts offered to depositors by the financial institutions as provided in the written agreement of the purchaser and the seller, provided the financial institution shall not invest or reinvest any funds deposited under this section in term life insurance or any investment that does not reasonably have the potential to gain income or increase in value.

5. Income generated by preneed funds deposited under this section shall be used to pay the reasonable expenses of administering the account as charged by the financial institution and the balance of the income shall be distributed or reinvested upon fulfillment of the contract, cancellation or transfer pursuant to the provisions of this chapter.

6. Within fifteen days after a provider [and a witness certify to the financial institution in writing] **delivers a copy of a certificate of performance to the seller, signed by the provider and the person authorized to make arrangements on behalf of the beneficiary, certifying** that the provider has furnished the final disposition, funeral, and burial services and facilities, and merchandise as required by the preneed contract, or has provided alternative funeral benefits for the beneficiary under special arrangements made with the purchaser, the [financial institution shall distribute the deposited funds to the seller if the certification has been approved by the purchaser] **seller shall take whatever steps are required by the financial institution to secure payment of the funds from the financial institution.** The seller shall pay the provider within ten days of receipt of funds.

7. Any seller, provider, or preneed agent shall not procure or accept a loan against any investment, or asset of, or belonging to a joint account. As of August 28, 2009, it shall be prohibited to use any existing preneed contract as collateral or security pledged for a loan, or take preneed funds of any existing preneed contract as a loan or for any purpose other than as authorized by this chapter.

436.456. At any time before final disposition, or before the funeral or burial services, facilities, or merchandise described in a preneed contract are furnished, the purchaser may cancel the contract, if designated as revocable, without cause. In order to cancel the contract the purchaser shall:

(1) In the case of a joint account-funded preneed contract, deliver written notice of the cancellation to the seller [and the financial institution]. Within fifteen days of receipt of notice of the cancellation, the [financial institution shall distribute all deposited funds to the purchaser] **seller shall take whatever steps may be required by the financial institution to obtain the funds from the financial institution. Within fifteen days of receipt of notice of the cancellation, the seller shall notify the purchaser that the cancellation of the contract shall not cancel any life insurance funding the contract and that insurance cancellation is required to be made in writing to the insurer;

(3) In the case of a trust-funded preneed contract, deliver written notice of the cancellation to the seller and trustee. Within fifteen days of receipt of notice of the cancellation, the trustee shall distribute one hundred percent of the trust property including any percentage of the total payments received on the trust-funded contract that have been withdrawn from the account under subsection 4 of section 436.430 but excluding the income, to the purchaser of the contract;

(4) In the case of a guaranteed installment payment contract where the beneficiary dies before all installments have been paid, the purchaser shall pay the seller the amount remaining due under the contract in order to receive the goods and services set out in the contract, otherwise the purchaser or their estate will receive full credit for all payments the purchaser has made towards the cost of the beneficiary's funeral at the provider current prices."; and

*House Amendment No. 2*

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 270, Page 5, Section 115.293, Line 11, by inserting after all of said section and line the following:

“181.060. 1. The general assembly may appropriate moneys for state aid to public libraries, which moneys shall be administered by the state librarian, and distributed as specified in rules and regulations promulgated by the Missouri state library, and approved by the secretary of state.

2. At least fifty percent of the moneys appropriated for state aid to public libraries shall be apportioned to all public libraries established and maintained under the provisions of the library laws or other laws of the state relating to libraries. The allocation of the moneys shall be based on an equal per capita rate for the population of each city, village, town, township, urban public library district, county or consolidated library district in which any library is or may be established, in proportion to the population according to the latest federal census of the cities, villages, towns, townships, school districts, county or regional library districts maintaining public libraries primarily supported by public funds which are designed to serve the general public. No grant shall be made to any public library which is tax supported if the rate of tax levied or the appropriation for the library should be decreased below the rate in force on December 31, 1946, or on the date of its establishment. Grants shall be made to any public library if a public library tax of at least ten cents per one hundred dollars assessed valuation has been voted in accordance with sections 182.010 to 182.460 or as authorized in section 137.030 and is duly assessed and levied for the year preceding that in which the grant is made, or if the appropriation for the public library in any city of first class yields one dollar or more per capita for the previous year according to the population of the latest federal census or if the amount provided by the city for the public library, in any other city in which the library is not supported by a library tax, is at least equal to the amount of revenue which would be realized by a tax of ten cents per one hundred dollars assessed valuation if the library had been tax supported. Except that, no grant under this section shall be affected because of a reduction in the rate of levy which is required by the provisions of section 137.073, **or because of a voluntary reduction in the levy following the enactment of a district sales tax under section 182.802, if the proceeds from the sales tax equal or exceed the reduction in revenue from the levy.**

3. The librarian of the library together with the treasurer of the library or the treasurer of the city if there is no library treasurer shall certify to the state librarian the annual tax income and rate of tax or the appropriation for the library on the date of the enactment of this law, and of the current year, and each year thereafter, and the state librarian shall certify to the commissioner of administration the amount to be paid to each library.

4. The balance of the moneys shall be administered and supervised by the state librarian who may provide grants to public libraries for:

- (1) Establishment, on a population basis to newly established city, county city/county or consolidated libraries;
- (2) Equalization to city/county[,], urban public, county or consolidated libraries;
- (3) Reciprocal borrowing;
- (4) Technological development;
- (5) Interlibrary cooperation;
- (6) Literacy programs; and
- (7) Other library projects or programs that may be determined by the local library, library advisory committee and the state library staff that would improve access to library services by the residents of this state. Newly established libraries shall certify through the legally established board or the governing body of the city supporting the library and the librarian of the library to the state librarian the fact of establishment, the rate of tax, the assessed valuation of the

library district and the annual tax yield of the library. The state librarian shall then certify to the commissioner of administration the amount of establishment grant to be paid to the libraries and warrants shall be issued for the amount allocated and approved. The sum appropriated for state aid to public libraries shall be separate and apart from any and all appropriations made to the state library.

**182.802. 1. As used in this section, the following terms mean:**

(1) "Public library district", any city library district, county library district, city-county library district, municipal library district, consolidated library district, or urban library district;

(2) "Qualified voters" or "voters", any individuals residing within the public library district who are eligible to be registered voters and who have registered to vote under chapter 115, or, if no individuals are eligible and registered to vote reside within the proposed district, all of the owners of real property located within the proposed district who have unanimously petitioned for or consented to the adoption of an ordinance by the governing body imposing a tax authorized in this section. If the owner of the property within the proposed district is a political subdivision or corporation of the state, the governing body of such political subdivision or corporation shall be considered the owner for purposes of this section.

**2. The board of directors of any public library district located at least partially within the following counties may impose a tax as provided in this section:**

(1) Any county of the third classification without a township form of government and with more than forty thousand eight hundred but fewer than forty thousand nine hundred inhabitants;

(2) Any county of the third classification without a township form of government and with more than thirteen thousand five hundred but fewer than thirteen thousand six hundred inhabitants;

(3) Any county of the third classification without a township form of government and with more than thirteen thousand two hundred but fewer than thirteen thousand three hundred inhabitants;

(6) Any county of the third classification with a township form of government and with more than thirty-three thousand one hundred but fewer than thirty-three thousand two hundred inhabitants; or

(7) Any county of the third classification without a township form of government and with more than twenty thousand but fewer than twenty thousand one hundred inhabitants.

**3. The board of directors of any public library district described in subsection 1 of this section may, upon a majority vote of the board, impose a sales tax on all retail sales made within the district which are subject to sales tax under chapter 144. The tax authorized in this section shall not exceed one-half of one cent, and shall be imposed solely for the purpose of funding the operation and maintenance of public libraries within the boundaries of the district. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes.**

**4. No sales tax imposed under this section shall become effective unless the board of directors of the district submits to the voters within the district at a county or state general, primary, or special election a proposal to authorize the board of directors of the district to impose a tax under this section. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the calendar quarter immediately following the adoption of the sales tax. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.**

**5. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under this section.**

**6. The board of directors of any district that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the district. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.**

**7. If the tax is repealed or terminated by any means, all remaining revenues generated from the sales tax shall continue to be used solely for the designated purposes, and the board of directors shall retain for a period**

of one year two percent of the amount collected after the repeal or termination to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts.”; and
